HOCKEY

Andover Defeats M. I. T. in an Interesting Game by a Score of 8 to 1.

The hockey team defeated M. I. T. last Saturday afternoon on Jamaica Pond, Jamaica Plain, the score being 8 to 1. The game was fast and snappy throughout, being much more evenly contested than the score indicates. Andover's team work seemed to have improved, every member of the team playing a hard aggressive game. Snow and Bakeman did the best work for M. I. T.

FIRST HALF

M. I. T. started in with a rush, Snow taking the puck the entire length of the rink and shooting a goal in less than a minutes' play. From this point on through the game Andover kept the puck almost entirely in M. I. T. territory, while the fine defensive work of Townsend and Fletcher prevented their opponents from scoring. A few minutes after this goal for M. I. T. Alworth succeeded in tying the score on a goal from a scrimmage, and later made two more goals in quick succession. Bakeman then got a clear field and made a hard try for a score but Pratt prevented it by a beautiful stop. For a few minutes the playing seemed to lag, neither side doing any brilliant work, but just before time was called Andover scored two more points on goals by Dillon and Reed. Time was called with the score: Andover 5; M. I. T. 1.

SECOND HALF

Both teams started in playing fast hockey, but by excellent team work and good individual playing Hodge scored twice for Andover. At this point Green took Reed's place in M. I. T.'s line up, while for Andover Waterworth was substituted for Dillon. From now on to the end of the game the playing was very even, but just before time was called, Alworth scored again for Andover. The final score was, Andover 8; M. I. T. 1.

Summary:

ANDOVER	M. I. T.
Reed	Bakeman
Dillon,	(capt.)
(Waterworth)	Van Amringe
Hodge	Magnetzsky
Alworth	Snow
Townsend	cp Reed (Green)
Fletcher	p Simpson
Pratt	g Dean

Score: Andover 8; M. I. T. 1. Goals: Alworth 4; Hodge 2; Reed; Dillon; Snow. Referee; Nickerson. Umpires; Hitchcock and Boylson. Timer; Johnson. Time: 20 and 15 min. halves.

S. H. Carter, P. S. '02, Yale, '05, has been elected vice-president of the Freshman class in the Sheffield Scientific school, to fill the vacancy left by W. Carpenter, resigned.

The following old Andover men have reported for the track team at Yale: Half mile run, S. Buffington, S. H. Carter, W. D. Nichols; mile run, H. F. Ferry; sprints, H. P. Bogart; pole vault, W. McLanahan; weights, R. P. Kinney.

Communications.

[The Editors of the Phillipian invite all members of the school to express their sentiment in these columns, but do not hold themselves responsible for what is said.]

Editors of the Phillipian:

Although I have been an alumnus of Andover for three years, I have managed to keep in touch with my Alma Mater to some extent through members of succeeding classes and more or less regularly through your sheet.

The object of my letter is to offer a fairer plan for the nomination of athletic managers. I may say this plan is not of my own origination but one obtained from the Yale News, to be considered in nominating men for the managerships at Yale. I give it as it would apply at Andover. When it comes time to elect a 2nd manager the Pres. of the Middle class should call a meeting and men from that class be nominated by acclamation. Then a vote should be taken by secret ballot. The three having the highest number of votes being nominated for managership. Then the nominees should be voted on by the school, in the usual way, the names of the nominees to be kept secret till the school meeting for elections. In case of the 2nd football manager it would be necessary that this nomination be made by the Junior Middle class. This plan, as being considered at Yale, may be found in the Yale News of Jan. 15, 1902.

There has been room for vast improvement along this line at Andover and this appears to me to be a more feasible way to chose men representing more nearly the school, than by a select few known as the Athletic Advisory Committee. I sincerely hope some change may result soon.

Respectfully,

An Alumnus, P. A. 1900.

Philo-Forum Debate Trials.

The trials for the Philo-Forum debate will be held Friday evening in Society hall at 7 o'clock. These trials will take the place of the regular program. Any member of the society may compete, and has the privilege of choosing either side of the question. Of those who compete three men will be chosen by the following who will act as judges: Professor Benner, Mr. Eaton and Mr. Phillips. Those selected will represent Philo in the annual debate with Forum, which will probably take place about the middle of April. The subject for discussion is, Resolved: "That students should have a part in college government."

The following conditions are to be observed:

I. The order of the speaking will be determined by lot on Friday evening, just before debate.

II. No speaker will be allowed to hear the speakers preceeding him.

III. Each speaker will be allowed to chose the side on which he wishes to speak.

IV. No speaker will be allowed to speak more than seven minutes.

BASKET BALL

Andover Defeats Worcester 38 21 In a Slowly Played Game.

Andover defeated Worcester High School at basket ball last Saturday afternoon by a score of 38 to 21. Owing to the non-appearance of two of Worcester's players, Cates and Forbes were substituted.

The game was much more one sided than the score indicates, although Andover played a slow listless game. Schildmiller and Kinney played their usual good game, while the work of Gleason and Murphy for Worcester was commendable.

FIRST HALF

Worcester started scoring as Andover fouled and Gleason threw the goal. Schildmiller then scored, putting Andover in the lead, and Kinney added four more points to the score. Here Worcester braced and on goals by Gleason, Shay and Forbes, took the lead 7 to 6. For the rest of the half Worcester was unable to score, while Andover made five more goals. The half ended with the score: Andover, 16; Worcester, 7.

SECOND HALF

The teams lined up without any change of players. Worcester again started the scoring as Gleason threw a pretty goal; but Schildmiller soon made up for this by throwing two baskets in succession and Humphreys scored on a beautiful shot from the side line. During the rest of the game both teams scored at frequent intervals, but Andover always maintained a safe lead. Time was called with the score: Andover 38; Worcester High School 21.

Summary:

ANDOVER	WORCESTER
Humphreys	rf Forbes
Kinney	lf Murphy
Schildmiller	c Gleason
Cushman	lg Cates
Dewitt	rg Shay

Score: Andover 38; Worcester H. S. 21, Goals from floor; Kinney 10; Schildmiller 5; Gleason 5; Humphreys 3; Murphy 3; Dewitt; Shay; Forbes. Goals from foul; Gleason. Referee and Umpire: Thompson. Timer; Chase. Time; 20 min halves.

Forum.

The program for the next meeting of Forum is as follows: Topics of the Week, H. Livermore. Extempore, C. B. Garver. Address, S. F. B. Morse. Debate, Resolved; "That the jury be abolished," Affirmative, E. J. Bernecke assisted by R. Otherman; Negative, T. White assisted by F. W. Beinecke. Critique, G. A. Moore.

Society of Inquiry.

The regular meeting of the Society of Inquiry was held in Society Hall last Sunday evening at 7 o'clock. Mr. J. E. Smiley, intercollegiate secretary of the Boston Young Men's Christian Association addressed the meeting, and gave a very practical and helpful talk. The attendance was fairly good.

Archaeology News.

Last June the Archaeology collections were moved from the old gymnasium and stored in three rooms in the basement of the new gymnasium. Since that time, numerous donations and purchases have been received, and until the new building is finished, these are stored in the Administration building.

Both the director, Dr. Peabody, and the curator, Mr. Moorehead, have found much to do. Several thousand brief newspaper notices were sent to the press of the United States. These articles solicited specimens,—a different kind of begging from that usually emanating from institutions—and the editors took to the scheme kindly. All over the country the "open letters" were published, and as a result, the department has had an extensive correspondence. This resulted in not a little real good. Collections were given, and what is equally important, new localities in the south, where extensive burial grounds mounds, etc., exist, were brought to notice. Dr. Peabody has carefully recorded these sites, in order that they may be explored at some future time.

In the Administration building are stored some thirty collections, aggregating 4000 specimens. Other collections have been promised the department and are expected at any time. All of the museums and archaeological societies now send the department their reports and publications. The library is growing rapidly and contains nearly all the important works on the subject.

From the Arizona cliff houses a collection of decorated pottery has been received. This pottery is artistic and well made. The cliff dwellers were famous for their ceramic art, and in that respect were superior to the mound building tribes.

A collection of stone drills was received from Arkansas. These singular implements are interesting, and it seems incredible that they could be used for drilling and perforating.

In 1849, in Iowa, at a council between whites and Indians, there appeared a Sioux chief clad in an unusually fine buckskin suit, elaborately embroidered and beaded. An army officer present paid a liberal price and secured the suit. It remained in the family until recently when the department purchased it, and a decorated gun case and a large pipe. Aboriginal costumes are becoming rare, and this is a welcome addition to the collection.

Specimens have been received from the sites of the famous Iroquois towns in western New York; from South Carolina; Canada and Ohio. In Arkansas, a number of caves, which were inhabited in prehistoric times, have been examined by Mr. W. H. Jacobs, and specimens found therein have been sent to the department.

The offices in the archaeological building are about ready for occupation, and the director and curator

The Phillipian.

Entered as second-class matter at the Andover Post-office.

THE ANDOVER PRESS

Wednesday, January 28, 1903.

It hardly seems necessary to call the attention of the school to the hockey team which it has this year. Although handicapped by an unfortunate accident which happened to one of its best players in the first game of the season, under its competent management and good captaining, it is now among the best teams in New England or the college world. It is a team of which the school may feel justly proud and if it finishes the season with as good a record as it has had up to the present time it will undoubtedly prove itself the best hockey team ever turned out by the academy.

Archaeology News.

Continued from Page 1.

hope to move into them within two weeks. Messrs. Briggs & Allyn of Lawrence, have built fifteen large museum cases, after the Peabody Museum pattern. Mr. Moorehead thinks that he will be able to arrange the exhibits in them by about February first. It has been difficult for the officials of the department to conduct class work properly, and for the students to understand the course, since all the specimens have been inaccessible so that all concerned will welcome the installation of the collections in their proper quarters. When classes are held in the new lecture hall, it is proposed to use the stereopticon several times each term.

Collection of copper nodules and nuggets from near Princeton, Wisconsin have been received. Some of these have been half hammered with stone tools, showing work of the aborigines. This evidence is of more importance than appears at first sight. It indicates that copper was known to the natives and worked by them, long before white traders introduced brass and other metals.

Notices.

INQUIRY—Business meeting tonight at 6.30 sharp, for the election of officers for the next half year. All members are urged to be present.

BIBLE CLASS—The weekly meeting of the bible class will be held this evening at seven o'clock in the library of the Academic building.

BASKET BALL—Game this afternoon with Harvard Second at 3.30. Admission 25 cents.

BASE BALL—Battery practice at one o'clock at the Gymnasium.

BASKET BALL—Squad report at 3.

TRACK—Pole vaulters, high jumpers, and shot putters, report at 2 o'clock; all other track men at 2.30.

HOCKEY—The game with Brown has been cancelled on account of the weather.

Exeter's Track Outlook.

Following is a forecast of Exeter's track prospects as taken from the EXONIAN under the date of January 17.

"Now that the preliminary practice for the indoor track meets has begun, it seems proper to say a few words in regard to the prospects of a winning team this spring.

"The outlook at present is anything but bright, as there are only a few of last year's men back in school, and the team must depend largely upon new material.

"The men who won points for Exeter last season and who are now in school are: Captain Allen '04; Moore '03; Runyon '03; and Higgins '04.

"Besides these, Hathaway '04; Peyton '05; Buswell '03; Leavell '03; Jenkins '03; and Brill '03; all of whom were members of the team representing Exeter last year, are candidates. Coach Connors will have about fifty men on the board track in a few days. Nearly all of these will be new men, and little is known yet of their ability.

"The track team has suffered greatly by the loss of Coffin, Whitcomb, Butterfield and Anderson, all of whom were point winners."

Exeter Track Meet.

The managements of the Andover-Exeter Track Associations have decided to have the annual dual meet take place May 30, (Decoration Day) at Andover.

Last Saturday, T. F. Tuohy jr., Exeter's manager, and Mr. Connor, Exeter's trainer, visited Andover to draw up plans for the meet; it was decided then to abolish the bicycle race as it has not aroused much interest in past years, and was also a great inconvenience to both schools, since it had to be run off at Charles River Park.

The remaining events, however, will be the same as last year.
