Andover 5, Newburyport 0.

Andover defeated Newburyport A. C. last Wednesday by the score of 5 to 0. Owing to the number of men who had conditions Andover was unable to play her regular nine, but the game served, for the most part, to show up the new men.

Baker pitched a good steady game. Sillers' backhand work was an improvement over last year's but his throwing bases is still rather poor and he has got to learn to throw from the position in which he receives the ball. When there are men on bases he seems to forget that any other man to be considered behind the batter. Clough showed up strongly at first base and made three runs. Washington played a good game at short but did very poorly at the bat. He is weak at the last, and slow on bases. Foster played a fair game at left field but did very poorly at the bat. The team as a whole played a snappy game, but, Draper Speaking Trials. Clough showed up stronger at the bat than in challenges must be handed in to the score of 6 to 4. The team again challenge for two weeks. All prosperity of the country.

Andover last Saturday afternoon by the last man, and if defeated cannot 190-Baseball candidates report to second was a little below grade and although the batting still continues to was held last night in the chapel. The

WILLIAM'S DEFEATED.
Andover Shows Improvement over Other Games.

Andover defeated Williams College yesterday afternoon, 4 to 2. The visitors, although the batting still continues to be weak. Hodge showed an improvement over his previous games. Baker picked a cool and ready game and gives promise of making a valuable man for the team. Silliesk's throwing was better than usual and his back- up work was fair. Yesterday seemed to be rather an off day for O'Brien, as his playing was not quite up to his usual standard. Scriller's work for Andover was excellent. His throwing out a man at first base was one of the quickest plays which have been made on the campus for a number of years. White and Globerist both played fair games in the field. Keeney's catch on second was one of the star plays of the game. Although the fielding of the team as a whole was good, the batting and base running were very poor. There was absolutely no backing up at any time in the game and the base runners will have to learn to keep from looking at the ball while running.

Draper Speaking Trials.
The trials for the Draper Prize Speaking will be held Monday and Tuesday evenings, April 28 and 29, in room 9 of the Academy building at 7 o'clock.

The Draper Speaking has always been one of the most interesting features of commencement week, and it is hoped that a large number of fellows will enter this year.

Ten speakers will be chosen at this time who will be trained by Mr. of Expressions, whose successful work with the students of the Theological Seminary indicate that a valuable training will be given.

All who intend to enter the trial must leave their names at the Registrar's office not later than Monday noon, April 28.

Golf Trials.
The trials for the golf team held last Saturday resulted in the following men qualifying: Paine, Stuart, H. B. Perrin, Gudary and Collins. Anyone wishing to try for the team hereafter will have to challenge for last man and then must again challenge for two weeks. All challenges must be handed in to J. S. Stanwood, c.

Wednesday, April 23, 1902

The Phillipian wishes to call the attention of the school and especially of the baseball squad to the fact that any criticism of the team as a whole or of any individual player, which appears in its columns in connection with games, comes directly from Mr. Scovins or Capt. O'Brien.

Archaeology Notes.

During the past three weeks eight small donations of specimens have been received by the archaeological department. These aggregate some 500 specimens.

Mr. Clarence B. Moore, a well known archaeologist has shipped about one hundred clay vessels and other objects from the Florida and Alabama mounds. Mr. Moorehead expects this addition will arrive sometime next week.

Saturday, the 10th, the class in archaeology went up the Merrimac to study a village site three miles above Lawrence.

Inquiry Notice.

Mr. Robert Speer, P. A. '86 will give a short talk at a special meeting of Inquiry, to be held in Chapel next Saturday evening at seven o'clock.

Mr. Speer is well known as one of the most eloquent and interesting speakers of the day, and it seems only fair to him that a large number of fellows should attend the meeting.

Pot Pourri Notice.

All grinds, drawings, etc., should be handed in by April 25. Three prizes of fire, two and one Pot Pourri will be given to those handing in the largest number of grinds. Very few have as yet been handed in.

As these are one of the most interesting parts in the Pot Pourri it is hoped that more fellows will compete.

White and Silleck went out in succession as did the visitors. Nothing of further importance occurred from this stage of the game until the sixth inning, when Keeney caught a difficult liner. The score at the end of the game was Andover 4, Williams 2.
