Communication.

Editors of the Phillipian.

There is a plan which has been adopted by another academy that might be used to advantage here. When the base-ball subscriptions are being collected, the trustees also subscribe the sum of one hundred dollars. Any damages to school property such as the breaking of glass etc. during a celebration or at other times are subtracted from this amount and the remainder goes for the support of the nine. The consequence is that the institution and athletics derive much benefit because the abuse of school property is very slight and the base-ball funds are by so much increased. Would it not be well to give this plan a trial?

Lecture on Homer.

By an oversight we omitted to mention in our last issue the lecture on Homer given by Professor Palmer of Harvard, to the November Club last week in Abbot Academy Hall. The members of the senior class were invited and many availed themselves of the opportunity to attend.

To say that the lecture was enjoyed, is to express their praises but feebly. Many have expressed a deeper interest for their study of Homer since hearing Prof. Palmer's able address and beautiful interpretation of some of the finer passages and all wish to express their thanks to the ladies of the club for the opportunity thus given of hearing so prominent a Greek scholar.

Phillips, 3; Boston College, 10.

In spite of a cold, drizzly rain on Saturday the scheduled game with the Boston College nine was played and resulted in our visitors' favor by the above score. Jennings occupied the pitcher's points for the first six innings and then gave way to Turner who prevented our opponents from getting a hit.

Play was called at 3.40 P. M. with Phillips at the bat.

Rustin was the first man at the bat and received four bad balls, but was put out trying to take 3d on Sheffield's single. The latter stole 2d and owing to poor coaching was out trying to take 3d also. Hinkey struck out.—For Boston College, McGarth struck out. A base on balls, Burke's single and a passed ball, landed Stack on

3d where he was left as O'Niel struck out and Quirk retired, Jennings to Ketchum.

Second Inning. Quirk threw Ketchum's grounder to 1st. Walton fielded Murphy out and Millard flew to Dowd.—Boston College. Cronin hit an easy bounder to Ketchum. Stardigle was presented with a base on balls and Dowd's single moved him up to 2d. Walton missed connection with the ball, but McGarth and Stack made up for him by each lining out the ball for a two bagger, sending their runners home. Stack's hit would not have been so effective, if Crawford had not been so slow in the field. Burke retired, Jennings to Ketchum.

Third Inning. Dwight struck out. A poor throw by McGarth gave Crawford 1st and he was forced to 2d by Jennings getting hit by the ball. Quirk tried to catch Crawford napping at 2d, but instead threw the ball out into centre field, where Crowin fumbled and both runners came home. O'Niel captured Rustin's fly and Sheffield hit to Walton.—Boston College. Ketchum, assisted by Rustin and Hinkey, put out O'Niel and Quirk respectively. Cronin got a single and scored on Stardigle's three base hit, he also scored on Dowd's timely single. Walton as usual struck out.

Fourth Inning. Hinkey struck out. Ketchum hit to McGarth and retired, and Murphy struck out.—Boston College. Jennings threw McGarth out at 1st. Stack received four bad balls, stole 2d and 3d and ran in on Murphy's passed ball. Burke and O'Niel struck out.

Fifth Inning. McGarth's poor throw gave Millard a life. Dwight, strange to say, struck out. Millard was now through carelessness doubled at 2d on Crawford's easy fly to McGarth.—Boston College. Dwight took in Quirk's fly in good style. Cronin hit to centre and Millard's fumble gave him 2d going to 3d on Stardigle's sacrifice, he scored on Rustin's attempt to put Dowd out at 1st. Jennings struck Walton out.

Sixth Inning. Jennings struck out. Rustin hit to left and, assisted by Sheffield's sacrifice and two passed balls, scored. Hinkey laced it out for a single but Ketchum knocked a fly to Dowd.—Boston College. McGarth hit to left, moved up to 3d on Stack's single and scored on the throw in of Burke's fly. Stack stole 2d and scored on a wild pitch. Jennings error gave

O'Niel a life at 1st and a steal, a wild pitch, and Quirk's sacrifice sent him home. Cronin retired Hinkey to Ketchum.

Seventh Inning. Phillips did not score and as Turner was now put in the box, our visitors also failed to score.

Eighth Inning. Turner struck out. Burke caught Rustin's fly and McGarth threw Sheffield out at 1st.—Two fouls and an out stealing 2d retired the Boston College men.

Ninth Inning. Hinkey put up a fly for McGarth. Ketchum reached 1st on McGarth's error but Murphy fouled to Walton and Millard flew out to Quirk.

Appending is the official score.

Class Meetings.

At a meeting recently held by '91, the president appointed the following committees for class day: Executive: King, Wilkinson, Ogilvie. Financial: Thomson, Tyler, Francis. Printing: Yardley, Cox, Osgood. Music: Condit, Clark, Keeler. Decoration: Farnam, Colby, Auchincloss. At a meeting held Monday the following committee was appointed for the purpose of changing the class colors, Adams, Holbrook, Hodgdon.

Natural History Society.

The tenth regular meeting was held on Saturday evening, the president in the chair. After roll call the minutes of the previous meeting were read and approved. The committee on question-box reported that it was not thought best to have one, but that the questions could be given to the recording secretary, who would read them. The president then told the society that he had an invitation for the Chapter to spend next Thursday evening at the home of Mr Alden, in this village. Mr. Alden has a number of microscopes, and is quite interested in the subject, aside from his professional duties. The society enthusiastically accepted the invitation, and moved a vote of thanks to the gentleman. Brown resigned from the delegation to the State Assembly, and Semple was elected in his place.

The talks of the evening were by Robinson on the Cicada, and by Whitfield on Frogs. The essays were by G. G. Greene on Bees, and by Collins on Woodchucks. Two of the papers were illustrated. As the members have all had practical acquaintance with the subjects of their discourses they made them very interesting. The introduction to the Spring course of lectures on Vertebrates was given by Woodman, and was illustrated by a few specimens.

The Running Track.

The running track is fast nearing completion. A week or ten days at the most will be required to finish it and make it suitable to train upon. It remains to be seen whether it will be a fast or slow course. The fact that it is built on unlevel ground makes it deceiving to the eye, but by careful surveying, the level has been found to vary only the fraction of an inch. How the expense of keeping it in good condition is to be met, is a problem which must be solved in the near future.

It is an interesting fact that of the 345 colleges and universities reporting to the National Bureau of Education at Washington, 204 are co-educational. The same thing may be said of 38 out of 48 schools of science endowed by national land grant. Women at present constitute 55 per cent. of the undergraduates in this country.

PHILLIPIAN Board meeting is held Wednesday and Saturday noons.

THE ANDOVER PRESS, PRINTERS

It gives us pleasure to announce the election of Mr. F. E. Weyerhauser, P. A. '92, to the editorial staff of the PHILLIPIAN.

With this election the competition is practically closed to '92; there should have been some representatives of '93 elected at the same time, but none of them seemed to show any desire, judging by their contributions, to have their class proportionately represented on the board, and it is a self-evident fact that lack of interest alone has been the principal reason, because, since the beginning of the term, the competition has been quite spirited and if it continues so, the places on the board made vacant by the resignation of the seniors, can be filled probably before the end of the term. We would like, at this point, to make a few suggestions to those contributing. (1). Write distinctly and spell correctly. (2). Write only on one side of the paper. (3). Number every sheet when there are more than one. (4). Be clear and concise in statement.

One of the most discouraging sights to an average student is to see his school team defeated, not by the fine playing of their opponents, but through their own carelessness and listlessness. Such a sight as this was our misfortune to see on last Saturday afternoon. The nine was defeated, not by being fairly out played at every point but by sheer carelessness and inability to hit safely. There is some excuse for their weak batting but for their carelessness and seeming indifference there is no excuse whatever

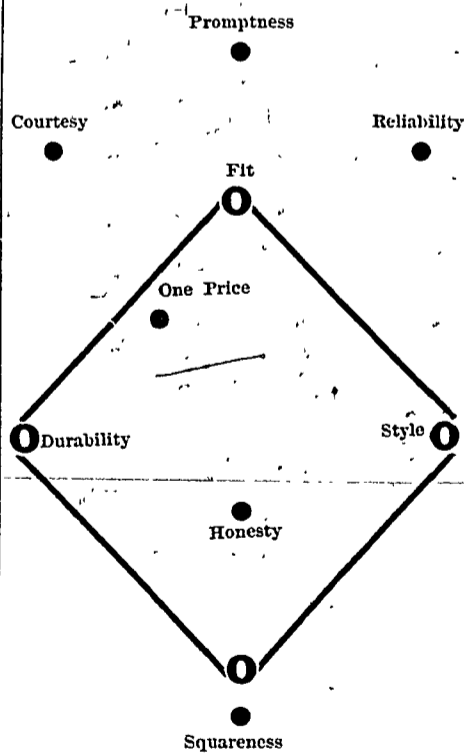

The coaching again was very poor, while any was being indulged in, but most of the time the men who were supposed to be coaching were perfectly quiet and two men were put out at 2d through the carelessness of the men who were coaching. The base running was also very careless and we should think that it was high time for a man to know what to do if he is on 1st and a little pop-fly is knocked to the second baseman when only one man is out. In criticising the game we should say that, aside from the weak batting, carelessness was their worst fault and we hope to see a decided improvement in this, in to-day's game.

Glee and Banjo Clubs in Haverhill.

On Friday evening the Glee and Banjo Clubs gave the last concert of the season in the Academy of Music at Haverhill before a small but enthusiastic audience. The programme throughout was the same as given at the concert here in Town and in the main the audience seemed well pleased with the numbers as given.

After the concert the members of the clubs enjoyed a drive home by way of Lawrence, which was enlivened at intervals by songs and cheers, arriving in Andover at 1 o'clock.

THE '91 NINE!

During the Easter vacation I made up a "team" for business purposes, which I am sure the students will admire and with which I am confident I can defeat "all comers." It is an "all star" aggregation that will win the pennant of popular approval and one that smiles at the efforts of even "leading" competitors. Come in at once and see my line of nobby spring woollens for suits, trousers, and overcoatings; my spring neckwear and the latest Earl & Wilson collars and cuffs.

A Youth.

There was a boy in Latin class
Who was most fond of sleep;
Whose ears and eyes wide open
He found hard work to keep.

This youth upon a certain day
Indulged in quite a nap,
When "Commy's" eye upon him fell,
His book was in his lap.

Of "Home sweet home" he dreamed.
Nor was he much to blame,
For he was very tired indeed
When "Commy" called his name.

The boy awoke and took his stand.
With dazed and sleepy face,
And then resumed his seat with
"Sir I've lost the place."

The Prof. was easy with the youth,
And told the line quite true,
And as the boy arose, he said,
"Sorry to disturb you."—X.
