STUDENT ASSEMBLY.

Report of Those Who Went to Nashville Student Conference.

C. W. Hamilton and C. P. Franchot, the representatives of Phillips Academy at the International Student Volunteer Movement convention in Nashville, Tennessee, returned to Andover Thursday morning. They make the following report of their trip:

"We left Andover Saturday, Feb. 24th, and took the boat from Boston in the afternoon for Norfolk, Virginia. The Harvard delegation, consisting of about thirty men were on the boat and took us into their party. Wellesley had twelve representatives on board. The passage down the coast was not very rough, but enough so to cause about half the passengers to succumb to sea-sickness.

We woke up on Monday morning in Norfolk, Va.

We spent the better part of Tuesday morning in Atlanta, Georgia. Atlanta is one of the chief railroad centres of the South and was full of interest to us northerners. Finally we left Atlanta and travelled a few hours northward to Chattanooga. Here we had the rare treat of seeing Lookout mountain and other places of especial interest connected with the Civil War.

Several of us walked down the mountain side and covered the very spot where the "Battle Above the Clouds" took place. We stayed in and about Chattanooga till late Tuesday night, then went to sleep in our Pullman and awakened the next morning in Nashville, the city of the convention.

Nashville numbers about 120,000 souls, and is a prosperous and progressive community. The citizens of the city entertained us for the five days of the convention. Hamilton and I were very lucky to fall into the hands of some very nice people who took the best of care of us.

The convention opened on Wednesday afternoon at 3.00 o'clock. Chairman John R. Mott of the executive committee of the Student volunteer movement presided over all the large mass meetings of the conference. It was a magnificent sight to behold 6,000 people brought together for the same purpose and uniting in the same service. There were some 4,500 accredited delegates from institutions of learning all over the world. At every meeting there would be five or six thousand people turned away or taken care of in overflow meetings. On the platform of the great auditorium there were 149 missionaries who were home on furlong from their foreign fields,

some of them for the first time in 15 or 20 years. The capacity of the building was 6,000 and there was never a time that it was not thronged with people. These 6,000 people would listen for hours to address after address by noted men, missionaries, statesmen, educators and clergymen.

At this point it might be well to say something about the students Volunteer Movement. It is primarily a movement in the colleges of the world to get young men to go into non-Christian lands as missionaries. Very little is known among young men of what is being done and what ought to be done in heathen countries. This great convention was not only to get men to go out as missionaries, but also to educate the college men as to what Foreign Missions really are. Most of us know practically nothing of this matter and so are prejudiced against anything of the kind. One of the most impressive things of the whole convention was an address by Robert E. Speer in which he compared the religions of the world. He proved beyond the shadow of a doubt that Christianity is the only true religion that can meet the needs of men, and that although vice is prevalent in Christian countries, it

is not countenanced by Christians whereas the tremendous amount of vice in heathen communities is tolerated, and in some cases is the outcome of the religion of the land. Can there be any doubt as to the superiority of Christianity? So we who possess this precious jewel should feel in duty bound to share it with these less fortunate peoples. Not that we should necessarily go ourselves to the Foreign Field, unless we feel the call, but that we speak a good word for missions and lend a helping hand when an opportunity presents itself. This in a nutshell is what I gathered from the conference — that we should not condemn Foreign Missions simply because we know nothing about them.

By the arguments that were piled up and because they felt that it was the best use they could make of their lives, many men and women were influenced to give their lives to this great work.

On Sunday night after a most impressive service, the fifth International convention of the Student Volunteer Movement adjourned to meet again in four years.

That night we started homeward by the same route that we came. Our only important stop before arriving again in Norfolk,

1908 DEFEATED.

1908 Wins Another Closely Contested Game by the Score, 17-13.

In a very even and exciting game '06 defeated '08, 17-13 last Wednesday afternoon. Both teams played a very fast game. At the end of the first half the score was a tie, but in the second half '06 braced and won the game in the last few minutes of play. '06 excelled in team work, but '08 made up for this in accurate shooting. B. Reilly played the best for '06, scoring nine out of the seventeen points, while Light and J. Reilly played the best for '08.

FIRST HALF

'08 jumped into the lead with four baskets before '06 could score at all. Light threw two difficult goals soon after the whistle blew and J. Reilly followed these with two more, both from very hard positions. '06 now began to score and B. Reilly made three baskets in quick succession. Whitney made another goal for '08. During the last two minutes of play A. Merritt and Goldsmith both scored ending the first half with the score a tie 10-10.

SECOND HALF

B. Reilly threw a goal for '06 and followed this with another point on a foul on '08. J. Reilly again tied the score with a basket and a foul goal. Lanigan took Hobb's place at left guard for '06. Both teams were now playing their best, there being only two minutes to play and the score a tie. By fast passing Goldsmith was able to score, and Cavanaugh followed this with another difficult goal. Time was then called with the score 17-13 in '06's favor.

The line-up:

'06	'08
B. Reilly lf	rg Seaverns
Goldsmith rf	lg Whiting
Cavanaugh c	c Light
Hobbs, Lanigan lg	rf J. Reilly

Communications.

To the Editor of the Phillipian:

It seems necessary at this time when the season of the Musical clubs is about to close, to say something about the way the members are reporting at the rehearsals. Never before in the history of the school has there been such poor attendance. Some evenings the clubs cannot rehearse owing to the small number of men present.

But there is still another fault to be found. About half of the men on the clubs have conditions from last term, which means that these men will not be allowed to play or sing in any concert until these conditions are removed.

Some members "don't care" whether they play in any concert except the Spring concert or not, because this is the only one they must play in to obtain their shingles. For the sake of the school these men should feel that it is their duty to do what they can to make the clubs a success. If this situation lasts very much longer the clubs will gradually drop out.

So let every member feel that it is his duty to "work off" his conditions and to report at every rehearsal from now on. The Spring Concert is less than two weeks off and the clubs need every man to make this a success.
 A MEMBER OF THE CLUBS.

The Banjo, Mandolin and Glee clubs have been invited by Miss Chamberlain to give a concert at the Fenway school, Boston, on Saturday, March 17.

WELL SHIRTED

This phrase used to have an intellectual significance, as it referred to a particularly happy issue between a student and a classroom exercise. Sometimes the recitation itself was considered well shirted and sometimes the phrase had a more personal application. Applied more literally, the phrase still involves an intellectual occupation, for the choice of colors and designs and materials which are presented in such a stock as is offered in this store this year involves taste and discrimination and artistic judgment.

Definitions of Football Rules

The American Intercollegiate football rules committee which met at the Murray Hill hotel practically completed its revision of rules under which the great American game will be played next fall, and definitely defined holding, hurdling, tripping and a fair catch.

HOLDING.

Definition of Holding—Players of the side that have possession of the ball shall not hold, block or otherwise obstruct the opponents except with body. Holding or unlawful obstruction includes: (1) Grappling opponent with the hands. (2) Placing the hands upon an opponent to push him away from the play. (3) Circling in any degree any part of the opponent with the arms. (4) Any use of the arms to lift an opponent in blocking.

The only allowable use of the arms in blocking or obstructing an opponent shall be with the arms close to the body.

A player running with the ball may ward off an opponent with the hands.

The penalty for holding shall be a loss of 15 yards.

HURDLING.

Hurdling in the open field is prohibited. Such hurdling consists of jumping over an opponent when the latter is still on his feet.

Hurdling through the line is prohibited.

Hurdling the line is jumping or attempting to jump over a player on the line of scrimmage with the feet or knees foremost within the distance of five yards on either side of the point where the ball is put in play.

TRIPPING.

Tripping shall be defined as obstructing a player below his knees with the foot of an opponent or his leg below the knees.

CHARGING.

Rule 9 in the old rules, which is now ambiguous because of the neutral zone established between the rush lines in a scrimmage, is eliminated, and Rule 15 is modified by the substitution for the word "charging"—wherever it appears in this rule or elsewhere, the words "Starting forward beyond the restricting line"

FAIR CATCH.

A fair catch shall consist in catching the ball after it has been kicked by one of the opponents before it touches the ground or in similarly catching a "punt out" of the catcher's own side, provided

the player making the catch has signaled his intention of making a fair catch by raising his hand clearly above his head and takes not more than two steps after making the catch.

It is not a fair catch if the ball after the kick is touched by another player of either side before the catch.

Opponents who are offside shall not in any way interfere with a player who has an opportunity for making a fair catch, nor shall the player be thrown to the ground after such a catch is made unless he has advanced more than two steps after making the catch.

The point where the catch is actually made shall be the mark and the side making the catch may put the ball in play from that point either by a free kick or by a scrimmage.

The referee shall decide whether a fair catch is made and as to whether there is interference with a fair catch; also regarding the throwing of the catcher.

PENALTY.

If the award of a distance penalty against a team defending its own goal line would carry the ball across the goal line, the offensive team shall be given the ball on the one-yard line. Subsequent penalties against the defending team before the ball changes hands shall be awarded by giving one-half the distance between where the ball is put in play and the goal line.

ON SIDE.

When a ball has been kicked, any player of the kicking team shall be "on side" as soon as the ball touches the ground.

In case of the ball touching the ground after a kick, it shall not be kicked from its position on the ground or while bounding, by any player of either side.

OUT OF BOUNDS.

If a kick or a forward pass goes outside of bounds before crossing the opponents' goal line it shall belong to the opponents at the point where it crossed the side-line. If, however, it strikes any player who is "on side" and then goes outside bounds, it shall belong to the player who first obtains possession of it.

LENGTH OF GAME.

Rule 12 (A), which treats of the length of the game, was amended to read: "The length of the game shall be 60 minutes, divided into two halves of 30 minutes each, exclusive of time taken out. There shall be an intermission of 10 minutes between the halves."

STUDENT ASSEMBLY

Continued from Page 1
 was at Atlanta, where we had another opportunity to do a little sight seeing. We spent Tuesday in and about Norfolk and then in the evening boarded our ship for Boston. The voyage was pleasanter than before, and we arrived safely in Boston Harbor on Thursday morning. It was indeed, hard to say goodbye to our friends from Wellesley and Harvard for we had spent many happy days together.

I might say before closing, that Andover was very well represented in the convention by her Alumni. Harlan P. Beach, Robert E. Speer, Dr. Morse '58, sat among the famous men on the platform. Gurley, J. B. Williams, C. G. Williams, C. W. Howard, J. M. Howard and M. A. Seabury attended the conference as delegates from Yale.

TO FILL
The ORIGINAL and ONLY GENUINE
CONKLIN'S
SELF-FILLING PEN

Simply dip in the ink, press with the thumb, and the CONKLIN PEN is filled and ready for instant use. It is simple, convenient, efficient, with no complex mechanism and nothing to get out of order.

The elastic ink reservoir is compressed by the presser bar under the thumb, and, when released, instantly draws in the ink through the feed channels at the point. The quickly adjusted locking ring prevents ink from being forced out again. Feeds regularly until the last drop of ink in reservoir is used. Always responds without kick or balk. Cleans itself as easily as it is filled. Fully guaranteed.

If your dealer does not handle the CONKLIN PEN, let us make you our Special Offer to Fountain Pen Users. Full information, with illustrated catalogue, sent upon request. Sold by dealers everywhere.
