### Inquiry

Inquiry held its regular weekly meeting Sunday night, in Society Hall.

The meeting was led by Day. Mr. Lynde also addressed the fellows in an interesting manner. He showed that the kind of men we are is determined by our ideals and our courage, and that without religion a man can not succeed. Of the question as to what religion is, Mr. Lynde said, "Morality becomes religion when to morality you add joy."

In conclusion he explained that apparent contradictions in the Bible are really proof that the knowledge of the Lord's will has been ever increasing and ever will.

### Junior Prom

The Junior Prom will be held this year on the 21st of February in the Borden gymnasium. Owing to the number of fellows who have dropped back into the Junior Middle Class the committee has decided to allow the three upper classes to come instead of two as last year. The tickets will be three dollars and can be exchanged for programs at French's the day before the Prom. It is hoped that every fellow in school who takes any interest in such an event will hand his name to the committee. The attendance during the last few years has not been what was expected, and unless the fellows turn out better the Prom will be given up. Fellows who have not yet secured partners are asked to hand their names to the committee as soon as possible. The dance order will be published later. Balcony tickets will be sold at the door on the night of the Prom.

Signed,  
CHAIRMAN.

## BASKETBALL GAME

Andover Plays Harvard Second in Gym Saturday Night, Defeating Them 26-19

Before a large crowd, in the gymnasium Saturday night, Andover defeated the strong Harvard Second team in a fast and exciting game. The score was a tie during most of the time, neither side being more than three points ahead of the other until very near the end. Andover's strong finish was remarkable.

For Andover, Captain Blumenauer, Thomson and Richmond the best game, while Miles, Allen and Captain Dwelley excelled for the visitors.

The game in detail:

### FIRST HALF

The game was called at 9.05, and after a period of sharp play in which neither side seemed to have the advantage, Harvard fouled, but Andover missed the goal. The first scoring was done when Allen threw a goal from the field for Harvard 2nd. A lull followed, during which Harvard fouled again, Capt. Blumenauer easily throwing the goal. Good blocking by Richmond allowed Thomson to get the ball and shoot the first basket for Andover. This was immediately followed by another goal by Allen. Harvard soon fouled, Capt. Blumenauer again scoring. Stout next threw two goals for Andover; the second being the most spectacular shoot of the whole game. Blumenauer again scored on a foul, which was followed by a basket by Miles. Andover then fouled for the first time, Miles scoring. In the sharp play that followed, both sides had opportunities to score, but failed to do so, although Miles finally shot two baskets, to which Allen added one more. Tim was here taken out for Deane, who was slightly injured. In the play which followed Harvard fouled, and Blumenauer made the goal just as time was called. Score: Andover 10, Harvard 13.

### SECOND HALF

Haines went in, in place of Stout at centre. After several attempts Downey scored for Harvard, which was immediately followed by Haines' basket for Andover. In the succeeding period of very fast play, Harvard fouled twice, Blumenauer only throwing one of the goals. Andover's hopes were revived by two baskets thrown by Thomson and Blumenauer. Andover then fouled three times, two of the free throws being made by Miles. Richmond had several narrow misses, and a beautiful block by Blumenauer gave Haines the opportunity of shooting another bas-

## ANDOVER AGAIN

In Second Game With Arlington High, Andover Wins by the Score of 4-3

Andover met and defeated the the strong Arlington High School team for the second time this season on Rabbitts pond, Monday afternoon. The game was undoubtedly one of the fastest and closest ever seen at Andover, and evidence of the equality of the play may be seen by the scores of both games, which were 4-3 in Andover's favor.

Arlington was at hand on schedule time, and no time was lost on calling the game, which was done at 4.20. Andover won the toss and chose to defend the the west goal.

Both teams went into the game with the determination to win, and the game was hard fought from start to finish:

### FIRST HALF

Hincks and Sloan faced off the puck, and although the play was fast, no scoring was done during the first ten minutes of play, when Taylor by a lucky pass, scored the first point of the game for Arlington.

Andover then quickened the pace, and MacIntyre, by skillful passing, landed the first goal for Andover. There was then but a minute to play, but Merritt took the puck down the ice and passed it to Shartenberg, who scored the last goal of the first half.

Score at end of half: Andover 2, Arlington 1.

### SECOND HALF

The second half was even faster than the first. Andover was determined to keep the advantage which she had gained, and the excellent defensive work of Jewett and Mitchell during this half was one of the features of the game.

Even though Andover's defence was so good, Sloan was able to score for Arlington, which brought the score to a tie. This was soon followed by another goal for Arlington which was made by Clifford.

Captain Merritt here called upon the Andover team for its best efforts, and Andover's play improved perceptibly. MacIntyre again shooting a goal for Andover. He followed this up by another drive, which was driven with such force as to go through the net used as a back-stop for the goal.

**Archaeology Notes**

The third publication of the Department of Archaeology has just been issued. It is well received, and letters from various institutions and individuals speak well of it.

One of the most important discoveries made by the Department was the finding of a large flint quarry in Tennessee from which the aborigines of Ohio, Tennessee and Cumberland river valleys obtained the stone out of which they manufactured their knives and spear-points. The Smithsonian Institute of Washington had a survey in northern Tennessee some years ago. This survey sought to find the parent ledge from which came the peculiar, grey nodular flint, used so extensively by the natives of the regions named, but was unable to do so.

Some three years ago the Curator of the Department was in Tennessee and observing that chippings of this peculiar kind of flint were thick upon village sites in southern Kentucky, he went into Tennessee and after some days search found the quarry. It lies along a high bank upon Little River, a tributary of the Cumberland. Permission to excavate was obtained, some negroes hired, and in a short time the ancient pits where the Indians worked were laid bare.

The quarry is described with pictures in the Bulletin just published.

**Yale Junior Prom.**

The Yale Junior Promenade was held at the Armory, New Haven, last evening. This is really the first festivity of "prom" week. The Junior and Sophomore teas were held yesterday afternoon. Professor Jepson gave an organ recital in Woolsey Hall, during the afternoon. In the Hyperion theatre at 8.15, the University Glee, Banjo, and Mandolin clubs gave their annual concert. This was followed by the Junior, Sophomore, and Sheffield Germans, and the Senior dance.

**Communication**

To the Phillipian:

Owing to the fact that certain men have not yet paid up their football subscriptions, the management has decided to give these men the opportunity of doing so each evening from 7 to 7.45.

Commencing on Wednesday evening, Jan. 23, the management will have its office in the basement of the Archaeological building, and it will be aided greatly if the men will pay up their subscriptions at that time.

On account of the late date, the management feels that it will be compelled to publish all names of men who have not yet paid up the subscriptions, in the PHILLIPIAN of Wednesday January 30. Since there are only a few men left who have not paid up, the management does not like to print their names in this connection any more than these men care to have their names appear. So it is hoped that the fellows will appreciate the importance of paying up before the date set for the publishing of the names.

## CURRENT EVENTS

**Brownsville Situation Complicated**  
Senator Blackburn, the Democratic leader, by a decidedly clever move, greatly embarrassed the Republican leaders and complicated the Brownsville case. He proposed to add to Senator Foraker's proposal for the investigation of the affray at Brownsville, the words, "Without questioning or denying the legal right of the President to discharge, without honor, enlisted men from the army of the United States." Thus it leaves, to the Republican Senators, two alternatives; either of refusing to adopt an amendment which expresses their own logical views, or adopting a resolution for defending the President, which emanates from a Democratic source.

## Japanese Test Suits Filled

The United States has begun two suits in San Francisco for the purpose of enforcing the provisions of the treaty with Japan, giving equal school advantages to the Japanese. The first suit, filed in the State Supreme Court, is for the purpose of obtaining a writ of mandamus to compel his admission to one of the public schools. The second suit, makes the several school authorities of the state plaintiffs, on the charge of violating the Japanese treaty.

## French Bishops' Reply

The French Bishops, in their reply to the Pope's encyclical, declared that they uphold all the Pope's actions, and that they will continue to support him.

## Universal Suffrage in Austria

A most important step for political freedom was taken by Austria when a bill for universal suffrage was passed, in which every citizen, upon reaching his twenty-fifth year, will receive the franchise. This makes Austria one of the most democratic countries in Europe.

## Wreck on the "Big Four"

Early Saturday morning the "Queen City Special," running from Cincinnati to Chicago, collided with a freight train near LayFayette, Indiana, killing 25 persons. The majority of these were cremated in the fire which followed the collision. The engineer of the passenger train failed to see the danger signal, because of the fog, and entered the block, supposing the freight train to be on a siding.

## Catholics Plan to Boycott France

For some time, the Catholic papers in this country have been urging a boycott on French goods. Definite action was taken by the Columbian Assembly at New York City, favoring this method of procedure. The same action was taken by a Canadian Catholic assembly. The "Register," a Catholic weekly, maintaining that the Catholics of America contribute \$18,000,000, annually, to French industries.

source of the agitation. The sugar planter's union has, until recently, employed Japanese labor at a low rate of wages. About a year ago the laborers began to come to this country where the wages are much higher. The planters then had the choice of increasing the wages, or checking the exodus of laborers. The recent trouble in San Francisco allows them to get the benefit of the latter.

## COLLEGE NOTES

## O'Connor Goes to Dartmouth

It has been officially announced that Dr. John C. O'Connor '02 has accepted the offer of the Dartmouth Athletic Council to coach the 1907 football team. He had intended retiring from athletics

COACH DR. O'CONNOR

and devoting himself wholly to his medical practice; but owing to Dartmouth's real need of him, he has responded by laying aside his personal inclinations.

While in college, Doctor O'Connor played end on the varsity football team for four years, and first base on the varsity baseball team for one year. In senior year he captained the famous '01 football team, the first from Hanover to defeat Brown. He was a member of the Theta Delta Chi fraternity and of the Sphinx senior society.

On leaving Dartmouth, Doctor O'Connor entered the Bowdoin Medical School, from which he graduated with the doctor's degree. He coached at Bowdoin in '02 and '03, at the Virginia Polytechnic Institute in '04, and at Phillips Andover Academy in '05 and '06. While at Andover he scored his greatest success, the Andover team two years in succession defeating their Exeter rivals—coached by ex-Captain Hogan of Yale.

Doctor O'Connor has shown himself a thorough master of the knowledge of the individual positions, and a strong and effective tactician under both the old and the new rules. He comes to Dartmouth with the respect and confidence of the entire College.

Dr. O'Connor came to Andover originally in preference to Dartmouth because it would not necessitate giving up his doctor's practice, but Dartmouth has made him such an exceptional financial offer that he feels that it compensates for the loss of his practice.

The following account is taken from the Yale Record concerning the "two year agreement" between Harvard and Yale:

## Renewal of "Two-Year Agreement"

"Word has been received at Yale from the Harvard Athletic Committee that, owing to the unsettled condition of the intercol-

legiate sports at that university, it would be impossible to renew the two-year agreement—at least, for the present. Under ordinary conditions, this agreement which applies to the four major sports would have renewed itself February first.

Under the circumstances, however, it was necessary for Harvard to take this action and it can, in no way, be considered as a move toward the severance of athletic relations between the two institutions. The present athletic situation at Harvard is controlled by the Corporation and the Board of Overseers, and the hands of the Athletic Committee and the undergraduates seem to be pretty well tied. Last year a joint committee of the Corporation and Overseers was appointed to investigate the whole system of intercollegiate athletics at Harvard and make a report December 1, 1906. On this date, the report was not forthcoming, nor has it since shown any signs of appearing. As to the outcome of the investigation, still less is known. It is to be hoped that a decision in the whole matter may be reached by the first of April, the date mentioned by a member of the Harvard Athletic Committee as marking the probable appearance of the report. The fact that the two-year agreement will fail to renew itself on the first of February will not affect the Spring contests which will be played off by the two universities according to their present schedules.

## Schedule of Crew Races Between Harvard and Yale

New York City, January 17—Representatives of the Harvard University and Yale rowing managements met in New York City this afternoon and arranged the following program for the annual races at New London, to be held on Thursday, June 27. The Freshmen eights will race upstream from the New London railroad bridge to the Navy Yard, a distance of two miles, starting at 10 o'clock. Immediately afterwards the University four-oared crews will race two miles upstream from the Navy Yard to the quarters at Red Top. The University eights will race downstream at 1.30 o'clock over the regular four-mile course from Red Top to the railroad bridge.

In case postponement is necessary, the University race will be rowed up-stream at 6.30 o'clock. If postponed to the following day all the races will be rowed one hour later, the courses and other conditions remaining the same.

Captain R. L. Bacon '07, manager G. Whitney '07 and R. F. Herrick '90, chairman of the graduate rowing committee, represented the University. Yale's representatives were Captain R. H. Noyes, Manager T. P. Dixon and J. W. Curtiss, Yale '79.

## Plans for Harvard-Yale Basketball

Plans have now been completed for the Yale-Harvard basketball game which will be played on Friday evening, Feb. 1, in Mechanics Building. It is expected that this will be the most notable event of its kind ever held in Boston, as the Yale team, which is one of the best ever turned out from New Haven, made a wonderful record on its long journey during the Christmas vacation. Harvard's team is much superior to last season's aggregation and won its first intercollegiate game with Cornell in a decisive manner.

To secure tickets, application should be made to the office of the Harvard Athletic Association before 5 p.m. of Tuesday, Jan. 22. These applications will be filled in two groups. The first will be for season ticket holder and under this will be three sub-divisions, as follows: Applications for one seat for personal use only (cheering section); for two seats; for three or more seats).

The second group will be for non-holders of season tickets and will be filled in the same order, regarding the number of seats applied for.

During the evening the Harvard University Glee club will sing, and the songs and cheering will make the game a good deal like a football contest of championship proportions.

## New Track for Worcester Academy

Worcester Academy is to have a new outdoor track of thirteen laps to the mile. The track will be portable, and will be used round the new tennis courts behind Dexter Hall. Money for this purpose was raised in the school, six hundred dollars being raised at a meeting of the Athletic Association in four and a half minutes.

The Harvard inter-class hockey championship was won by the juniors by defeating the sophomores 4-2.

**Senior Class Meeting**

At the meeting of the senior class held on Tuesday morning, for the purpose of electing a captain and manager for class basketball, C. C. Clough was chosen captain and H. G. MacKay manager. Nathan Mears was also elected class secretary.

The Cornell Colleges of law and agriculture have just adopted the honor system. Each class elects representatives to a committee, which is known as the committee on student honor. This committee is to hold office until next fall and will judge upon all questions of cribbing. The following are the resolutions which each man signs:

I. That each student during any examination, so far as he himself is concerned will neither give or receive aid from any source in answering his paper.

II. That there shall be no unnecessary communication between the students during the examination, and no communication whatever concerning any question upon the examination paper or the interpretation thereof.

III. That a student desiring an explanation of an ambiguity on his paper shall be privileged to go directly to the office of the professor in charge of such examination.

IV. That no professor or monitor shall be in the room while the examination is in progress, except temporarily in order to give a general explanation of an ambiguity upon the examination paper.

V. That students will sit in alternate seats during the examinations, seats to be assigned by lot, the number of which will appear on the examination paper.

VI.—That this system rests

The committee is assured by the Law faculty that resolutions embodying a system of student control of examinations based on honor, will be entertained when passed upon by a mass meeting and ratified by each class separately, if accompanied by a statement of the total vote for and against the resolutions, both at the mass meeting and in each class meeting.
