Soccer Team Takes First Trip this Afternoon. Conditions a Handicap

This afternoon Andover plays the Harvard soccer team in the Stadium. This marks a great step in the development of soccer at Andover, as it is the first out-of-town game ever played by the school in that sport. This is a comparatively new game at Phillips Academy, as it was only started some four years ago. Up to the present, but little attention has been given to soccer, and the game today really establishes the sport. The lineup will be as follows:

Wells, goal	goal, Fahnestock
Dickey, rfb.	rfb. Blockall
Bushnell, lfb.	lfb. Fish
Hardy, rhb.	rhb. Mason
Kwan, chb.	chb. Swan
Reilly, lhb.	lhb. Houston
Look, rof.	rof. Leland
K. Reynolds, rif.	rif. Lindsey
R. M. Thompson, cf.	cf. Chadwick
Price, lif.	lif. Masuda
Ogden, lof.	lof. Li

Handicap Race

The annual cross-country handicap race, held on Monday, November 22, was won by S. Corey, with two minutes' handicap, in the good time of 18 minutes, 34 3-4 seconds. L. Bayne, with three minutes handicap, was second, and J. S. Kennedy, with one and one-half minutes' handicap, third. These three men receive cups. W. E. Gould, the scratch man, finished fourth, after putting up a hard fight for a place.

There were thirteen starters, with handicaps ranging from one to three minutes. The following men started: Three minutes handicap, Scott, Whittemore, L. M. Bayne, T. L. Bayne, and Owyang; two minutes handicap, Corey, M. L. Bell; one minute, thirty seconds' handicap, Kennedy, S. L. Hunt; one minute, fifteen seconds handicap, Stewart; one minute handicap, McCrone, P. Hayes; scratch, Gould.

At the end of the first lap, L. M. Bayne was in the lead, followed by T. L. Bayne, Scott and Owyang in the order named. Corey was sixth and Gould last. Although a scratch man, Gould made up a large part of the time given to the others by handicaps.

During the second lap Corey spurred, and, passing all the others came in first with a good lead. L. M. Bayne followed a short way behind, with Kennedy third. Gould was unable to maintain the pace he had set on the first lap, and finished sixth.

SOCCER TEAM DEFEATED

The school soccer team was defeated 4 to 1 last Saturday by the Andover Thistles, in a hard-fought and well-played game. The players of the home team were quicker than their opponents, but lacked the necessary team work to advance the ball consistently.

In the first period the Academy kept their opponents on the defensive. They only scored once, however, Thomson kicking a pretty goal, after some good passing by his team mates. The Thistles carried the ball frequently into Andover's territory, but were unable to get into striking distance of the goal.

In the second period the Thistles rallied, and kept the school team on the defensive all the time. Their superior passing enabled them to score rather freely. Lowe scored the first goal for the Thistles. Two more were caged by Anderson and Skea respectively, and Lowe brought the total to 4 near the end of the game. Ogden, Gamble and Kwan played the best game for Andover, often breaking up the passing of their opponents. Anderson, Lowe and Cairnie excelled for the Thistles, their passing being excellent at times.

Summary:

Thistles	Andover
Hume, goal	goal, Wells
C. Nicoll, rfb.	rfb. Dickey
Black, lfb.	lfb. Weil
G. Nicoll, rhb.	rhb. Foster
Anderson, chb.	chb. Kwan
A. Nicoll, lhb.	lhb. Gamble
Lowe, rof.	rof. Look (Capt.)
Fairweather, rif.	rif. Carril, Warner
Cairnie, (Capt.) cf.	cf. Thomson
Gorrie, lif.	lif. Price
Skea, lof.	lof. Ogden

Final score: Thistles 4, Andover 1; goals, Lowe 2, Anderson, Skea, Thomson. Officials: Referee and timer, Mr. Cairnie; linesmen, Mr. Anderson, Mr. Hadden; time of periods, 35 minutes each.

Pot Pourri Notice

All Seniors and non-returning Middlers are urged to have their pictures taken for the *Pot Pourri* as soon as possible at Chickering's studio, on West street, Boston, Mass. Special rates have been made for Andover men. In order to avoid the delay which has occurred in past years, fellows will confer a great favor upon the *Pot Pourri* management by attending to this matter at their earliest convenience.

All fellows who wish to try for the position of artist on the *Pot Pourri* board are requested to hand in their names to C. W. Arnold, Jr. Bancroft 6, before six o'clock Thursday evening.

8.00—Archaeology lecture.

FRIDAY

6.45—Mandolin club rehearsal.
7.00—Philo.
7.00—Forum.

Notice

The Infirmary near the running track will be opened tomorrow. A woman will be in constant attendance, and all the needs of the sick person will be satisfied. In the future, all men who are unable to attend classes on account of sickness, will have to stay at the infirmary.

Notice

All members of the different musical clubs should not forget to pay their dues before Saturday, as it is essential that all money should be collected by the end of the week.

Basketball Notice

Judging from the first practice of the basketball squad, the outlook this year is not very encouraging. With but one member of last year's team back, it will be hard to build up a team with so much new material. There are, however, a number of men who can play basketball that have not yet shown up. Captain Swihart urges every man who can play to come out and try for the team.

The men out for the various positions are as follows: Forwards, M. L. Bell, Cohn, R. S. Davis, Ehrich, E. H. Hall, Holmes, Hunt, R. C. Johnson, Lamm, Raymond, S. K. Smith, Stout, Swihart, Whittemore, N. Williams; center, Freyfogle, Scudder, Yory; guards, M. S. Coffin, B. H. Hay, O'Neil, C. M. Sheldon, O. H. Sheldon, E. H. Spencer, Thomas, G. H. Tilton, Tolles, W. Wright.

Obituary

Donald Churchill was born on May 20, 1870, at Andover. He was graduated from Phillips Academy in the class of '89, went through Harvard and graduated from the Harvard medical school in 1898. After serving in hospitals for two years, he was appointed assistant superintendent of the Rhode Island Hospital. In 1901 he entered private practice. In 1905 Mr. Churchill became a surgeon on the hospital staff, and retained this position until the time of his death. While at Phillips Academy he was a member of the Glee Club, Philo and Inquiry. In addition, he won the first Draper and the first Means prize, and was manager of the baseball team.

Chapel Speaker

Mr. David R. Porter, the Y. M. C. A. secretary for preparatory schools, will occupy the Academy pulpit at the afternoon chapel service on Sunday, and will also speak at the meeting of the society of Inquiry in the evening. Mr. Porter is one of the best speakers to preparatory school fellows in the country, and his visits here are always appreciated. Mr. Porter is a Bowdoin man.

Forum Debating Trials

The trials for the Forum debating team will take place in the Archaeology building on Monday evening, December 13. The subject will be announced at the regular meeting of Forum on Friday evening. The judges will be Mr.

Hinman, Mr. Fuess, and Mr. Stackpole. Each speaker will be allowed to debate on either side of the question for a period of five minutes. He must take the platform alone, and stop speaking at the end of the allotted time.

The Philo and Forum debates have always proved interesting, and have been closely contested. Forum has won the majority of these debates, and the members of the society should by their loyal support endeavor to add another victory to the list.

Every member must be present at Forum next Friday night.

(Signed) PRESIDENT

Mr. Stearns's Group

Mr. Stearns's Discussion Group on "The Life of Christ," has just been started. This class will meet at 8 o'clock Wednesday evenings, probably in the Churchill Memorial room in the south entry of Phillips Hall.

Inquiry

The regular weekly meeting of the society of Inquiry was held last Sunday evening. Mr. D. C. Worman, travelling secretary of the Y. M. C. A. work in New England, was the speaker. He chose as his subject, "The Capacity for Character of a Person." Mr. Worman spoke of the many ways by which this capacity for character may be trodden down and buried, and gave in explanation a number of incidents from his own personal experience. He told of the many ways by which this capacity may be strengthened and increased, until it becomes character itself. In closing, Mr. Worman illustrated his point by a number of very interesting incidents, which he had met with in the pursuit of his work as travelling secretary.

Debate, Resolved, That from a practical point of view it would be better if judges were appointed for life. Affirmative, Leader, H. H. Nute; assistant, Manning. Negative, Leader, Hawley; assistant, Baxter.

Mr. Hinman will render the critique.

Harvard Hockey

The Harvard hockey team has been called out. There are five veterans who reported, but these are all the forwards, and the team is weak on the secondary defense. The men on last year's team are as follows: Hicks, (Capt.) Gardner, Hornblower, Leslie, Morgan. The squad will now play soccer on Soldiers' Field until it becomes cold enough to get ice. Two rinks are being built within the Stadium, and these will soon be finished.

Park—Thos. A. Wise in "A Gentleman from Mississippi."

Telephone Suggestions

Mr. Moorehead wishes to call the attention of fellows to the use of the pay station in the Archaeology building. This has been moved to the main floor and is in the closet at the right of the staircase. The door is labelled "Telephone." Some confusion arises from the fact that a few fellows who are used to messenger service ask the toll operator to give them their friends or relatives and then leave the building. When connections are made with their friends by the toll operator, Mr. Moorehead cannot find the student who turned in the call. Fellows will please remember that there is no messenger service in the Archaeology building, and that when they turn in a long distance call, fellows should wait within hearing of the bell and not go to the library or out of the building. The past week several fellows have missed important messages because they would not wait until their friends answered.

A CHASE TIE

Perhaps the house made its first and for a long time its most distinctive reputation on its neckwear. While other articles have become more and more firmly identified with the name—Chase hats, Chase shirts, and so on—the success with ties, in quality, distinction, uniqueness, form and workmanship, has continued to strengthen the reputation first acquired.

Perhaps we can supply you with samples. Our mail service proves very satisfactory to many.

Regarding Numerals

At a meeting of the Advisory Board recently a very important regulation was passed concerning the kind of numerals given. At present the straight numerals are given only to members of the winning football and baseball teams. The class relay team will receive the numerals with a blue band below, and any fellows who are wearing the straight numerals will not be allowed to do so hereafter. Those winning soccer numerals will have an "S" below the numerals, and those wearing the tennis numerals will wear the following monogram: 19T10. This applies both to sweaters and hats, and no one will be allowed to wear the straight numerals excepting football and baseball men, even if they have been doing so in the past. The Board has as yet taken no action in regard to the class cross-country team.

Inquiry

The regular meeting of the society of Inquiry on Sunday, November 21, was conducted by Timbie. Mr. Hinman spoke on the "Spirit of Thanksgiving." First he spoke of the origin of Thanksgiving, and gave instances of the festivals of Thanksgiving held in early Greek and Roman times. Next, Mr. Hinman told the history of the American Thanksgiving Day from the time when it was first instituted by Governor Bradford in 1621 until it was in 1815 made permanently a national affair. He then spoke of the many reasons for giving thanks, and in closing urged the resuming of the old-fashioned Thanksgiving of home-gathering, rather than the modern Thanksgiving which tends to draw people away from home.

Discussion Groups

The first division of Mr. Stackpole's Discussion Group on "Future Occupations," met at his house Sunday after service. Twenty-nine were present. The second division met last evening and the third division will meet on Thursday night at 7 o'clock. Among the topics to be taken up will be Business, Architecture, Engineering, Law, Medicine, and Teaching. Ninety-six fellows have enrolled for this course.

The Discussion Group on "Student Questions," will meet at Mr. Stackpole's house promptly at 7 tonight. Thirty-nine fellows have enrolled for this series. It is hoped that a majority of those who chose this group will find Wednesday night convenient, as it seems to be the best available time.

Sunday at 11.30. Future Occupations. Div. I.

Tuesday at 7. Future Occupations. Div. II.

Wednesday at 7. Student Questions.

Thursday at 7. Future Occupations. Div. III.

All these discussions will be limited to three-quarters of an hour. The members of the groups are urged to be on hand promptly.

B. A. A. Arranged for

The athletic committee of the B. A. A. announces that the Twenty-First Annual Indoor Athletic Meet will be held on Saturday evening, February 12, in Mechanics building, and that the Annual Schoolboy meet will be held Saturday afternoon, February 26. Manager George V. Brown is arranging a series of team races between the foremost schools, clubs, and colleges, for the annual indoor meet.

The Grenfell Collection

Every year at the close of the fall and winter terms, it has been customary for the society of Inquiry to make a collection of all the old clothes, shoes, magazines, books, etc., for which the fellows have no more use. Some of these are sent to Dr. Grenfell, who is carrying on some missionary work among the people of Labrador, and the rest to the Seamen's Friend society in Boston. It is a great help to the collectors to have contributors to the collection do up their offerings in a strong bundle, so that time may not be wasted during the collection in waiting for fellows to look things up. The object is to canvass the school in one night, and this can easily be done if everyone will do his share in helping out.

A great many fellows do not give articles for fear they will be of no use. This is far from being so, for everything that cannot be used by Dr. Grenfell in the north can be used by the Seamen's Friend society in Boston. There is no article of wearing apparel so poor but what some use can be made of it, and no magazine or book so old but there are plenty of poor people who have not had an opportunity of reading it. Give anything and everything. It is all useful. As Andover was the first American school at which Dr. Grenfell ever spoke, and as he has always had a lively interest in the Academy, it behooves the Andover men to continue to make liberal contributions to Dr. Grenfell in whatever way they can.

Next Tuesday night the fall collection will be made. If every fellow in school will hunt up all the old clothes and the like that he can find, and be ready with them for the collection, Andover will have another large offering for Dr. Grenfell.

Boxing Classes

Mr. Fred Bryson, who has been prominent in the ring for the past few years, is here again to instruct classes in boxing. He will come Tuesdays, Wednesdays, and Fridays, and will give each man individual attention. Boxing may be substituted for the regular gymnasium work. The rates are reasonable, and the hours of the lessons will be made so as not to interfere with anyone's schedule. All fellows who have not already signed up but desire to do so, should hand their names to Dr. Page or to Tompkins, Brick House 20.

Dancing Lessons

Miss Stork, who has been giving instruction in dancing to the students of the Academy for the past three years, will continue the classes this year at the November Club on Locke street. The classes will be held every Monday evening between 6.45 and 8, and will be open to the entire school. The first class

will be on January 10; but arrangements should be made before the vacation period.

The rates will be ten dollars for twelve lessons, unless over eighteen men go in for the classes, in which case the individual rate will be eight dollars. A special rate will be made to all Commons men. All names should be handed in to Tompkins at 20 Brick House.

Hockey Candidates Called Out

Captain Martin wishes to issue a call for hockey candidates. All men who have ever played at all, or would like to try, are urged to come out and try for the team. Candidates for both the varsity and the class teams should report at the gymnasium this afternoon at 2.15 for shooting practice. Every man should report in suits, and should bring hockey sticks. Defence men should provide themselves with shin-guards.

Brown Basketball Schedule

The schedule of the Brown University basketball team for this season is as follows:

January 8—R. I. College.
January 12—Worcester Polytechnic.
January 15—M. I. T.
January 19—Tufts.
January 22—Wesleyan.*
January 26—Tufts.*
January 29—Yale.
February 2—Wesleyan.
February 5—Andover.
February 9—Williams.*
February 16—M. I. T.*
February 19—Cornell.
February 22—West Point.*
February 23—Pratt Institute.*
February 26—Williams.

Games marked * are not played at Providence.

Hockey at Exeter

Ice hockey is to be encouraged at Exeter during the coming winter, and for that sport three rinks are now in construction. It is not probable, however, that a regular school team will be organized this winter. A series of games will be played between the classes. If the sport proves to be a success this year, it is the intention of the authorities to form a regular school team next season.

COLLEGE NOTES

Purdue has made a ruling that the entire expenses of all freshmen athletic teams must be met by the members of that class.

Undergraduates at Bowdoin College have started a campaign to obtain part of the million endowed to the institution this year for a new gymnasium.

Princeton has run into some hard luck in track. J. E. Sterrett, who enrolled this fall from a western college and who can pole vault 12 feet 2 inches, is ineligible because he is a member of the graduate school.
