LECTURE.

Illustrated Talk by Dr. Anderson last Thursday Evening.

Last Thursday evening in the chapel, before a large audience, Dr. W. E. Anderson, physical director at Yale, gave an interesting and instructive lecture on "Physical Culture." Professor Graves first spoke briefly, saying that Andover was about to come into possession of one of the finest gymnasiums in the country. He then introduced Dr. Anderson, who was enthusiastically received. Mr. Anderson said in part:

"A short while ago I came to Andover to look over your gymnasium and I can safely say that it is one of the best in the world. I congratulate you on having such a superb place in which to exercise and I hope you will take great pains to protect the building, for it is well worth preserving."

Dr. Anderson then told of a freshman at college who came to the office and complained of the gymnastics, asking when they would be over. "People do not appreciate the benefits derived from physical culture, and the fellow who objects to it in a way similar to this freshman, is the man I despise. It is absolutely essential that a man should know how to handle himself, especially before an audience, and if there is anything that will build you up and teach you this, it is gymnastics."

Dr. Anderson then illustrated the rest of his lecture by stereopticon views, beginning with a series of gymnasium pictures.

The first was of the handsome Cornell gymnasium. Somewhat smaller than this was one at Bryn Mawr. The Smith gymnasium was next shown, almost entirely fitted with Swedish apparatus. The gymnasium at Vassar is equipped with American apparatus. The swimming tank, a picture of which was shown, was supplied with Artesian well water. A splendid view was next given of the University of Wisconsin gymnasium, the largest in the world, and by Casper Whitney called the best. Different pictures of the Columbia gymnasium were shown, illustrating its style, with pillars in front. The running track of nine laps to the mile is one of the largest found in any gymnasium.

Many views were then cast of Yale, including the historic Yale fence, Elm Row, and the old buildings. An interesting picture showed some of the characters familiar to all Yale men, and this year's sophomore class just before the snowball fight with the freshmen on Washington's birthday.

The old Yale gymnasium, built in 1860, was pictured in contrast with the present one, with its carved stone front and large iron gates. Interior pictures were shown of the stairways, halls, trophy room, main floor, swimming and rowing tanks. The floor of the Yale gymnasium has an area of 10,000 sq. ft., and the Andover gymnasium 6,000 sq. ft. The other Yale views included pictures of "Dutch"

(Continued on Page 2.)

Forum.

The regular meeting of Forum was opened last evening in the usual way. Under miscellaneous business it was voted to request the graduate club of Forum to appoint a committee to advise with the members in regard to celebrating the 10th anniversary of the founding of the society. J. A. Bartlett opened the meeting with a declamation. Marshall gave Topics of the Week and Schuler followed with an extempore. The debate followed; Resolved "That cremation is preferable to earth burial."

Affirmative, O'Nash, Beinecke.

Negative, Ferry, Moore.

The following spoke from the house: Nutter, Kellogg, Ryder, Otis, Azherian and Paterson.

Debate won by the affirmative. The critique was given by Park.

Philo.

The regular meeting of Philo was held as usual. In the absence of Pres. Carter, J. J. McClelland occupied the chair. The names of Gurley and E. S. Faust were proposed and accepted for membership. Kelley gave an interesting address on his visit to Bermuda. An extemporaneous debate followed: Resolved, "That Phillips academy and Abbot academy be united as one distinct co-educational institution." Affirmative was upheld by Thayer and Kitchell; the negative by Bevere and Hartford. The debate was won by the affirmative. After a mock trial the meeting adjourned.

Inquiry.

Mr. F. L. Janeway 2d, general secretary of Princeton Y. M. C. A. will address the regular meeting of Inquiry tomorrow evening at 7 o'clock in Society hall. The meeting is open to the whole school.

Notices.

TRACK—Candidates report at Track House at 2.30.

BASEBALL—Battery report at old gym. at 1.15. Entire squad at 2.30.

MIRROR—All material for the April *Mirror* must be handed in by the 28th of this month. The *Mirror* will be issued immediately upon the beginning of next term.

Senior Dinner

The annual dinner of the Senior class will take place this evening at Young's Hotel, Boston. Those who are going to the theatre in the afternoon will take the 12.11 train. The play will be "King Dodo" at the Tremont theatre and commences at 2 o'clock. Every one must be at the hotel at 6.15 as the dinner will commence promptly. All men who go to the dinner can return on the 11.15 train which arrives in Andover at 11.58. Those who do not must return as usual at the latest on the 6.01.

TRACK TEAM OUTLOOK.

Brief Review of Those Entered in the Interscholastic Meet.

Andover has entered a larger number of men than usual this year in the Interscholastic Meet which is to be held in Mechanics Hall, Boston, on Saturday afternoon, March 22. All those who are to compete have been working regularly and ought to make a good showing. The full quota of men is entered in all events except in the shot put, high jump and pole vault.

Owing to the delay in opening the new gymnasium Andover will again be handicapped in the field events. The pole vaulters and high jumpers, however, have lately been allowed to practice there and ought to be in good trim.

In the 40 yard dash, Watkins, Sumner and Grant will compete. Watkins and Sumner are running well. Grant, though untried at this distance in competition, is also doing good work.

In the 300 yards run, Watkins, R. Edwards, and Frye are entered. Watkins won second place last year in this event and should at least do as well this year. Frye is a new man and although unused to an indoor track, ought to make a good showing. R. Edwards is running well and ought to get a place.

In the 600 yards run, H. Edwards, Perkins and Cranmer are entered. H. Edwards is doing remarkably good work, Perkins and Cranmer are both new men and as yet untried.

Nichols will run in the 1000 yards. He showed up well in the trials and ought to secure a place.

In the mile, S. H. Carter is entered. He has not been up to his usual form on account of illness but has lately been improving.

Kinney is the only one entered in the shot put. Under the right conditions he ought to win the event.

McGovern and McLanahan will compete in the pole vault. This event is sure to be closely contested and it is impossible to foretell the result.

McGovern is the only entry in the high jump.

Scullin who will run in the 45 yards low hurdles, is daily improving and ought to secure a place.

Exeter Notes.

The annual handicap meet of Phillips Exeter academy was held last Wednesday. Butterfield '04 broke the school record in the 600 yard run, lowering it to 1 m., 17 s., and in the low hurdles Anderson '03 tied the school record 5 4-5 s.

C. O. Swain, the Harvard tackle, has been engaged to coach the football team next fall, to succeed Perry Hale of Yale. Since graduating from Harvard he has coached the Amherst eleven.

Mr. Alfred L. Ripley of Andover has resigned his position as graduate treasurer of the academy.

MUSICAL CONCERTS.

Clubs to Give Three Concerts Next Week.

Monday evening, March 17, the Glee, Banjo and Mandolin Clubs will give a concert before the young ladies of the State Normal school, Lowell, Mass. The concert has been arranged through the efforts of Mr. Stratton and the kindness of Mr. Coburn, principal of the school. The clubs will leave on the 5.46 train, changing at Lowell Junction and arriving in Lowell at 6.20. On arriving the clubs will go directly to the hall and leave their instruments. The concert will begin about 8 o'clock and will be followed by a dance. A special train will be chartered for the return, leaving Lowell at 11.25 and making connections at Lowell Junction with the 11.15 from Boston and returning to Andover at 11.58.

Next Wednesday the Clubs will give their annual concert before the inmates of the Tewksbury Hospital. This concert is always of inestimable benefit to the clubs as a rehearsal for the final concert in Andover, and will enable the members to see their faults. The Hospital staff very kindly give a short reception after the concert and the evening is always thoroughly enjoyed by all.

Next Friday evening comes the final concert of the season in which all who participate are given shingles. The entertainment will be given in the Town hall, and the proceeds will go to the Athletic Association.

Advance tickets are now on sale by the members of the clubs which can be exchanged later for the regular tickets. These are now on sale at the book store. The young ladies of Abbot academy will as usual be invited. The feature of the evening will be a topical song.

Elective Courses at Yale.

The prospectus of the Yale university for the coming year shows two distinct developments in the new method of study. A student who wishes to carry on professional studies after graduation will be allowed to substitute for one-third of his work in the academic senior year corresponding amount of work in the first year's course of theology, medicine, divinity, as well as law. This places the three main professional schools on the same basis and gives the academic student equal opportunity to shorten his time of preparation in the Yale schools for one of these three main branches.

It is also possible for those who have anticipated a portion of their college work before entering the senior class, to take a corresponding amount of professional school courses.

A total of 232 courses is open for the coming year. Of these 105 are in languages and literature, 45 in mathematics, physical and natural sciences, and 82 in philosophy, history and social sciences.—*Yale News*.

The Phillipian.

BOARD OF EDITORS

L. J. PERRIN, '02, Managing Editor
 J. E. AYERS, '02, Asst.-Managing Editor
 S. H. CARTER, '02, Business Manager
 R. L. KEENEY, '02, E. B. CHAPIN, '03
 R. W. FERNALD, '03

The PHILLIPIAN will be devoted to matters of interest to the members of the Academy and the graduates.
 All matter intended for publication must be signed by the writer's name.

Published every Wednesday and Saturday during the School year.

Entered as second-class matter at the Andover Post-office.

THE ANDOVER PRESS

Saturday, March 15, 1902

The rumor has been lately spreading through the school that Registrar Stearns has received and accepted a call elsewhere. Out of justice to him, and for the benefit of all who are interested, we wish to state that Mr. Stearns has been interviewed and emphatically denies any such report.

The Society of Inquiry is fortunate in securing Mr. F. L. Janeway of Princeton as the speaker for tomorrow evening. Mr. Janeway has had much experience in Y. M. C. A. work, and is now the general secretary of the Philadelphian society of Princeton university. As Mr. Janeway comes quite a distance and not without considerable sacrifice on his part, we hope that the school will turn out well and make his visit as pleasant as possible.

The PHILLIPIAN wishes to express the appreciation of the school for Mr. Ripley's long and honorable term as graduate treasurer. While his services have not been particularly apparent, yet Mr. Ripley has been an indispensable factor in the management of the funds. The athletic managers and especially the undergraduate treasurer have continually sought his advice and have always found him willing to do all in his power to aid them. It is with regret that we learn of Mr. Ripley's resignation, but we are glad to have him still further connected with the school as a member of the board of trustees.

Lecture.

[Continued from Page 1.]

Carter, the famous baseball pitcher, the University boathouse, Coach "Bob" Cook, the famous graduate football team of last fall, and many of Yale's prominent athletes, both present and past.

Dr. Anderson then showed by means of pictures the popular way of sitting and the defects of the body that are direct results of these faults, saying that the only way to overcome such defects is to train our bodies to assume correct postures.

Many interesting pictures were given of foreign gymnasiums and athletics. Those of especial interest were the boat races between Oxford and Cambridge, and the remarkable diving and athletic exhibitions of the Swedes. In Sweden are found the best gymnasts in the world. They carry themselves well and have remarkable chest development.

Dr. Anderson closed his lecture by expressing the hope that every one present would take the best possible care of his body that he might be better able to meet the events of later life.
