PHILLIPS ACADEMY, ANDOVER, MASS., FEBRUARY 11, 1891

NO. 37

Communication.

Editors of Phillipian:

Dear Sir:—Will you kindly state that the undersigned has received at the hand of Mr. G. R. King, P.S. '91, the sum of \$35.50, in trust for Mrs. Chas. Fenlason and family. This handsome gift from students of Phillips deserves special notice as an expression of generous sympathy, and is hereby gratefully acknowledged in her behalf.

H. R. WILRUR.

Editors of Phillipian:

I would like to propose through your columns that the school take some action about getting a good school song. There is no doubt that a good rousing school song is needed. Almost every college in the country has its own college song, and they are very much used, especially in their celebrations and I feel sure that if the students of Phillips Academy had one they would find many occasions when they could use it with very good effect as for instance; when dancing around the bon-fire or on the senior sleigh ride. And, now that there is such a large surplus from the foot-ball team would it not be a good idea to try and get ten or fifteen dollars of this and get up a competition?

V. O. CAL.

Chapter 411, Andover (a) of A. A.

This is the name by which the new natural history society is known at the headquarters of the Agassiz Association, but its adopted name is the "Baird Memorial Chapter."

The second regular meeting was called to order on Monday evening, with the president in the chair, who made a few remarks upon assuming his position. After roll-call, the minutes of the preliminary and the first regular meetings were read and adopted. The corresponding secretary then read his reply from the president of the association, giving the name and letter as in the heading above. L. H. Porter then gave notice that in the required time he would make a motion to amend Art. VI of the constitution so that the affected clause shall read "may be levied by a two-thirds vote of members." Whitfield then gave a "five minutes talk" on the Grouse Family. This was followed by a lecture on Feathers by Woodman. The latter, which was illustrated by the microscope, had to be shortened more

than half, however, by the shortness of the time. It is impossible to get any good program into the time that is allowed the chapter, and it is earnestly hoped that as soon as the Faculty sees that the society is earnest in deserving of the privileges that an organization of its character should have, they will grant permission for it to extend its time beyond eight o'clock. After assignment of parts the meeting adjourned.

School Meeting.

At a meeting of the school held Saturday, President King presented, amid cheers, each member of the foot-ball eleven with a watch charm, as a remembrance of the victory which they won for the school.

The charm is in the shape of a foot-ball which is made of gold and bears the inscription:

P. A. A, 16.

P. E. A, 0.

1890.

(Players Name.)

The president read a letter from the secretary of the Yale Andover Club inviting a representative to be present at their supper February 25.

At a meeting held Tuesday morning, by motion of Sanford, Rustin was elected to represent the school.

Townsend tendered his resignation as manager of the base-ball nine, which on motion of Ogilvie, was accepted.

C. FRANCIS, Secretary.

College Base-Ball Schedule.

The annual convention of the American Base-Ball Association, in which Dartmouth, Amherst and Williams Colleges are represented, was held at the Quincy House, Boston Feb. 6th.

The delegates were made up of the managers and captains of Amherst and Dartmouth Colleges. Scorer of Dartmouth and Acting Captain of Williams.

The championship for 1890 was awarded to Williams. The officers for the ensuing year were chosen as follows: President J. B. Woodruff, manager of the Amherst team; vice-presidents, manager C. G. Dubois and Scorer J. J. Rollins of Dartmouth, secretary and treasurer manager C. G. Russell of Williams. Thomas H. Bond was chosen official umpire.

The schedule for the season is as follows:

May 6, Williams at Amherst,
May 13-14, Dartmouth at Williamstown.

May 22-23, Dartmouth at Amherst,
May 30, Amherst at Williamstown,
June 3-4, Williams vs. Dartmouth at Hanover.

June 10-11, Amherst vs. Dartmouth at Hanover.

June 22, Amherst at Williamstown,
June 23, Williams at Amherst.

The Williamstown Conference.

About eighty representatives of N. E. colleges were the guests of the Associations at Williams college from Saturday last until Monday; it being the ninth annual Conference of the N. E. college Y.M.C.A.

From welcome to parting the delegates were royally entertained. Especially the Andover delegates, Messrs. Hooker, '92, and White, '91, who, as soon as they arrived at their journey's end were received by Mr. C. G. Smith, P.A. '90, Williams, '94, and escorted to his home, where they were most hospitably entertained during their stay.

The exercises during the conference were in charge of College Secretary J. R. Mott. Many points of practical importance were emphasized, dangerous tendencies warned against, and much spiritual strength gained. "Spiritual Needs and Possibilities among Preparatory Schools," was ably discussed by F. K. Sanders, Ph.D., editor *Intercollegian*. This topic was of all perhaps the one of most interest to us. With all the growth of evil in the world and in the college world to-day, it must be said that the methods for inculcating health and godness into college life are progressing in a suggestive way. And now, with all the other great difficulties to be met by the grand intercollegiate movement, there arises this one of the preparatory schools. Its many and peculiar difficulties are lessening in the ratio of the attention given it and the nature of the problem is not such we trust, that it cannot be ultimately solved to the satisfaction of all involved in it and to the glory of God.

A closer union with other fitting schools and with the colleges is undoubtedly the first point to be gained. This will insure a certain degree of permanency in the work, an element in which some societies are sadly lacking. The forming of little nuclei comprising the colleges as centres with their affiliated schools was warmly

recommended by Mr. Sanders. With the co-operation of college men it would seem as though this plan were a long step toward the solving of this question.

The "weekly prayer meeting," "special meetings," "work for young men and claims on college men," with other topics were profitably discussed. The parlor conference held at the chapter house of Chi Psi, and Sigma Phi were greatly enjoyed. The topics at these meetings were "Bible Study," "Personal Work," and "Missions."

Notable addresses were these by State Secretary Colly, of Conn., on the claims of the general secretaryship upon young men; Requisites for Success in Christian Work and the confidential talk by S. M. Sayford; the Possibilities of the Intercollegiate Y. M. C. A., Mr. Mott.

At the farewell meeting Sunday evening among many others, President Carter gave a ringing address, emphasizing the need of the daily taking up of the cross in following the Master.

Andover as ever followed up conspicuously and the fact that many old Andover men were at the convention was not slow in being found out. Yale-Andover men present were McCormick, J. B. Hollister, Shaw and Bronson of '88, Stetson, '89, and A. B. Brown, '90, Spaulding, ex-P.A. '90; Williams-Andover, Hotchkiss, Luce, Ryder, Mills, Bartlett, C. G. Smith, Spaulding, Griffin, Blanchard, and Campbell; Harvard-Andover, W. F. Williams, with others. These with several others as guests made up a genuine Andover reunion at Delta Pri's on Saturday evening. Refreshments, singing and P.A. cheering were indulged in.

With many kind wishes the delegates left early Monday morning and thus closed the ninth gathering of Christian college men.

S. P. W.

Williams College will build a science building with the \$100,000 which has recently been left her.

Yale, Harvard, Princeton, and Columbia have made arrangements for holding entrance examinations in Paris during the present year.

The Amherst Glee Club will take a western trip during the latter part of March.

Columbia, Dartmouth and Williams have dispensed with Commencement orations.

THE ANDOVER PRESS, PRINTERS.

We desire to call the attention of the fellows to the communication found in another column with regard to getting a good school song. The idea is certainly a good one, and if the school is willing to appropriate a small sum from the foot-ball surplus for a prize, we see no reason why it could not be carried out. There is certainly enough poetical talent in school to produce the words, and if no one of the students is able to put them to music it could be done in Boston for a very small price. We hope that the school will take some action on this at once.

Now that part of the foot-ball surplus has been used in presenting every member of the team with miniature gold foot-balls, as memorials of the last victory, it will be necessary for some action on the part of the school, to be taken in regard to the disposal of the remainder, and as a meeting of the school will, very likely be called in a short time for such a purpose, we would like to call the attention of the fellows to the matter; also acquainting them with various needs of the school, for which the money could be used profitably.

The running track is not yet finished and part of the surplus could be used to advantage on it; the Athletic Association which is preparing for the winter tournament, is in need of funds, and such assistance would go far toward making the meeting more successful; the needs of the Tennis Association ought not to be overlooked, the society has taken quite a step forward this year, and the track of land enclosed by the running track is not any too large to accommodate the

school, if it were laid out in courts; in order to do this the association must have money. The appropriation of part as a prize to the fellow composing the best school song, as mentioned in the communication in another column is worthy of consideration. Perhaps it would not be put to the best possible use, if it were equally divided among the above mentioned societies, therefore it is the duty of every fellow in school to become acquainted with the facts and act accordingly. Other needs could be mentioned no doubt, but as it was raised for athletic purposes, we believe that it should be spent for the most part, in that way.

Intercollegiate Foot-Ball.

The Intercollegiate Foot-Ball Association met in Springfield, Feb. 6, and elected the following officers: President, O. B. Brown of Williams; vice-president, G. H. Lewis of Amherst; secretary, C. H. Gould of Dartmouth; treasurer, H. N. Williams of Boston Technology. The colleges represented were Williams, Amherst, Dartmouth, Technology and Bowdoin. The championship of 1890 was voted to Williams, and it was decided to hold future meetings in Boston.

Harvard Athletic Team.

Over one hundred men are at work at Harvard under the supervision of the trainer competing for the Athletic Team. All the men are required to take part in systematic gymnasium work supplemented by work outside, for the long distance runners, and practice in starting in the cage for the sprinters. Among the most promising candidates are: in the mile run White, Manly, Lowell and Cara. Of these White took third place at the Berkeley Oval last Spring. In the half and quarter, Wright is expected to improve on his excellent work of last year.

Lee and Fearing can be depended on in the hurdles as well as in the broad jump. Boss, '94, will try for the broad jump also. Finlay, Allen and Evans are training for the hammer and shot. The newly formed Bicycle Club has taken charge of the work in that department.

Look in at Bradley's and see the new style stiff hats. A new lot of those black Eaton caps just arrived.

Gentlemen's Clothes!

During January and February we shall make special prices for cash that will be very attractive to gentlemen who appreciate the finest grade of tailoring. We do this to avoid carrying over our heavy woollens to another winter, and also to make room for a large stock of new things for spring, which are already on the way from London. Bear in mind this refers to the finest imported goods, made in the very best manner, as we have no way of economizing on our materials or workmanship. We wish to sell every yard of heavy goods, and offer unusual chances for six weeks.
