'98 Class Dinner

The committee on the '98 class dinner and theatre party, Saturday, Feb. 19, have decided on "The Ballet Girl," which is playing at the Park Theatre. The dinner will be held the same evening at 6.30 P. M. at Young's Hotel, Boston. A special train will leave Andover for Boston at 12.16 P. M. and will leave Boston for Andover at 11.15 P. M..

I. C. A. A. Meeting.

H. H. Howe of Harvard, Oliver Shiras of Cornell, G. T. Kirby of Columbia and Murdock Kendrick of the University of Pennsylvania will meet in New York on Feb. 26, representing their colleges in the Intercollegiate Athletic Association. This committee has been at work for several months discussing the amendments favored by the majority of the members. Besides the many changes of the wording in the Constitution and By-laws, the most important amendment is the one relating to the training table, which provides that every athlete should pay a certain part of his board expenses; the same rate he has paid before taken to the table. Another is the substitution of three mile run for the mile walk, and putting the one mile run before the 440 yard event. Then an amendment will be offered that will change the method of scoring to the following: First place, 5 points; second place, 3 points; third place, 2 points; and a fourth place scoring one point but which shall have no prize.

Yale Crews.

The Varsity crew candidates have been out about two weeks and have shown a marked improvement. The work so far has only consisted in work in the tank under the coaching of R. J. Cook. The crews are using stationary seats this year, the sliding seats of last year proving unsatisfactory. There are about 25 candidates, five of whom rowed on the crew of last year. The number includes also the entire Freshman crew of last year. There are 42 candidates for the Freshman crew practising daily. J. O. Rodgers '98 has permanent charge of them, and the material gives promise of a very strong crew.

Lowell Concert.

The concert given at Lowell last night for the benefit of the Lowell General Hospital Aid Association was a complete success. Every number on the program was well received, especially the banjo solo by Mr. Janes. After the concert a very pleasant dance was given the club by the Association.

The program was as follows:

Reign of Love,	Paul Eno
BANJO CLUB.	
Wing Tee Wee,	Percy Lu Atherton
GLEE CLUB.	
Harp Sounds,	Pomeroy
MANDOLIN CLUB.

Lecture.

A very successful lecture was delivered last evening by Prof. William James, of Harvard University, at Abbot Academy. The lecture was enthusiastically received by a large audience of town people and Abbot students. The subject, "On a certain blindness in human beings," was discussed at length and will be continued in another lecture to be given next Friday evening.

Yale Souvenir.

The souvenirs for the Yale University Football team have arrived. They are somewhat simpler than those of previous years and of a more convenient size. They are three feet wide and two and a half feet deep, the framework is a band of solid oak and in the middle is the picture of the University football team and around this are the individual pictures of those who took part in the Yale-Harvard or Yale-Princeton game of last year. The score of each game being printed beneath the group picture.

The annual dinner of the Yale Alumni Association was held in Boston last Thursday night. Among the speakers were Pres. Dwight of Yale and J. O. Rodgers P. A. '94, captain of the football eleven. He had as his toast "How it was done."

Forum.

President Smith called to order last night the sixth regular meeting of Forum. After a prayer by Webb-Mason opened the program with a declamation and Jones followed with a select reading. The debate was "Resolved: That mathematics are more desirable in education than the classics." Webb and Ryman upheld the affirmative, and Grinnell and Charwate the negative. The vote before debate was affirmative 5, negative 6, after debate affirmative 4, negative 12. An amendment was made to Article seven of the constitution which reads as follows: That the treasurer shall be empowered to post at his discretion the names of those members who have not paid their dues, fines etc, up to two weeks before the close of the term. Aldrich then closed the meeting with a critique.

Hockey Game.

The hockey game with Harvard on Wednesday was cancelled on account of no ice.

"Physical Education,"

Dr. Anderson of Yale has recently written a book entitled "Physical Education," A. D. Dana publisher. The book is a complete manual of gymnastics, their value and results. It is in four parts as follows: "Results of Physical Training," "Applied Physical Training," "Remedial Gymnastics," and "Measurements." It is profusely illustrated with diagrams, charts, etc., and should prove itself a valuable book to those interested in physical education at home or in the gymnasium.

The Managing Committee of the American School of Classical Studies in Rome has decided to award three fellowships during '97-'98, open to all Bachelors of Arts of any university or college in the United States and other Americans of similar attainments. First of \$600 awarded by the Archaeological Institute of America. Second of \$600, by the Managing Committee. Third of \$500 for the study of Christian archaeology, given by friends of the the school. Holders of these fellowships will be enrolled as regular members of the school and will be required to pursue the studies.

Philo.

The regular meeting of Philo was held last evening in Society Hall. The meeting was opened with a prayer by Chamberlain, after which Schweppe read an interesting selection. The question for debate was "Resolved that the shooting of the miners at Hazelton was justifiable." The affirmative was supporting by Galpin and Clark, the negative by Black and Peters. Several spoke from the house. After the vote was taken, the President gave his decision in favor of the negation.

Yale-Princeton Debate.

Last Saturday the question for the annual Yale-Princeton debate was announced as follows: "Resolved, That national party lines should be disregarded in the choice of the councils and administrative officials of American cities." The question was chosen by Princeton, and Yale will have the choice of sides. Princeton will propose twenty judges, and from that list Yale will select three regular judges and three alternates.

The contest will be held on March 25th, at Princeton.

SATURDAY FEBRUARY 12, 1898.

The matter of throwing snow-balls at those who go to and from recitations is one which is causing a good deal of discomfort of late.

It not only results in considerable destruction of school property, but oftentimes serious injuries are inflicted. A little reflection on the part of those who persist in doing this will certainly be sufficient to show the folly of it.

It is very unpleasant also for the track team candidates to be pelted with snow-balls when they are taking cross country runs. This is not the way Phillips Academy should reward its athletes who are striving to uphold the honor of the school on the track, but it should be done rather by encouragement and co-operation.

While this pastime may afford enjoyment to a few, it is a very great inconvenience to many.

Notwithstanding many and repeated reminders, the numerals still remain upon the Science Building as a disgrace to the class of '99, which has shown by their carelessness in this matter a lack of class spirit and pride that is deplorable. Not only is it a stain upon '99 but it reflects no credit upon the school as a whole, and if the

officers of '99 can not infuse enough life into its members to have these removed, it will probably be subjected to the additional disgrace of having them removed for them. Again while efforts are being made to produce athletic teams and other organizations, it must not be forgotten that the proper care and regard of the school buildings is no small part of our duty.

Golf Meeting.

The United States Intercollegiate Golf Association met on Saturday, Feb. 5, in New York City. J. H. Choates of Harvard, secretary, presided in the absence of R. Terriok, the president. J. H. Choates Jr. represented Harvard; L. P. Bayard and Vanderpool, Princeton; S. Morris, Columbia and W. R. Betts, Yale. The present officers were unanimously re-elected: Pell of Columbia; Murphy of Princeton and the president and secretary, ex-officio were elected to the executive committee. The president appointed two men from two different colleges as a committee to draw up a new system of scoring for the team matches, and to submit this system to the four colleges represented in the association to be ratified before March 1, '98. If no new system should be drawn up or a new one not ratified, the present system of scoring will be used. The annual tournament will be held March 4th, 5th, 6th, if necessary 7th.
