ANDOVER DEFEATED.

Loses to the Amherst "Aggies" in a Poorly Played Game. Score, 11-3.

Monday afternoon Andover went down to defeat before the Amherst Agricultural college. The home team showed the effect of its vacation and was in poor trim. The two days without practice told very plainly in the men and there was not the snap and dash that has been seen there so often this season. The absence of Fels at short and Reilly at second crippled the team to a marked degree.

Amherst started out by making eight of her eleven runs in the first inning. Martin walked and stole second. He advanced to third as Tirrell got to first on William's error. Hunt hit safely to right, bringing in Martin and Tirrell and scored himself as Ingham hit between center and right. Cobb hit safely to left and Grady reached first on fielder's choice as an attempt was made to retire Ingham at the plate. Clarke drove a two-bagger to right field, bringing in both Cobb and Grady and came home as Shattuck reached first on Clifford's error. Kennedy fled out to Clifford but Martin hit out between centre and right, scoring Shattuck. Tirrell was retired at first and Hunt at second. Andover failed to score in her half of the inning.

In the second Clow took Merritt's place in the box and pitched a steady and effective game. Amherst failed to see first in the first of the second but Andover scored her first run in the last of the second. Williams hit safely past third but was retired at second as Clifford reached first on fielder's choice. Clifford advanced to second on Clow's hit to right. Jones was retired at first and Washburn at the home plate. Neither side scored in the third, the men going out in order and no one reaching first.

Andover nearly scored again in the fourth when Williams hit to left for a single but advanced to third on Grady's error. The next three men failed to get to first, however, leaving Williams on third.

Neither side scored again till the seventh when Amherst scored twice. With two down Ingham hit safely past second and scored on Cobb's two-bagger between left and center. Grady hit another two-bagger to the same place, bringing in Cobb. Clarke struck out, retiring the side.

Andover scored her last two runs in the eighth. Schildmiller hit past short, got second on Tirrell's error and third on Payette's hit past short. Schildmiller and Payette scored on Taylor's three-bagger to right field. Williams and Clifford failed to reach first.

Amherst scored once more in the ninth. Hunt got his base on Clifford's error and advanced to third on a wild pitch. An attempt was made to field him out at home when Cobb reached first on fielder's choice, but he was declared safe. Ingham fled out to first and was retired while trying to

steal second. Cady retired the side by striking out.

Baseball Line-up.

Andover will play the University of Vermont Friday afternoon. Vermont has a stronger team than usual and has given all the opposing teams a good rub. Jack Campbell, who pitched on the Andover nine several years ago, will probably pitch Friday. The line-up will be as follows: Schildmiller lf, Clough 1b, Payette cf, Fels ss, Taylor rf, Williams 3b, Mallory 2b, Jones c, Lanigan, Clow or Merritt p.

Baseball Team Trip.

Saturday afternoon the Academy baseball team went to Cambridge to see the Harvard-Princeton baseball game. The team was invited by the Harvard management which was extremely kind and did everything possible to give the men a good time.

At the game the team sat on the benches along the third base line, where the game could be seen to good advantage. Afterwards the men dined at the training table with the Harvard squad at the Harvard Union. Captain Hurley of the Varsity football team entertained the men and, after dinner, took them around to the Hasty Pudding and other clubs.

The outing was thoroughly enjoyed by the whole team and the kindness of the Harvard management was highly appreciated.

Tennis.

The semi-finals in the tennis tournament between Johnson and Hall were played Monday afternoon. The former won by the score of 2-6, 6-4, 6-4. On Tuesday afternoon he played the final with A. L. Loomis and lost after a hard fight by the score of 6-2, 3-6, 6-4, 6-3 and 6-3. The doubles tournament will begin as soon as school re-opens.

Spring Track Meet.

The annual spring track meet was held last Saturday afternoon on the upper campus. Although the time on the whole was slow the outlook is encouraging and in the next ten days the men will have a chance to work hard and get into perfect condition before the Exeter meet on May 30. Bartholomew showed up well in the hundred, shot put and broad jump and gives promise of becoming an all around track athlete. Kilpatrick's work in both high and broad jumps was good and his fall in the high hurdles was very unfortunate. Capen was greatly handicapped on account of his weak condition, having been sick for the last week. The race of the afternoon was the quarter-mile run which Bates won handily after a pretty race with Daly. Heidrich took second place in this event, beating him at the tape by about six inches.

Perry easily won the pole vault at 10 feet, with Raymond a close second.

Hyde excelled in throwing the hammer with a throw of 153 feet, three inches, his nearest competitor, Thompson, throwing but 126 feet. Hyde's throw beats the former school record of 145 feet, 7 inches, by seven feet, eight inches, and entitles Hyde to a track A. Greenough's work in the shot put was very encouraging and he ought to be in still better form for the Exeter meet.

Andover-Exeter Golf Match.

Andover will play the annual golf match with Exeter this afternoon at the Island Golf club links at Haverhill. Exeter has a strong team and an interesting match is expected. The following is the line-up:

Andover — Ramsay, (capt.), Sweeney, Walker, French, L. Hall.

Exeter—Sanderson, (capt.), Prout, Smith, Hale, Dable.

Gun Club.

The Gun club management have arranged two shoots with Exeter, one at Exeter on June third, and one in Andover on June 17th. The teams will consist of five men each and fifty birds will be shot at. In view of these shoots, a lot of hard work is needed to get the team in shape and to pick the fifth man on the team, so it is up to the fellows to come out regularly to practice.

1905 Baseball Game.

The 1905 class baseball team easily defeated Punchard High yesterday afternoon on the latter school's field by the score of 5 to 3.

Wednesday, May 24, 1905

At a special meeting of the faculty held on Monday evening it was decided to suspend all school exercises for a week or two, and to notify parents and guardians of this fact, in order that when desired the opportunity should be given for boys to return to their homes during the period in question. This unusual action of the faculty was taken because of the recent appearance in the school of several cases of scarlet fever. Five cases in all had developed, but the prevalence of a number of cases of tonsillitis of a severe type made it seem likely that other cases of fever might later appear. Dr. McCollum of Boston, the well known expert, who had been consulted when the first cases of the disease appeared, was again called in consultation, and acting on his advice it was decided to close the school for a short period, purely as a precautionary measure.

The action of the faculty was taken Monday evening and that same night telegrams were sent to the parents and guardians of all the boys, informing them of the step taken and asking for an expression of their wishes for their boys. The following morning a printed letter was also sent out explaining fully the step that had been taken and the reasons therefor.

A large proportion of the students have been summoned to their homes. Those who remain in Andover will run little danger of contracting the illness, but as an extra precaution will not come together in classes. While it may seem advisable to allow the school to remain closed for two weeks it is hoped that in a shorter time than this the conditions will permit a resumption of the school work.

In view of numerous and wild reports that have been circulated the PHILLIPIAN wishes to state authoritatively that the situation is *not* and *never* has been *serious*. There were no cases of diphtheria among the students when the school was closed, and the five cases of scarlet fever were of an extremely mild type. The fact that these cases were removed to the hospital as soon as they appeared left little opportunity for contagion.

While this break in the work of the school is a serious interruption to the

class work of the students, it is hoped that the loss will be fully made good. Each boy will receive a definite outline of the work he is to do during his absence, and extra efforts will be put forth by the various instructors as soon as the regular recitations are again resumed. It is hoped in this way to bring the boys to their final examinations in somewhat as good condition as if the interruption had not occurred. Notices will be sent to all the students so soon as it has been decided wise to resume school work, and every boy will be expected to report promptly at the time specified prepared to take up the regular work of his classes at the points indicated.

TO THE MEMBERS OF THE TRACK TEAM:

Capt. Thompson has informed us that though the Exeter meet will not take place May 30, but two or three weeks later, he and Mr. Peet strongly urge that the whole team keep in perfect training the two weeks or so they are gone and be in good condition on their return. This is imperative.

The baseball management has announced that though the school has suspended the baseball team will play out its schedule during the vacation. The team will probably lose a lot of money in these games, and so it's up to you fellows who remain here to go to all the games and give the team the best support you can.

Dr. Peabody will return to take charge of his Greek History classes on June 8th. He reports very successful results in his excavations at Cavetown.

Archaeology Notes.

Dr. Peabody and Mr. Moorehead have been at Cavetown, Maryland, since the first of May, engaged in the exploration of a large cavern.

The cave is some 30 feet in diameter and 160 feet deep, of irregular form. Fifty feet from the entrance it widens to about 140 feet. The roof varies from 10 to 30 feet above an uneven floor. This floor is composed of both rock and earth. In places a limestone broccia has formed over the charcoal, bones, etc., left by man.

The men are at present engaged in breaking through the floor and excavating beneath it. Their finds are the usual Indian objects.

In red earth south of the cavern numbers of fossil bones occur and it was hoped to find them in the cave associated with human remains. But so far now bones or anything of the sort have been discovered in the red earth of the cavern.

Back of the Main room in the cave, extends a long and tortuous passage, 600 feet back to a lake. This lake was the subject of many traditions among the people living near by. It was therefore determined to explore it. A boat was hauled up to the mouth of the cave and carried in by six workmen. Because of the crooked and narrow passageways this was no easy task. Finally the water was reached and three men examined the lake. The torches revealed that it was but 90 feet long, not a lake at all, but merely a low narrow place full of spring water. Thus a popular tradition was shattered.

Inquiry.

The regular meeting of the Society of Inquiry was held last Sunday evening. C. W. Hamilton led the meeting with a very interesting talk on "The Manliness of Jesus Christ," and two or three others also spoke. It was announced that J. M. Howard would lead next Sunday evening.

F. Abbot Goodhue, jr., P. A. '02, Harvard '06, has been elected secretary of the Hasty Pudding club. Mr. Goodhue is to be Head Usher of eighty juniors for Harvard Class Day.

F. H. Simmons, P. A. '94, Yale '98, was in town Saturday visiting many of his former friends. Mr. Simmons was manager of the Yale University baseball nine in his senior year.

Baseball Averages.

To the Editor of the Phillipian:

There has been more or less talk among the fellows about the poor appearance that the baseball team makes compared with visiting teams owing to the fact that every man wears a different colored suit. Some of the men in the school have expressed the opinion that the regular suits should be given out before the Exeter game in order to make a better appearance, but we would take the stand which the school has taken for many years, that is, that a fellow must earn his suit before he gets it. These suits are not fully earned until the Exeter game, and therefore should not be given out beforehand. It is an old established custom in Phillips academy to give suits in this way, and it

would be a shame to depart from that custom now. Nothing that anyone can say to the contrary ought to have any influence toward bringing about this very undesirable change. It is all very well for college teams to have beautiful uniforms to wear on their trips, but for a Prep. school that takes no long trips it certainly is not necessary. If any change of this sort is attempted the whole school should rise up and protest.
