## SEVENTY-FIFTH ANNIVERSARY.

Preparations Now Going on for Philo's Great Celebration.

The Philomathean Society will celebrate its seventy-fifth anniversary this Spring during commencement week. Plans are now on foot by which this celebration will be made the grandest in the history of the society. All important arrangements will be made by a committee composed of members of the faculty. The anniversary exercises will be conducted by the Alumni association. A whole day during Commencement will be devoted to the exercises. Every attempt is being made to make this an event in the history of the school as well as of the society. All men who are members of Philo, and the senior members of Forum will be invited.

This celebration should be of great importance not only to Philo men but to every man in the academy, for the history of Philo is likewise a history of the school. All of the organizations which count for much in the literary life of the school had their beginning in the Philomathean society. The *Mirror*, PHILLIPIAN, *Pot-Pourri* and Dramatic Club were all born in Philo. Forum, Philo's worthy contemporary, is also a product of the Philomathean society.

The last celebration was held on the 13th of June in 1876 in the present academy building and was presided over by Rev. Dr. Ray Palmer. Many of the best men Philo ever turned out were present and took part in the celebration. An attempt is being made this year to get more of the old graduates back, who have become prominent since leaving here. Many promises have been received by the committee, and it appears now as though a large representation will be present. Dr. Bancroft is very anxious to have this celebration prove a grand success and will spare no pains to make this year an important one in the history of the school. This event will be somewhat after the fashion of Dr. Bancroft's 25th anniversary in '98. A memorial pamphlet was printed of the fiftieth anniversary and contained the speeches and addresses made by different speakers. An effort will be made to print a similar memorial this year with a record of the proceedings. The services of Prof. Churchill and

Mr. Stearns, both former presidents of Philo, will be solicited for the celebration.

The committee of arrangements from the society is H. H. Stebbins, G. W. Merrill and John Sweet.

### Philo.

Philo met last evening and after a prayer by Benedict it was voted that the trial debate be postponed until next term. Shirwin then delivered a declamation and Moore followed with a paper on "Topics of the week." After Gould had given a select reading, the debate resolved, "That the orator wields more power than the writer," was begun. Arnold, Noble, and Gerry supported the affirmative against Chittenden, Clarke, and Morse on the negative. Smith, Ballard, Bacon, Matthews, and Sherwin spoke from the house. The vote fell in favor of the negative. Crippen then read a critique of the meeting. The president gave notice that the meeting next week would be for the election of officers. The society adjourned.

### Forum.

Forum was opened last night with a prayer by Barsamian. After the roll call and reading of the minutes Bishop was elected Treasurer in place of Johnson who has left school. Smith then gave an extempore. Ryder followed with a select reading which was well rendered. Bishop was called upon for an extemporaneous speech. The debate followed, Resolved, "That the use of intoxicating liquors has tended more than slavery towards the degradation of mankind." O'Connor and Collins spoke on the affirmative, Park and Barsamian upheld the negative. F. J. O'Connor, Ryder, Beals, Howell and Azderian spoke from the house. The vote before the debate stood, affirmative 9 negative 4, after debate affirmative 7, negative 3. The chair gave his decision with the affirmative. The critique was then given by Beals. The meeting then adjourned.

The speakers for the next meeting will be, on the affirmative, Howell and Brownell; on the negative, McEwan and Azderian. Extempore, Wasson. Declamation, Mourad; Select Reading, Baker; Speech, Williams; Critique, Schick; Topics of the Week, Beals.

### Dr. Penniman's Talk.

On Tuesday morning at chapel we listened to a very interesting talk from Dr. Penniman, the Dean of the University of Pennsylvania. He began by saying that the ideal of every educated man ought to be "a life of service," and in order to accomplish this the better a college education is necessary. He then said that every one had certain potentialities, but the man who perseveres in what is hardest for him is the man who will first come to the front, and in this connection he told, as a simile, a little story about "Joseph and the yellow dog."

In closing Dr. Penniman showed what a fine thing the spirit of democracy which prevails in this school is, and said that "the man who goes around thanking God that he is not like other men will always be met by other men thanking God that he is not."

### A New Publication at Yale

A new publication known as the *Time Table* has been published by the authorities at Yale. It is a condensed pocket document, giving a list of the university officers, an alphabetical list of the Faculty with their courses, a map of New Haven and a list of the Yale publications. The *Time Table* will be printed twice a year. The first number shows that there are at present 214 members on the Faculty.

### Pot-Pourri Meeting.

On account of the small number of underclassmen trying for the positions of editors of the *Pot-Pourri* board, a special meeting will be held for new candidates from the lower classes on Monday at 12 o'clock in Room 5. There are two important positions which must be filled by underclassmen as both managerships will be vacant next year. As only two of the middle class are trying, it is hoped that more men will turn out from that class and also from the Junior Middle class.

All members of P. A. and P. S. 1902 who wish class-pins, will please hand in their names as soon as possible to Charvate, Yardley or Azderian.

### Cross Country Run

This afternoon the second cross country run will be held in the form of a Hare and Hound chase over a course of four or five miles.

The start will be made in front of the Academy building at 2.30. Contestants will report in Reading Room at 2.15.

PER ORDER.

### Harvard's New Boat-house.

Next year the Harvard crew will possess a new boat-house which will far surpass any that they have had. The graduates of Harvard living in New York have subscribed \$30,000, which is the cost of the building. The structure will have a frontage on the river of 140 feet, running back 100 feet and will contain all the modern improvements. On the ground floor there will be a large workshop, the larger part of the room being devoted to storage room for boats and shells.

A large rowing tank will occupy the other wing of the building. From a long hallway on the river side of the house two stairways will lead to the second floor, which will be devoted to lockers, anti-rooms, and shower baths. The house will be heated by steam and lighted by electricity. It is expected that it will be completed by January 1st.

### The Mirror Poster.

The prize of five dollars offered by the *Mirror* for the best design for a Christmas poster has been awarded to Dryer, 1901. The Lawrenceville football poster is sufficient proof of Mr. Dryer's ability in this line and the *Mirror* poster bids fair to surpass his previous effort. It will be printed in four colors on tinted paper and the *Mirror* board has spared no expense to give the design the careful presentation which its artistic merit deserves. The poster will be on sale next week at the usual price of twenty-five cents. It is hoped that every member of the school will purchase at least one poster as the expense of printing it has been very great.

### Pot Pourri

The following men are trying for the position of artist on the *Pot-Pourri*: Paine, Rinehart, Dryer, Barnes and Monrad.

THE ANDOVER PRESS.

Saturday, December 9, 1899.

The *Pot-Pourri* notice printed in today's PHILLIPIAN brings very forcibly before our minds the poor support given to the school papers by members of the lower classes. In the case of the *Pot-Pourri*, the two all-important positions of managing editor and business manager, must be filled next year by lower classmen. And although these elections are to occur in the middle of next month, only two candidates have as yet appeared from the middle class. The *Pot-Pourri* is one of the most important and popular publications of the school. A position on its board is a great honor to be eagerly sought after. A splendid opportunity is afforded for new men to turn out and a large number of candidates should present themselves on Monday. There can be no doubt about this year's issue being a success but it remains for the lower classes to show that they have men who possess the ability to take upon themselves the responsibility of the paper when the present senior class has graduated.

More men are urged to come out for all the publications. The two offices of business manager and managing editor on the PHILLIPIAN board, must be filled by entirely new men. All members who have any ability in this line are urged to try at the next competition.

It is indeed unfortunate for the school that we do not have more addresses like the one given by the Dean of the University of Pennsylvania on Thursday morning. We need to come in contact with men who make education and kindred subjects a life study. A good lecture now and then is just the thing to break the monotony and furnish something to think about aside from text books. We hope that we may have the opportunity of hearing other prominent men.

As the time draws near for the annual debate between Philo and Forum, everyone at all interested in debating should make a special effort to try for one of the two teams.

There are certainly many fellows in school who have ability in speaking and by the good work of those who have already taken part in Philo and Forum it is certain that the two teams which shall be selected will prove a credit to Andover.

The preliminary trial debate for Philo will take place early next term. The subject is, Resolved, "That the result of the Dreyfus case was of more benefit than injury to France." Forum will hold its preliminary debate soon after the Christmas vacation. The subject of the debate will be decided upon later.
