Track Prospects

Owing to the many rainy days we have had in April, the track team has been seriously handicapped, the track being in such poor condition that the men have only been able to practice short distances. In spite of this the men have worked faithfully and as much as possible under existing conditions.

In the 100 yard and 220 yard dashes Schick of course is the star man; Grant, however, is improving very rapidly and will probably run in both races. Sumner has improved over his last year's form but will only enter the 100-yard dash. Of the new men Edwards is the best in the 220 but Butterfield and Johnson are doing good work.

In the quarter. Watkins, Edwards and Kirkpataick, all new men are running well, although they have had little practice in the full distance.

Sturtevant in the half has best form but Browning, Nichols and Mersereau promise well.

In the mile Cates is showing up well though he is new to the event. The other candidates are Howell, Smith and Colby.

Esser, Chapman and Dewey are all doing well at the high hurdles.

The low hurdles will be well looked after by Fallows and Trude. Knapp and Butterfield are also candidates for this event.

Botchford and Colby in the high jump; and Fallows and Botchford in the broad jump are doing their usual good work.

Kinney and Roberts are throwing the hammer in good practice and bid fair to make a good record.

In the shot put Kinney of course is leading man, but Cartwright and Hislop are working hard.

McLanahan and Washburn are doing exceptionally good work in the pole vault. The other candidates in this event are Hodge and Dewey. The team as a whole is in good condition and if the weather is good they hope to put up a strong contest with Exeter.

During the rest of the term, on all days, except Wednesday and Saturday, that games occur, the first afternoon period bell will ring at 1.50 o'clock and the period itself will begin at 1.55, lasting until 2.45; while the second period will last from 2.50 till 3.30.

Philo-Forum

With president Deming in the chair the joint meeting of Philo and Forum was opened last evening by all rising and repeating the Lord's Prayer. After some remarks by Presidents Deming and Beals, the literary programme was opened with a declamation by Browning. Bale followed with an interesting address on "Debating," after which Coit gave a select reading from "The Lotus Eaters." J. Bartlett continued the literary programme with a declamation. Ayers gave an address on "Strange Old English Customs," which was very amusing, as was the select reading by Cohen. Woods then spoke on "Topics of the Week," and the debate followed, Resolved, That the means pursued in capturing Aguineldo were unjustifiable." Crippen, assisted by Davis and Ryder, upheld the affirmative; the negative was supported by Bannwart, with Richardson and Gallyon assistants.

Yardley, Brooks, McCurdy, Nutter, McClland, Welch and Cohen spoke from the house on the negative; Moore and Parks on the affirmative. The vote before the debate stood negative 28, affirmative 13; after the debate, negative 15, affirmative 14. The president gave his decision in favor of the affirmative. After a critique by Colby and remarks by President Deming the meeting adjourned. The programme for the next meeting of Philo on May 9th is as follows:

Critique, Whitney.

Address, Esser.

Declamation, Derbysliere.

Select reading, Thomas.

Topics of the week, Gardner.

Debate, Resolved, "That trade unionism operates to the advancement of wages."

Affirmative, Kittredge.

Negative, Mersereau, McLanahan.

The following is the program for the next meeting of Forum:

Declamation, N. R. Becker.

Topics of the week, H. B. Kahn.

Select Reading, H. A. Welch.

Extempore, E. S. Lattimer.

Speech, J. A. O'Connor.

Addresses, S. R. Cooke,

Geo. Moore,

C. T. Ryder,

Alex. Bannwart.

Critique, F. S. Bale.

The Archaeological Department.

The new archaeology department opened officially last Wednesday. Thursday morning in chapel Mr. Moorhead, the head of the department spoke a few words about the fine work to be followed out when the building and collection are completed.

The building is to be situated on the corner of Phillips and Main streets where the Churchill house stands at present. The house will be moved to some other site which has not been decided upon as yet.

Mr. Moorhead was born at Sienna, Italy, of American parents. He came to America when three years of age and after leaving the Denison university of Ohio, studied for three winters in the Smithsonian Institute at Washington. He also took the course of lectures on archaeology under professor Star at the University of Chicago.

Most of his work has been in the Ohio valley studying the remains of the ancient mound builders and in the south west among the Indians of Arizona and New Mexico. The collection which is to be placed in the new building was made by him and others in various parts of the United States and is considered one of the best.

Mr. Moorhead was field assistant under Professor Putnam of the Peabody Museum when he had charge of anthropology at the World's fair. He has made field archaeology and writing reports a specialty.

The collection, which consists of about forty thousand specimens, is now in Philadelphia and will be brought here within the next two weeks and placed in the old gymnasium until the new building is finished.

Mr. Moorhead will spend the summer in the Adirondacks where he will prepare lectures for next year.

The game with Harvard which was scheduled for last Thursday was cancelled on account of rain. The Harvard team came up and held a short practice on the campus, but on account of the weather it was thought best to have no game. One may be arranged with Harvard in the near future, however, and in that case will be played at Cambridge.

Herbert H. Hill of Andover, will speak at Inquiry tomorrow night at 6.30.

Annual Spring Tournament.

The annual spring class tournament will be held on Saturday, May 11. A silver trophy cup will be given to the class scoring the most points. This meet also decides who shall represent Andover in the dual meet with Exeter two weeks later. The first three men in each event will receive an A. A. A. suit and be allowed to compete in the dual meet. There has been a fairly large squad training on the track this spring and it is hoped that all who possibly can will enter the meet and try to make points for their classes and get a position on the team. Everyone knows that we have been beaten on the track for three years by Exeter and it is the duty of the school to make a special effort to win this year, and place Andover in the front rank in track athletics as well as in football and baseball. The entry fee for this meet is 25 cents for one event and 15 cents for each additional event. Entries will close Thursday, May 9.

Notices.

There will be an elections of officers for the next half year at Inquiry next Wednesday night. All members urged to be present.

THE ANDOVER PRESS

Saturday, May, 4 1901.

One event this term that we all look forward to with pleasure is the minstrel show to be given at the Town hall on the 31st of May, the night before the first Exeter game. The show will be composed entirely of school fellows, and the music will be furnished by the Columbian orchestra of Lawrence. This form of entertainment has become one of the annual events of the school year. Previous shows have always been very well received by the school, that of last year being especially successful. This year the interest seems to have increased. It has been highly indorsed by Mr. Stearns, and from the spirit shown at the rehearsals by those who are to take part, this year's performance promises to surpass all previous ones. We urge every fellow who is to take part to report regularly at the rehearsals and on time so as not to cause any delay. Many popular songs have been selected and other sketches full of wit and humor will be introduced. With Sheldon, one of the leaders of last year's successful club, as manager, and Hellmann as musical director, a very successful and amusing performance is inevitable.

The PHILLIPIAN wishes to congratulate the trustees, faculty and school in general on the election of Mr. Moorhead as head professor of the new archaeology department and at the same time to extend in behalf of the academy our heartiest welcome to

the new member of the faculty. We wish Mr. Moorhead all possible success with his work and assure him that he will have our support and good wishes.

Attention must be called to the tennis courts, which are being seriously damaged by the players who use heavy and sometimes spiked shoes on them. They have all recently been put in shape for the Spring and quite a number of improvements made. The management are doing all in their power to keep the courts in good condition and work is going forward on them daily. We hope that our request that the fellows be more careful of them will need no repetition.

Will be at CHAPMAN'S May 9, with a smart line of LOW SHOES

The first joint meeting of Philo and Forum, the program of which is given elsewhere in this issue, was held last evening in Society hall, and proved most enjoyable in every respect. For the past several years, the officers of these two clubs have been in the habit of arranging these meetings in the spring term, and as a tribute to their popularity they have always been well attended. So we hope that, during the rest of this year, there will be seen a fit opportunity for several more of these meetings.
