## VERMONT DEFEATED

Game Played Wednesday Afternoon  
Unusually Swift—Andover 20,  
Vermont 10

The Andover team defeated the University of Vermont basketball team Wednesday afternoon in a game that was without doubt the fastest seen here this year. The play was rough and many fouls were called on both sides.

The visitors were heavier than the Andover team, but what Andover lacked in weight, she made up in speed and good pass work.

The game in detail:

The ball was put in motion at 3.40 and after several minutes of fierce play, the first foul was called on Vermont, and Captain Blumenauer scored one for Andover on a free throw. Vermont fouled again, but Andover failed to score. The first basket from the floor was made by Stout for Andover. Three fouls were called on Andover in quick succession, Capt. Barlow only making one point for Vermont.

The visitors then fouled for the third time and Capt. Blumenauer scored on a free throw. Thomson soon threw a basket for Andover and Collins quickly followed by one for Vermont. Two more fouls were called on Andover but Vermont failed to score on free throws. Thomson again scored and Stout followed with two more baskets for Andover. Another foul was called on Andover, and again Vermont failed to score. Richmond then made a pretty shot, making the score, Andover 14, Vermont University 5, at the close of the first half.

### SECOND HALF

Vermont fouled twice soon after the ball was put in play and each time Blumenauer shot the goal. By swift and aggressive playing Belford and Stout each made a basket, which was followed by another by Collins. Stout shot a basket but as the ball touched a spectator's hand it was not counted and then the Vermont captain made a point on a foul by Andover. Buck made the last score of the game, both captains missing on a double foul just before time was called. Final score; Andover 20, Vermont University 10.

## Philo

The regular meeting of Philo was held last night in Society Hall with Goodhue in the chair, as Hincks took part in the debate. The meeting was opened with a declamation by E. H. Williams. The select reading was omitted. The Topics of the week were rendered by Dale.

The debate of the evening was then held, "Resolved, that a direct popular election of senators would be for the best interests of the people." Donaldson and Johnson upheld the affirmative; Hincks and Clark, the negative.

Before the debate, the question was carried for the negative by a vote of 8-3. Afterwards the debate was carried for the negative by a vote of 11-0. The report of the ex-treasurer was then delivered. A discussion was held as to whether the Philo banquet be given in the Winter or Spring term. It was finally put to a vote and carried for the Winter term. It was moved and seconded that the committee be formed of second year men.

The committee chosen for the banquet was: Goodhue, chairman; Williams, Tolles.

## Forum

Forum held its weekly meeting last evening and was well attended. The question for debate was: Resolved, that the growing tendency towards the centralization of the governing powers of the nation in the Federal government is dangerous to the common welfare.

Contrary to the usual custom the debate was opened as soon as the meeting was called to order.

Firman and Harris upheld the affirmative, and Magowan and Greely the negative. The negative side won the debate on the arguments presented, after which Bird presented the "Topics of the Week."

Logan was then called upon for an extemporaneous address on on "The Advantages of a School like Andover over a Public High School," which concluded the meeting.

There will be a hockey game on Rabbitts pond at 3.30 this afternoon with Dean Academy. Since the visitors have not as yet played around Boston, and since their strength is unknown, the game ought to be interesting. The Andover line-up is as follows: Mitchell, g; Jewett, p; Foster, cp; Merritt, Capt., f; Shartenburg, f; Hincks, f; MacIntyre, f.

Pitchers and catchers report at the gymnasium at 2.30 sharp this afternoon for practice.

## Communication

To Baseball Men:

A new proposition has been suggested in the time of training to all fellows who intend trying for the baseball team this year.

It is customary each year to have the "gym" work in order to get the fellows in condition as soon as the weather permits practice out of doors. Besides this indoor work it is suggested that each fellow report two afternoons a week to Trainer Peet and master the art of getting a quick start, by short sprints. A good base runner is half the battle in baseball and many games are lost by players while on bases being unable to take advantage of the misplays of their opponents.

It is very essential that all fellows take interest in this opportunity and arrange their time so that they can do this. It will take but a few minutes on two or three days of the week and the results obtained will be of great advantage to the fellows themselves and the coaches.

This work is not compulsory but fellows who are in shape upon return for Spring practice are the men who are wanted, not the slow unconditioned men. So every fellow consider this suggestion who intends coming out or who is on the battery squad at present.

CAPT. REILLY, Signed.

The date of the New York—Andover Alumni dinner is set for Feb. 8, 1907. W. H. Moody, an old Andover man, and Judge Townsend, of New Haven, will speak.

## HOCKEY GAME

Game With Arlington High Very Even—Andover Wins in Second Half by Score of 4 to 3

Andover won the hockey game, with Arlington High School on Wednesday, by the score of 4 to 3. Arlington put up a good game and it seemed in the first half as if they were going to have things their own way, but Andover won out by good playing in the second half of the game. Arlington has not been beaten before during this year.

### FIRST HALF

Andover won the toss and chose to defend the west goal. Play was commenced at 3.45 with the puck between Brooks and Hincks. There was no scoring for some time, and both teams seemed pretty even. Once Clifford took the puck down the field by some nice playing, but failed in his shot for a goal. Sloan commenced the scoring for Arlington by a clever shot, and in a few minutes followed it up by making another one. This closed the half so far as scoring was concerned, and after some quick playing, time was called with the score: Arlington 2, Andover 0.

### SECOND HALF

In the second half, Andover took a brace, and about five minutes after the play commenced Shartenburg made a goal. Andover now kept the puck down near Arlington's goal. Andover tried hard to tie the score, and kept the puck in front of the goal most of the time. Shartenburg here tried for a goal, but was blocked and Bullard accidentally struck the puck so that it went into his own goal, thus scoring for Andover. The play now became very quick and Martin made a neat goal. Shartenburg followed this up with another goal, thus making the score 4 to 2, in Andover's favor. This was the last scoring which Andover did. Almost at the end of the half Sloan made his third goal for Arlington. This finished the scoring for both sides, and shortly after time was called.

The line-up:—

ANDOVER		ARLINGTON
Martin	lc	Brooks
Hincks	lc	Sloan
Shartenburg	rw	Clifford
MacIntyre	lw	Taylor
Foster	p	Groy
Jewett	cp	Bullard
Mitchell	g	Dunbar

Goals — Sloan, 3; Shartenburg, 3; Martin, 1. Referee — Dunn. Time-keeper — Washburn. Time of halves — 15 minutes.

The Alumni Bulletin will probably come out the last of this month.

## CURRENT EVENTS

## Earthquake and Fire in Jamaica

On Monday, Kingston, the capitol of Jamaica, was devastated by an earthquake, which was followed by fire. The loss of life was less than 100. Sir James Ferguson, a retired member of the English Cabinet, was reported killed, but no other English or American people are missing. The greatest damage was done to the business section of the city, but by hard work the fire was gotten under control late Monday night. The American Red Cross society immediately organized an expedition and were the first aid to arrive on the scene.

## Limited Ship Subsidy Probable

The House Committee on Merchant, Marine and Fisheries by a vote of 8 to 7, have agreed to make a favorable report of the Littaner substitute of the Ship Subsidy Bill prepared by the Senate. The advocates of the Senate Bill have yielded to Speaker Cannon in opposition to cargo subsidies, and have thereby gained his support for the Littaner substitute, which grants mail subsidies, aggregating \$3,750,000 to 7 lines of steamships on the Atlantic and Pacific coasts.

## Spooner Upholds President

Senator Spooner delivered one of the best speeches ever heard in the Upper House, in defense of the President's action in the Browesville case. He also denounced Senator Tillman's speech declaring him to be an instigator of lynching, and eloquently discussed the race problem in the South. The speech lasted during four hours, and when he finally took his seat, there was a great burst of applause, despite the rule forbidding it.

## Japan Favors Disarmament

According to the Japanese budgets it would seem that the government desires a peaceful development of the nation. It is declared that a submission of the question of disarmament to the Hague Tribunal is approved.

In regard to the San Francisco school question, Baron Jikuci, a Japanese scientist, declares that the United States makes entirely too much of it, and further assures us that such an "unimportant question" will never lead to war.

## Standard Oil Gets 939 Indictments

The Hancock County, (Ohio), Grand Jury handed in a report of their findings in the Standard Oil investigation, to the court at Findlay, O. The report contains 939 indictments, with possible fines aggregating \$58,000,000.

## Root's Speech to Avert Tariff War

Secretary Root made an able address Tuesday, to the National Convention for the extension of Foreign Commerce, in which he advocates a maximum and minimum tariff. It will probably be necessary to obtain some legislation to prevent a tariff war with Germany—just what will not be known, until the commissioners, who are there now for the pur-

## Seminary Notes

A series of lectures called the Hyde Lectures will be given at Theological Seminary, in Room A of Bartlet chapel. These lectures will be given on the subject of foreign missions by the Rev. George William Knox, D.D., L.L.D., Prof. of the Philosophy and History of Religion in the Union Theological Seminary, New York.

The list is as follows:

Thursday, Jan. 17, 4 p.m.—The Field; its social conditions and needs.

Friday, Jan. 18, 4 p.m.—The Field; its religious conditions and needs.

Monday, Jan. 21, 3:30 p.m.—The Preacher; his qualifications and preparation.

Tuesday, Jan. 22, 4 p.m.—The Preacher; his work.

Wednesday, Jan. 23, 4 p.m.—The Message; its diversity.

Thursday, Jan. 24, 4 p.m.—The Message; its unity.

All are invited to attend these lectures.

A new musical society has been formed in the Seminary for choral music. The leader will be B. C. Henry of the Junior class.

The Seminary has decided to hold a special Easter school during the spring vacation. The students are to take their meals at the Dining Hall.

At a meeting of the Board of Trustees of the Theological Seminary, held last Tuesday, it was decided that, for the present, the Seminary should remain in Andover. Before it moves it is hoped that it may have a separate Board of Trustees, the present Board being united with that of the Academy.

The annual catalogue, which will soon be issued, is to be sent to all men who graduate from college throughout the country this year, and who intend to take up the ministry as their profession.

There will be three courses of lectures at the Seminary this year. The first is now being given by Professor Knox of New York. This will shortly be followed by another stereopticon lecture, in February, on the Palestine, by Professor Mitchell of Boston University. The last course will be by Professor Francis G. Peabody of Harvard on some phase of the social question.

Rev. H. G. Bissell will speak in the near future upon the present upheaval of society in India. Later, Professor Steiner, who probably knows more about the immigrant question than any one in America, will lecture upon this pressing subject.

## COLLEGE NOTES

President R. H. Woodward of the Carnegie Institute of Washington, D. C., was the guest on Wednesday of Prof. Moorehead, the Curator of the Archaeological Department. Dr. Woodward inspected the collections of the department and expressed himself as greatly pleased, both with the exhibits and the quality of work being done by the department. He said that for a museum of the size of this one, it was comprehensive and covered the range of stone art thoroughly. He thought the Bulletin plan of the department good.

The Carnegie Institute will send a set of its publications to the Phillips Academy Library. Many of them are rare and valuable works and this will be a great addition to the Library.

The management of the Naval Academy and Carlisle Indian track teams have fixed upon May 11 as the date of the dual meet to take place at Annapolis. Mount Pleasant, Libbey, Exendine and Jude are members of the Carlisle football team who are also field and track men, while the navy is putting special reliance in Carey who has done the 100 yards in 9 4-5 seconds. The two institutions have never met in this line of sport before.

At a recent meeting of the Board of Trustees, Mr. Charles P. Ryder P. A. '02 was appointed graduate treasurer of the School Publications.

An article by Professor Tombo, jr., of Columbia University, comparing the figures of attendance of various colleges, says that in 1906 a number of institutions showed a loss. California shows a loss of 10.61 per cent, and Leland Stanford 4.73 per cent. The greatest gains have been made by Pennsylvania, 14.69 per cent, New York University, 12.74 per cent, and Indiana, 10 per cent; while the attendance at Princeton, Yale, and Minnesota remains stationary.
