Report of the Advisory Committee.

The Advisory Committee, having carefully considered the question left in their hands by the school at the close of the last term, as to what change, if any, should be made in the present system of managing the tennis and track athletics, respectfully present the following report:

(1) The Committee believes the existing system cumbersome by reason of too many officers and is strongly of the opinion that greater responsibility and more effective management will be secured by following more closely the plan of the foot-ball and base-ball departments.

(2) The Committee recommends that the athletic and tennis departments be consolidated and that the business of these departments be put in charge of a manager and two assistant managers, one of the latter to be a man interested in tennis, and that they divide the duties between them as may seem best to them.

(3) The Committee recommends that the dues charged for membership in the tennis and athletic associations be abolished and that the managers raise the necessary funds by subscription.

(4) The Committee further recommends that the school elect a manager and two assistants to enter into the immediate discharge of their duties, the term of office to continue throughout the school year.

Fall Handicap Tournament.

The second annual handicap meeting of the Track Athletic Association will take place on the upper campus Oct. 10. This meeting is held for the purpose of developing new material. Old members of the track team will compete from the scratch, while new men will be given handicaps according to records that they have made previously. Of the fourteen events given below, fellows will find that with practice they will be able to excel in one or more. It is hoped that a large number of fellows will try for the team this year.

The events will be as follows: 100-yard dash, 220-yard dash, 440-yard run, 880-yard run, mile run, mile walk, 120-yard hurdle, 220-yard hurdle, shot put, hammer throw, running broad jump, running high jump, pole vault, one mile bicycle race.

Base-ball.

The following men have come out in response to the call for pitchers and are pitching to Captain Drew on the campus nearly every afternoon: Phillips, Minton, Walker, Scates, Widdicomb, Potter, and Lyle. Lewis had his arm broken about eight weeks ago and will not pitch until the spring. Lyle comes from New York and Minton is from Kansas City where he played on an amateur team. Walker, Scates, Widdicomb, and Potter have pitched on the "street" teams with very good success. Drew, catcher, and Barnes, shot-stop, are the only members of the '94 team now in school.

Andover 32, Boston Latin School 5.

The foot-ball season of 1894 opened on Saturday with a game against Boston Latin School. The home team played loosely at times, her greatest fault being in the lack of interference; the backs did some brilliant work at running and line-breaking. Chadwell played well on the end and Mann at quarter. Maguire did the best work for Boston.

Andover led off with a kick and on recovering the ball in four downs slowly pushed to a touch-down. Elliott kicked goal. With the aid of the kick-off and small gains Boston got to within twenty-five yards of goal and Maguire kicked a goal from the field. Andover's kick off is returned by a kick and on gaining the ball a second time kicks again forcing Andover to make a safety.

After some delay over the rules Andover is given the ball. Durand and Chadwell make gains and Durand makes a long run around left end scoring a touch-down. Elliott kicks goal. No further scoring follows and the half closes with the score 12-6 in favor of Andover.

In the second half the home team seemed to brace up and scored twenty points with little trouble. Boston's kick off was returned by Durand and Andover gained it in four downs. Durand makes a touch-down but it is not allowed, Captain Benshimol claiming time. Andover loses the ball in four downs and Boston kicks, but the ball is brought back by Branch and Durand. From this time on Andover has it her own way, Branch and Lindenberger making touch-downs. During the game Greenway and Elliot

wer hurt and were replaced by Hill and Lindenberger.

College Examinations.

The following fellows started for New Haven last Sunday to take the Yale examinations: M. T. Adams, Hilton, Hodge, Upton, W. R. Kelley, Harvey, P. D. Kelley, Lourie, T. E. Franklin, Cumming, G. L. Young, A. W. Davis, R. P. Tyler, W. B. Smith, S. A. Smith, G. C. Greenway, Moon, S. G. Moon, Minor, Livingston, Stout, Hine, Alger, E. S. Lewis, and Grubb.

Last week Stratton and Cram took the Harvard examinations at Cambridge.

Exeter Foot Ball.

About forty men are now at work on the Exeter campus under Capt. Scannell's direction. At present the outlook for a good team is not bright, for though there is heavy material in the squad, many of the men have had little experience. Scannell, who is the only man of last year's team back, will play right tackle. Kasson, who was sub. last year, will probably fill Twombly's place at centre. One of the most promising candidates is Breen, who weighs 190 pounds and is trying for guard. Dobman is playing a hard game at right guard. At present Casey leads in the struggle for left tackle although Berwick and Whitney are playing a strong game at the same position. Gillespie is at right end. Of the end men Richardson is showing up the best, as he is a swift runner and breaks up interference well. Stack, sub-end last year, is improving.

Morton, Gibbons, and Hawkins are all trying for quarter-back. Morton has had more experience than the other two men but he fails to get into the plays. Holmes, a brother of Captain Holmes, promises to make a reliable half-back. Jack, who played several games last year, Shaw and Carr are playing at left half. Herrman will probably try his hand at full back in a few days.

Particular attention is being paid in daily practice to punting and kicking. Grouard, Gage, Holmes and Banmer have been coaching the past week.

Cross-Country Runs.

Cross-country runs will start from the Academy building every day at 4 o'clock, excepting on Wednesdays and Saturdays, when they will start at 2:30 o'clock.

Graduate Treasurer's Report.

The books of the Graduate Treasurer for the school year 1893-'94 make the following showing:

The Andover Press.

In connection with the fall handicap tournament, we wish to call attention to the mile walk, which is a new feature among us. The mile walk is one of the events at the Inter-Scholastic meeting, and it is important that we have representatives, as well as other schools. While the strain undergone in fast walking is too severe for young fellows, yet there are among us men well able to support this branch of athletics, in which we must not be behind.

We feel confident that we express the opinion of many in saying that we do not believe in uniting track athletics and tennis, as recommended by the Advisory Committee. It seems unwise to confound the two. It is proposed to have a *third* manager who will be in reality a *first* manager. Instead of simplifying matters, we feel assured that it will complicate things only the more. We do not see that the Athletic Association should have ascendancy over the Tennis Association, or that the members of the former association should dictate in any measure to the latter organization. We think it would be much better to have three managers for each association, the first manager only to confer with the Graduate Treasurer.

The Reading Room has always been a fruitful topic for discussion and we do not intend to dwell at length upon it. Nevertheless it is a convenience to the school which cannot be disregarded. It is surely time that a Reading Room under some management or other be started. The old way of managing affairs connected with the Reading Room was unsatisfactory, to say the least. We now need to place some responsible, faithful man in charge who for a fixed sum will see that a Reading Room exist not only in name but in reality. It would perhaps be best to call a school meeting before the close of the week to consider this matter.

The two literary societies are now on their feet and at work in earnest. The school publications, with the exception of the annual, have started on their year's work with prospects for a successful term. It now lies with the fellows at large whether these organizations shall have a healthy growth or not. We cannot urge too strongly those, who have any desire to ally themselves with any of these organizations, to do so *at once*. It is not a difficult matter to decide how much one can do beside the regular classroom work or what one wishes to take up.

Philo and Forum offer opportunities for self-culture which can be gained in no other way. It seems almost unnecessary to urge one who wishes to gain knowledge of parliamentary procedure and practice in debating and extemporaneous speaking, but it is the case. Let there be no false modesty about this matter but a true appreciation of the facts.

Stories, prose of a more serious kind, short sketches and verse will be published in the *Mirror*, but the matter published, to be representative, must be the best of much that has been contributed. The Editors cannot hope for results worthy of the school unless they are given even a more generous support than was accorded them last year. We ourselves have not felt an actual lack of support but certainly a more loyal spirit toward school enterprises and a greater appreciation of some benefit to be gained could be manifested by many who hang back. As the distributors of the school news we mean to do our best and we intend to have the news reach every man. We also wish to have the Board of Editors a representative one, if possible, and it is gratifying to find that so many of the Senior Class are taking hold with so much goodwill.

A Short Story.

In introducing my business to the newcomers, and in calling their attention to my stock and premises, I do not wish to overlook the old fellows whose generous favors in the past have rendered it possible for me to have such a complete Tailoring and Gent's Furnishing Store to invite them into. I desire to say that I am prepared to show a carefully selected stock of FINE AND MEDIUM WOOLEN goods for Fall and Winter wear, and that during the vacation we have added greatly to our facilities for producing fine work. We will, as in the past, pay strict attention to orders entrusted to our care, taking special care of orders for cleaning, repairing, and pressing; which are so essential for a well dressed student. We will call for and deliver goods when requested to do so. OUR FURNISHING DEPARTMENT will contain the choicest Furnishings, Hats, Caps, etc. AND LAST, OUR LAUNDRY. We pride ourselves on having a laundry that is second to none. If you have not already tried it do so the first chance you get. Our team calls three times each week, and returns the same promptly. — J. M. BRADLEY.
