ANDOVER o. NEWTOWNE A. A. 6

Andover's Hockey Season Has a Dubious Opening.

The Newtowne A. A. defeated Andover in the first game of the season by the score of 6 to 0. Owing to Andover's lacking two very strong men, who could not play on account of deficiency in scholarship, the team work was very poor and showed either lack of practice or poor material.

The Newtowne Team, on the contrary, showed excellent team work and were all very fast, displaying much hard practice on their part. O'Day and Dousman undoubtedly played the best game for Andover, while Lyman and Connell did the best work for the visitors.

The game was called at 3.55 o'clock by Referee Dutcher. Newtowne started off with quick, snappy rushing and within 30 seconds of play, had scored their first goal. In about the same time they added one more to their list, and one more later on in this half.

Andover took a decided brace in the second half, but Newtowne scored three times, thus clinching the game. The final score was Andover 0, Newtowne A. A. 6.

The line-up:

ANDOVER		NEWTOWNE A. A.
Benedict		Connell
O'Day	Forwards	Lyman
Levy		Gunsenhisser
Dousman		Burns
Pitzipio	Cover point	Pipe
Silleck	Point	Saul
Solomon	Goal	Clarkson
Referee, Dutcher.	Time-keeper, Mr. Chase.	

Senior Committees.

The senior committees as appointed by President Merrill are: Music Committee; L. A. Gould, chairman, H. P. Dyer, H. B. Noble; Finance Committee; W. S. Cross, chairman, M. H. Durston, M. M. Cochrane; Printing Committee; F. L. Collins, chairman, F. E. Solomon, R. T. Davis; Gift Committee; E. W. Baker, chairman, H. H. Ballard, G. Landrus; Decoration Committee; H. L. Wadsworth, chairman, A. C. Bacon, E. S. Paine.

School Meeting.

At a school meeting held Tuesday morning, D. H. Wilson was elected second manager of the Track Association, and C. S. Fallows, second manager of the Tennis Association.

Vaudeville.

A regular variety show will be given in the Town hall on Jan. 13 by the fellows of the school, and it should be very interesting.

The program is as follows:

Solo	L. S. Tyler
Songs	Glee Club
"Coon Trio"	Seabury, Barney and Tyler
"Mysteries of Magic"	F. G. Becker
Illustrated songs	G. A. Childs
Solo	M. H. Durston
"Two Bums"	Sheldon and Childs
Sand Dance	G. R. Spencer
Farce in two acts entitled, "The Venerated Savage"	

The cast is composed of Hill, N. Bartlett, Becker, Ehrick, Einstein and Noble.

There has been a great deal of work in getting up a show of this kind, and the members have worked hard and conscientiously to make the affair a success. Every fellow in school should be present so as to help them out with their expenses, besides helping the Athletic Association.

Class Meeting.

At a meeting of P. A. and P. S., 1903, held Friday, the following officers were elected for the winter term: D. H. Botchford, President; F. O'Day, vice-president; J. M. Cates, sec'y; J. Levine, treasurer.

Harvard's Athletic Photographs at the Paris Exposition.

Harvard will send a series of photographs to the Paris Exposition, which will represent the football, rowing, tennis and track athletics of the University. The pictures selected are those which more clearly indicate the position of athletics on the field, and the amount of interest which is taken in them.

The list of views are as follows:

Football—Instantaneous views principally of the Brown game, and a general picture of a Yale game several years ago. Baseball—A photograph of the Princeton team on Holmes Field, two of batting practice and views of exterior and interior of the cage. Rowing—Snapshots of crews on the Charles, also a picture of an eight practicing in the tank in the "Old Carey" Building. Track—Two views of high jumping, and one of a runner starting. A bird's eye view of Jarvis Field with all the courts in use.

It was not considered advisable to send any groups.

Forum.

Ryder opened the regular meeting of Forum last Friday night with a prayer. After the roll call and reading of the minutes, the trials for the Philo-Forum debate took place. Mr. Benner and the Rev. Mr. Palmer acted as judges.

The debate: "Resolved—That the government of Cuba should be given over to the native Cubans," followed. E. W. Baker, P. L. Reed, Butkiewicz, and Ryder spoke on the affirmative and F. J. O'Connor, Burke, also F. L. Collins and Barsamian spoke on the negative. After the debate the names of Meisenbach, Sullivan and O'Nash were accepted for membership.

The judges decided in favor of Baker and F. J. O'Connor as leaders, and Butkiewicz and F. L. Collins as alternates of the debate.

The program for Friday night at Forum is as follows:

- Declamation, Smith.
- Extempore, Wallace.
- Select reading, McEwan.
- Speech, Collins.
- Critique, Irvine.
- Debate, "Resolved, That Labor Unions are detrimental to the best interests of Industry."
- Affirmative, Reed, Schick.
- Negative, Beals, Barsamian.

Philo

The regular meeting of Philo was held last Friday evening. Merrill offered prayer. After the roll call and reading of the minutes, the trial for the Philo-Forum debate was held. Mr. Pettee, Mr. Eaton and Mr. Terril were the judges. The subject for debate was, "Resolved, That the recent Dreyfus trial has been more injurious than beneficial to France."

The debate resulted in the selection of G. E. Merrill, leader and J. E. Sweet assistant.

The following names were proposed and accepted for membership: Merce-rean, Mahoney, Baxter, Esser, Myer, J. H. Williams and D. H. Wilson. Moore delivered a critique and the meeting adjourned.

Base-ball Notice

Battery candidates report at Gym at 2 p. m.

Harvard-Yale Boat Race.

At a meeting of the captains and managers of the Harvard and Yale University crews held in Cambridge on January 6, the details for the races at New London, next spring were decided upon. The following is the programme of the University, four-oared and Freshman crew races. All the races will be rowed down stream with the tide. The University race will be rowed on June 28 at 11.30 o'clock.

The race of the substitutes of the University crews will be rowed as soon after the University race as possible. The start will be at the beginning of the four-mile course.

The Freshman race will be rowed as soon as possible after the four oared-race. The starting point will be at the two mile mark of the four mile course.

The change of order of the University race from last event to first was made necessary this year on account of the tide. The referee and other officers of the regatta have not yet been chosen.

Statistical Blank Notice.

In the last issue of the PHILLIPIAN it was stated that the blanks should be returned to G. E. Merrill. From now till Saturday, when all blanks must be in, they can be handed in to G. E. Merrill or to the Class Book editors, H. H. Stebbins, F. J. O'Connor, C. Garrison and H. Drummond.

Class Meeting.

At a meeting of P. S. 1902, held Saturday, the following officers were elected:

- President, W. M. Davis.
- Vice President, L. Fox.
- Secretary, W. M. Silleck.
- Treasurer, A. R. Brennan.

Battery Candidates.

The following men reported as battery candidates at the Gym. last Saturday: H. L. Mains, Andover team '99, E. L. Lanigan, Andover team '99, C. Coonley, Staten Island Academy team, C. G. Stevens, Hyde Park High School team, Moon, J. R. Bloomer, B. Winslow, Andover team '99, W. M. Silleck, P. L. Reed, Punchard High School team.

A very few fellows have turned out in response to Captain Crawford's call for track and field men.

Crawford made an appeal in Chapel last week and Dr. Bancroft added a few words of exhortation along the same line, but even this did not seem to move the fellows.

Our chances are good for a fine track team this season, but these chances will not be realized unless a very great many more men report for practice. As it has been said many times before, come out even if you have never done anything or think you cannot do anything. So many instances of fellows who have thought this way and who have turned out to be good men have been cited, that it is useless to mention them here.

Come out if only for the exercise, you may find that you can do something in one of the events and an A is a big prize to work for.

The Exeter men have been keeping themselves hard by training steadily all the season and are in prime condition.

In order to overcome this handicap we must go out immediately and settle down to good steady training.

Although the hockey team suffered defeat in its first game the members of it should not be discouraged. It was an uphill game, pluckily fought by the team, against a team which is as good as any, if not the best, New England team. It must be remembered that Newtowne generally defeats Harvard. Neither should this defeat take away interest in the team from the student body. The team needs the support of the whole school. Hockey is being played more and more each year in the colleges. The hockey team is just as much a representative of Andover as the football or baseball team, so let the fellows encourage the team in every way possible.

No Race with Harvard and Yale.

Those who had suspicions, that Harvard and Yale had sent a challenge to Cornell for a boat race this year were relieved of their doubts yesterday by a statement of Freddie Colson, now chairman of Cornell's rowing committee. Reports from the eastern institutions had it that the rowing authorities there were expecting to hear from Cornell. Mr. Colson stated, however, that Cornell has heard nothing from either Yale or Harvard regarding boat races, nor had there been any negotiation either direct or indirect. Cornell has not, at any time, expected or intended to enter a crew at New London for the same reasons that she refused to row there a year ago.

Invention of Submarine Light.

An order has just been received by the inventors of the Yale sub-marine lamp, from the Russian Government. This marks the last of the leading European powers to order an invention of Yale under-graduates, which attracted the attention of the scientific world. The lamp was invented by F. C. Hall jr., '99, S, and I. E. Burdick 1900 S. During the last few months extended experiments have been made which were

eminently successful. Till the present time the lamp has been manufactured in small quantities by the inventors, but now a plan is on foot to start a company in Rochester.

The invention of this lamp is probably the most valuable addition to science made by Yale men in recent years.
