BASKETBALL TODAY

Andover Plays the Boston Interscholastic Team. Change in Line-up

This afternoon the basketball team will play the second game on its schedule with the Boston Interscholastics. Several Andover men who would otherwise play, will not be able to get into the game owing to conditions. Two men, S. K. Smith and Brann, who played in the game with Tufts, cannot play on account of sickness. Notwithstanding these difficulties, the team is a fast one, and should play a very good game. Andover will line up as follows:

E. L. Brown, c.
Raymond, f.
Whittemore, f.
Butts, g.
Sheldon, g.

This afternoon the hockey team will play their second game of the season with the Harvard Freshmen, on the varsity rink at Brothers Field. The college players have a strong team, and Andover will have to play a fast game to defeat them. The Andover team will be considerably stronger than in the last game, since several men, including Captain Martin, will be able to play who could not before, and the team should make a very good showing against the Crimson Freshmen. The line-up will be as follows:

ANDOVER	HARVARD '13
Wheeler, Erick, Dickey, g.	
	g. Gardner
Paine, p.	p. Graustein
K. Reynolds, cp.	cp. Booth
C. Martin, f.	i. Pratt
Bushnell, Miller, f.	
	f. Locks, (Copeland)
Paradise, Foster, f.	f. Baldwin
Middlebrook, f.	f. Palmer

Junior Prom

The Junior Prom this year will be one of the best ever held in the Borden gymnasium. Chairman Thompson has been working hard to make the affair a success, and a large attendance is assured. The committee has been selected by Chairman Thompson and consists of the following men:

Norman Franklin Thompson, chairman, Fall River, Mass.
Beecher Harold Fonda, St. Albans, Vt.
Norman Williams, Andover.
Wilmot John Hall, Washington, D. C.
Harold Chancellor Black, Seattle, Wash.

NEW RECORD STANDS

Manager Swihart of the track team has been notified by Assistant Manager Soule of the Yale track team that the record for the low hurdles, of 25 1-5 seconds, established by Captain S. W. R. Eames of the Andover track team at the Yale Interscholastic meet last spring has been allowed.

At the time the race was run there was some doubt about the new record, but this letter establishes it. The former record was 25 2-5 seconds.

Hockey Cut

Captain Martin has made a cut in the hockey squad. All the men on the squad who have not conditions are asked to report tomorrow afternoon at the rink on Brothers Field. The men with conditions need not report tomorrow, but they should report on Friday.

The following now comprise the squad: Captain Martin, N. C. Palmer, D. T. Rogers, L. Paine, K. Reynolds, Bordeau, Morris, S. Coffin, P. Owen, H. G. Foster, Bushnell, Paradise, Ehrich, J. P. Gifford, Wheeler, Miller, W. G. Dickey, York, H. Middlebrook, W. Smith, Tupper.

Basketball and Hockey Men Excused

The following men have been excused from gymnasium work for the basketball team: O. H. Sheldon, S. I. Hunt, J. C. O'Brien, Whittemore, Thomas, S. K. Smith, B. H. Hay, Brown, Scudder, Gordon, G. H. Tilton, E. L. Brown, Phillips, D. Raymond.

For the hockey team: W. C. Palmer, Rogers, Bordeau, S. Coffin, F. O'Neil, K. Reynolds, P. Owen, H. G. Foster, Bushnell, J. R. Gifford, Paine, Wheeler, F. L. Porter, C. Martin, H. Middlebrook, R. Bartlett, Gile, S. J. Brady, Ladd, E. H. Hall, J. C. O'Brien, Jr., Jackson, O. H. Smith, Wortham, H. W. Bell, MacDonald.

N. F. Thompson has been elected chairman of the Swimming Pool committee for next year, and R. M. Thompson has been elected chairman for this year to fill out the term of O. H. Sheldon, who has resigned.

Dancing Class Notice

The regular meeting of the Monday evening dances was held last Monday night at the Andover club. About thirty-five fellows were on hand, and the second lesson of the course was a very successful one. The following are members of the class, and will report for the regular classes throughout the term: E. L. Brown, M. J. Hayes, Buehler, MacCrone, F. W. Smith, C. M. Sterne, G. R. Hall, Damon, Shannon, P. G. Hudson, Pratt, Torrey, Whittlesey, D. M. Hughes, Castle, Ehrich, Eggleston, Miller, Clark, Smeltzer, L. H. Hill, C. H. Waldradt, L. T. Hill, Goggin, Chaffee, Ellis, Hart, Hawley, C. S. Reed, W. O. Taylor, R. A. Colwell, G. H. Pearce, and H. R. Harris.

If any other fellows desire to enroll, they should do so before next Monday evening.

Gym Notice

A change has been made in the arrangements for the Boxing,

Wrestling, and Fencing classes. By a ruling of Dr. Page, no one has been allowed to enter these sports unless they have had A1 in their gymnasium work. By this change in the rule, all men who received enough points in their tests to make an average of A, 1, 2, or 3, will be admitted to the classes. Hence, a failure to pass with a high mark, one, or two of the required tests, will not necessarily block a man's entering the courses.

All the men, who under this change will be able to go in for any of this work, should arrange their schedule for the same with Tompkins, at Brick No. 20, before the end of the week. The Boxing class is pretty well filled now, but there are plenty of vacancies in the Wrestling and Fencing classes, which are just starting. The terms in both divisions are very reasonable, and a large class in both is anticipated.

The Medico-Chirurgical College of Philadelphia

Affords Unusual Opportunity for the Study of

Medicine, Dentistry, Pharmacy and Pharmaceutic Chemistry

If your chosen profession is along these lines no better preparation for it can be had than at this College. It is advisable for every young man to investigate the merits and facilities of The Medico-Chirurgical College before he decides definitely upon any particular one. The faculty consistently maintains a reputation for ability and modern methods of teaching. The College is situated in the midst of a large manufacturing district. The hospital cases from this source are extensive and varied in character, and with the largest and finest Clinical Amphitheatre in the World afford unsurpassed clinical facilities. The buildings are modern and thoroughly equipped in every respect. In each department degrees are granted at the end of carefully graded courses. Students have the advantage of Practical Instruction, Free Quizzes, Limited Ward Classes, Modern Seminar Methods and Clinical Conferences. Fourteen Laboratories. Upon presentation of proper credentials, students from other recognized colleges are admitted to higher standing. Address the Dean of the Department in which you are interested for an illustrated catalogue, describing the course in full and containing information as to fees, etc.

A CHASE TIE

Perhaps the house made its first and for a long time its most distinctive reputation on its neckwear. While other articles have become more and more firmly identified with the name—Chase hats, Chase shirts, and so on—the success with ties, in quality, distinction, uniqueness, form and workmanship, has continued to strengthen the reputation first acquired.

Perhaps we can supply you with samples. Our mail service proves very satisfactory to many.

Judge Dana Dead

Judge Sylvester Dana, the oldest member of the New Hampshire bar, died last Tuesday, in his 94th year. He was the oldest graduate in point of years, of Dartmouth college.

Judge Dana was born in Orford, N. H., October 19, 1816, the son of Rev. Sylvester Dana, who was pastor of the Orford Congregational church. He fitted for college at Haverhill Academy and at Phillips Academy. He entered Dartmouth in 1835, from which he was graduated with the class of 1839. He taught school during three winters to pay his expenses, and spent only one winter term at the college.

Judge Dana went to Concord in 1839 to study law in the office of Franklin Pierce, who afterward was elected President of the United States. He finished his course in the Dane Law School, Cambridge, Mass., and was admitted to the bar in 1842. After twenty years of practice, he was appointed judge of the Concord municipal court, where he served until retired on account of age. It is believed that he served a longer period than any other judge in the history of the state under one commission.

Reading Notice

The Rensselaer Polytechnic Institute at Troy, N. Y., which is the oldest school of engineering to be established in any English speak-

ing country, has completed a new laboratory for the departments of mechanical and electrical engineering at a cost of \$415,000. This building was erected with part of the million dollars given by Mrs. Russell Sage. It is the fourth new building erected by the institute within the last four years.

Many new machines have been installed in the laboratories for the tests of the strength of materials, one of these having a capacity of one million, two hundred thousand pounds.

The new club house and the athletic field which contains a baseball diamond, football field, tennis courts and running track, are situated on the campus adjacent to the buildings and are therefore easy of access for students wishing to use them.

The institute gives courses in Civil, Mechanical and Electrical Engineering and General Science, leading to the degrees, Civil Engineering (C. E.), Mechanical Engineering (M. E.), Electrical Engineering (E. E.) and Bachelor of Science (B. S.). During the past four years the number of students at the school has increased from 225 to 670.

The preacher at both services next Sunday will be Rev. Charles S. Mills, D. D., of St. Louis. Dr. Mills was brought up in Andover, and graduated from this school in 1878. He then went to Amherst college and to the Andover and Hartford Seminaries. After a long and successful pastorate in Cleveland, he was called two years ago to one of the largest Congregational churches in St. Louis. Dr. Mills is one of the leading preachers of the west.

Harvard Manager

Yoneo Arai, a Japanese student in the Sophomore class at Harvard, has been chosen second assistant manager of the baseball team, and will become manager of the nine in his Senior year. He is the first foreign student within the memory of the present generation to qualify for the position of manager of one of the athletic teams. He prepared for college at St. George's school, Newport. Several American students tried for the position, but Arai proved the most capable of all the candidates.

Inquiry

Mr. Stackpole was the speaker at the regular meeting of Inquiry last Sunday evening. He gave a short talk on the early history of the Academy. Mr. Stackpole has the proof of a book that was written for the celebration of the hundredth anniversary of the school, but which was never published. This book is made up of a number of facts that were collected from different sources. From this book he told a good many very interesting incidents, and some of the earlier customs of the school.

Archaeology Notes

The meeting of the American Association for the Advancement of Science was held in Boston December 27-January 1. About 980 scientists were in attendance, representing twenty-six divisions or branches of science. In the Anthropological section about forty members attended. Both Dr. Peabody and Mr. Moorhead read papers. Dr. Peabody was elected secretary of the section for this year.

The birchbark manuscript from Iowa which has been in the museum a long time was exhibited to the scientists in order that they might decide whether it was genuine Indian or not. After some discussion, the gentlemen present gave the opinion that the birchbark manuscript (on which are strange characters) is genuine and pre-historic. This removes doubt from the only specimen regarding which there is uncertainty in the entire museum.
