New Football Rules.

As so much interest is displayed concerning the new rules which are to govern football this year, and as the new rules are yet somewhat foreign to most advocates of the game the *Phillipian* prints them in a brief and condensed form as follows:

1 At least seven men must play on the line of scrimmage when the ball is put in play in the territory bounded by the two 25-yard lines.

2 Between the two 25-yard lines the man who first receives the ball from the center rush or snap back may carry it forward, provided he cross the line of scrimmage at least five yards to the right or left from the spot where the ball was put in play.

3 Hereafter a player kicking the ball cannot put his team "outside" by running down the field and overtaking the ball before it has touched an opponent.

4 After a team has been scored against it shall have the option of kicking off or of having its opponents kick off.

5 Heavy leather headgear must be discarded, and emphasis is placed on the rules forbidding metallic substances to be used in the reinforcement of clothing or shoes.

The aim of the first two rules is to open the play, eliminating to a considerable degree the mass plays toward which the development of the game has tended recently. These formations, with one or two men pulled back from the line, will be possible under the usual rules between the 25-yard lines and the goal lines.

The rule making it impossible for a kicker to put his team "outside" will free the game from the roughness coming from the necessity of putting the kicker out of the play by charging and throwing him down after he has made his kick; while the option of the kickoff given the team scored against is thought to be of benefit to teams weak on the defensive which otherwise would not have an equal opportunity for trying out their offence.

Track Squad.

Although Captain Marshall's call for candidates has been answered by a large number of promising men, still, there is a decided drop in the size of the squad as compared with last year's. Everyone who has done any work whatever in this line is earnestly urged to report at once.

Andover Golf Club.

All men wishing to play golf on the Andover Golf Club's links should remit their names to Mr. F. E. Newton at once. The dues are five dollars for the entire year and three dollars for a half year. Only members will be allowed the use of the club house and grounds.

FOOTBALL—Squad report at 2 o'clock.

This year, for the first time since 1899, a game will be played with the Lawrenceville team. In all, six games have been played between the two schools, Lawrenceville winning the first three and Andover the last three by the following scores: Lawrenceville 22, Andover 6; Lawrenceville 12, Andover 10; Lawrenceville 10, Andover 4; Andover 42, Lawrenceville 4; Andover 11, Lawrenceville 0; Andover 30, Lawrenceville 11.

Board Track Burned.

Last Fourth of July, the out-door board running track, which was built during the past winter at a cost of about three hundred dollars, was set on fire by some unknown parties, and entirely destroyed. The track had been taken up for the summer and was stored in a remote portion of Brothers' Field. A new track will be constructed as soon as possible.

The running track in the gymnasium is to undergo a few repairs in order to bank the corners to a higher angle, so that it will not be necessary for a runner to lessen his speed when taking a corner.

Philo.

The Philomathean society held its first meeting of the season last Friday evening in Society Hall. The meeting was called to order by president H. H. Hemingway, who, after making a few opening remarks in which he thanked the society for his election and set forth his policy for the term, introduced as the first speaker of the evening, Principal A. E. Stearns. Mr. Stearns gave a very interesting address, complimenting Philo for the progress it has made in school and showing the many benefits its members acquire and enjoy. After Mr. Stearns had done speaking Eaton and Bishop made a few impromptu remarks. Mr. Poynter then closed the first part of the program with an interesting and effective talk. After the president had thanked Mr. Stearns and Mr. Poynter in behalf of the society for their presence, caterer Hinton served refreshments and a social half hour followed. The officers for the fall term are as follows: President: H. H. Hemingway; vice president: A. F. Kitchel; secretary: S. N. Holiday; treasurer, R. Fairbanks.

Philo will hold its regular weekly meeting next Friday evening in Society Hall at seven o'clock. The program will be as follows:

The first meeting of the Society of Inquiry for the fall term was held in Society hall last Sunday evening. Principal Stearns addressed the meeting and gave a very strong and beneficial talk.

Communication.

Editors of the Phillipian:

Forum will start things off Friday evening at seven o'clock, with the same short talks by a few members of the faculty whom we are always mighty glad to hear.

They are Principal Stearns, Dr. Day, Prof. Forbes and Mr. Freeman.

Nothing more need be said to the old men, but to the new we extend a most cordial invitation to attend; the session is short, lasting only one hour. Forum meets opposite Reading Room in Archaeology building.

Signed,

'04.

BASEBALL—Squad report at 2 o'clock.

THE ANDOVER PRESS

Wednesday, September 23, 1903.

To all those students who have come to Andover this fall for the first time, the *Phillipian* extends a most hearty and sincere welcome. Although we miss a great many familiar faces, still, at the same time, it is with great pleasure and interest that we turn to the new men. Last year was a most successful one for the school, and we feel very confident that with such a large school this term, this year bids fair to equal, if not to exceed its antecedent.

The "dining hall" outlook is far better than it has been at any previous time. We have most efficient men in both the chef and steward. There are already over two hundred fellows eating at the "hall", which is fifty more than we had at any time last year, and even with this large increase in number, the service is much more speedy. The success of the dining hall is directly dependent upon the support of the students who patronize the hall. It is a cooperative institution and the direct management is in the hands of three students. This committee is acting as an agent for the student body and as such, needs the hearty backing of all who eat at the hall. In view of this matter let every man feel a personal interest in the success of the "big boarding" house, for the coming year.

New Instructors.

The trustees have secured the services of the following three new instructors for the present school year:

CLINTON CYRUS SCHEFFY, B. A.

Mr. Scheffy was born in Weaversville, Penn., in 1877. He comes to Andover direct from Harvard college, having graduated last year and will teach English, Geometry and Latin.

GEORGE HUNTINGTON RICHARDS, B. A.

Mr. Richards is twenty-one years of age and was born in Bath, Maine. He graduated from Yale last year and will be instructor in Algebra and Geometry.

ROBERT PORTER KEEP, JR., B. A.

Mr. Keep was born at East Hampton, Mass., in 1882. He has studied two years abroad and comes from Yale, being graduated last year. He will teach French and Latin Composition.

Advisory Board Meetings.

At a meeting of the Athletic Advisory board, held Monday evening, the following names were proposed for assistant football manager: Heidrich, Capen and Phelps. The election will take place tomorrow morning in chapel.

*At the meeting held last evening, Thornton, '05, was elected undergraduate treasurer.

Three absence marks will be assigned in cases of students who are absent all night from their houses without excuse.
