FALL TERM HONOR ROLL

Six Men Make the First Honor Roll and Nineteen the Second for the Fall Term

The honor roll of the Academy for the term of 1910 has just been completed. While the roll is somewhat smaller than that of the corresponding term last year, still it is one creditable for its length. There are six men who had no grade lower than 82 and a grade of at least 92 in half the number of hours, the rank necessary to make the first honor roll. Last fall eleven men attained this rank. Nineteen men made the second honor roll as against twenty-one last year. This honor is awarded to those who have an average of 85 and no grade lower than 72. It takes no small amount of effort and perseverance to make either honor roll, and those who have done so are to be congratulated on their success. The complete list is as follows:

Scholarship of the first grade:

Clarence Auty, Andover.
Carroll Miller Hall, Jamestown, N. Y.
Phillips Garrison Morrison, Andover.
William Ogreaan, Providence, R. I.
William Maxwell Rosenfield, Towanda, Pa.
Harold Phillips Wilson, Clearfield, Pa.

Scholarship of the second grade:

Thomas Calvin Atchison, Jr., Lawrence.
Howes Bodfish, Vineyard Haven.
Alexander Bern Bruce, Lawrence.
Robert Morgan Burrowes, Kinderhook, N. Y.
Robert Strong Cook, Canandaigua, N. Y.
John Stahl Ferguson, Paducah, Ky.
Gaylord Merritt Gates, Andover.
William Markley Himebaugh, Co-shocton, O.
William Bayly Kephart, Rock River, Wyo.
Stanley Morrison, Redlands, Cal.
Timothy Joseph O'Sullivan, Jr., Andover.
Richard Parkhurst, Winchester.
Norman Huntington Platt, Dover, N. J.
Leonard Smith, St. Joseph, Mo.
Victor Applegate Space, Suffern, N. Y.
Egbert Foster Tetley, North Chelmsford.
Bernard Elroy Tripp, Palmer Falls, N. Y.
Frederic Roger Whittlesey, New York, N. Y.
Frederick Colburn Wilson, Andover.

Free Illustrated Lecture

Thursday evening, January 12, at eight o'clock, Dr. Charles Peabody of Harvard University will speak on "The Folk Lore of New England," in the Archaeology building. There will be numerous lantern slides.

The students are cordially invited to be present. Excuses may be obtained from class and house officers.

BASKETBALL GAME TODAY

Andover Meets Boston College in First Game of Season in Borden Gymnasium at 3:30 Today

This afternoon at 3:45 Andover meets the Boston College five in the first basketball contest of the season. This is the first time these institutions have met in this branch of athletics. Boston College has one of the best teams in its history this year, and they have met and made a very creditable showing against some of the stronger college and school teams in and around Boston during the past holidays. They have had a number of games and this is a great advantage, when the fact that this is Andover's first game is borne in mind. Andover will also be handicapped by the loss of several first-team men, who are out of the game on account of conditions.

Since this is the first game of the season, it is essential that every man who can possibly come should be in the gallery this afternoon to give loyal support to Captain Hay's team. The team has practiced hard and diligently, and we can best show our appreciation of their work by coming out in large numbers.

Andover's lineup will be as follows:
Darling, Dillon, rg.
Hay (captain), lg.
Butts, c.
Washburn, rg.
Gould, lf.

Forum

The first meeting of Forum for the winter term was held on Friday night in the basement of the Archaeology building. The meeting was called for the purpose of discussing the subject for the trials for the Philo-Forum debate. The subject for debate is: "Resolved that the Government's policy of conservation is unwise."

Brady and Gould spoke on the merits of the question and urged all the fellows to come out for the trials. The names of A. C. Black, C. R. Bordeaux, and M. Clarkson were proposed for membership.

Practice Hockey Game

Hockey practice is called today, at 2:30, and at 2:45 there will be a practice game between the following teams:

1ST TEAM	2D TEAM
Sturgis, g.	g. Hammerslag
Coates, p.	p. Warner
Bullivant, cp.	cp. Forsyth

SWIMMING POOL FUND

Encouraging Work Done During the Vacation. \$8517.18 Raised to Date.

The amount of money turned in to the Swimming Pool Committee since the Christmas vacation is a splendid proof of what may be accomplished when Andover men put their shoulder to the wheel and really go after something. With the tide coming in as it is now, the building of the Swimming Pool is assured. But we can not hope to have this tide continue unless every member of the school buckles down and gets into the work with all the vim, strength, and energy that is in him. So far, the main burden of the work has fallen on the shoulders of about one hundred fellows, and to them is due most of the credit for obtaining the money collected to date. Now, it is up to the other four hundred men in school to get in this work and do their share. Some of the money so far subscribed has been given on condition that the rest of the amount be in on February 1st, and unless the full sum is subscribed by that time, it means that all the effort and time so far expended will go for but little. This makes it doubly imperative that every man put some real old Andover spirit and enthusiasm in this campaign, the successful accomplishment of which means so much not only to us in school today, but also to those who come to Andover after us. Only twenty days more remain in which to secure the rest of the money needed, and we all must work our mightiest in order to get it.

All pledge cards should be handed in to some member of the Committee as soon as possible, and all cards should have the team number of the one who secured the pledge marked in the proper space. All checks for the fund, made out to the order of an individual, should

NEW MEMBER OF FACULTY

Mr. Porter Fills Vacancy Left by Mr. Sanborn who Has Been Granted Leave of Absence Because of Recent Illness

One important change on the Faculty is noted at the beginning of the current school term. Mr. Sanborn, who passed through a long and serious illness last spring and summer, has been granted leave of absence for the remainder of the year; and the vacancy has been filled by Mr. Edwards Chappell Porter, a graduate of Beloit College in the class of 1909. This change will necessitate some readjustments of the schedule of the English Department.

While at Beloit, Mr. Porter specialized in English and Public Speaking, and after his graduation from the college he was recalled to fill the position of instructor in Public Speaking. He was reelected to this position at the close of the last college year but preferred to take up work in the Harvard Law School. Unexpected circumstances developed which made it necessary for him to abandon his Law School work temporarily, and the Academy is fortunate in being able to secure his services.

While in college Mr. Porter participated prominently in the general activities. He was a high stand scholar and one of the best men of his time in debating and public speaking. He was a member of two successful intercollegiate debating teams, won the prize for extempore speaking and took third prize in the interstate oratorical contest, an affair involving some seventy middle-western colleges and universities. He was also a member of the football team and the glee club, and generally popular throughout the college. Mr. Porter has also the advantage of having travelled in this country and abroad. In addition to his work in English, he should undoubtedly prove a great assistance in furthering the debating and public speaking interests of the school. In all probability a voluntary class in Argumentation and Public Speaking will later be formed.

Calendar Notice

All fellows who subscribed for school calendars are requested to call at the Archaeology Building and get them Wednesday and Saturday afternoons, for the managers are experiencing some difficulty in having their account straightened in as much as there are a number of fellows who failed to call for their calendars before vacation.

THE ANDOVER PRESS

January 11, 1911

This issue in charge of Managing Editor.

The meeting of Inquiry last Sunday evening showed the need of work among the foreigners in Lawrence and the method that will be used in carrying on this work. Lawrence has a large population of foreigners who do not speak the English language and this is a good opportunity to do real service that will be appreciated by those for whom it is done. We hope that a large number of fellows will take up these classes.

We wish to urge all persons having notices to be published in the *Phillipian* to sign them for the heeler to whom the notices is given. This is to assure that they are correct. We have no way of knowing that names of men on the various squads, or times of practice and rehearsals and other news of this kind is official unless the signature of the person responsible is given. We ask you to do this for your own good. We also request that persons who have news regularly do not promise to give the news to one heeler, or if they do, to see that the news is in early. News that is delayed because it is promised and is not given to a heeler when we send for it can not be published.

Forum Trials

In place of the regular meeting of Forum on Friday, the trials for the Forum debating team will be held. The subject for debate is "Resolved, That the government's policy of conservation is unwise." The trials will take place at 7.15 p. m., in the lecture room of the Archaeology Building. The judges of the trials will be members of the faculty. The four best men will be chosen to represent Forum in the annual Philo-Forum debate.

The trials for the Philo debating team will be held on Tuesday night in Pearson Hall.

Discussion Classes Start Sunday

All Bible and discussion groups will start next Sunday following the regular schedule which has already been given out. About 200 fellows have handed in their names to take up this work, and no doubt this part of the school work will be more successful this year than ever before.

If any fellows desire to take up this work, and have not yet handed in their names, they should see Mr. Stackpole or Clarkson at once.

Special Gymnasium Class

The following men will report in the special gymnasium class which meets at 2.15 on Wednesdays and Saturdays:

H. C. Brown, W. A. Coles, P. S. Crary, P. C. Cutler, Davis, Dyer, Forsyth, D. F. Frost, Gardner, R. B. Harlow, P. Hayes, R. N. Jones, H. J. Koop, Lahr, D. A. MacDonald, Mahan, R. C. Martin, Meader, H. T. Middlebrook, L. S. Middlebrook, Milne, E. M. Noyes, J. C. O'Brien, R. N. Powers, J. S. Reilly, Ripley, D. T. Rogers, E. J. Rosener, E. S. Sawyer, W. P. Sheffield, Snyder, P. F. Stewart, A. B. Tilton, A. L. Wells, W. Wright, T. W. York.

1914 Basketball Practice

The 1914 basketball squad is asked to report at the gymnasium tonight at 6.30 for practice.

Middle Class Officers

The meeting of the class of 1912 held in chapel this morning elected the following officers to serve for the winter term: President, Donald MacMurray of Chicago, Ill.; vice-president, Robert B. Harlow of Hyde Park, Mass.; secretary and treasurer, Clyde T. Timbie of Pittsfield, Mass.

1912 Basketball Practice

The 1912 basketball squad will report for practice in the gym at 6.30. This will probably be the last practice before the beginning of the interclass schedule, so every member of the squad must be present.

Chapel Speakers

The preacher next Sunday will be Rev. G. Glenn Atkins D.D., of Providence. Dr. Atkins preached the baccalaureate sermon at Andover last Commencement. Other preachers this term will be the following:

- Jan. 22. President E. A. Pad dock of Idaho.
- Jan. 29. Prof. L. H. Miller of Princeton.
- Feb. 12. Rev. Nehemiah Boynton of Brooklyn.
- Mar. 12. Mr. David R. Porter of New York.

Sunday Offerings

The offering on December 18th for the Lawrence work was \$47.45. The offering last Sunday amounted to \$35. The fellows who go home for Sundays are urged to make contributions. Some plan for receiving these gifts will be announced soon. An average of \$45 a Sunday is needed.

Senior Class Officers

At a meeting of the Senior class held after Chapel on last Friday morning, officers for the winter term were elected. Norman F. Thompson of Fall River, Mass., was chosen president; Herbert J. Koop of Chicago, Ill., was elected vice-president, and Harold H. Gile of Colorado Springs, Colo., was honored with the office of secretary and treasurer.

Gym Class Schedule

For the benefit of those who are in doubt as to the gymnasium class schedule, it is printed below:

	MON	TUES	WED	THURS	FRI

2.15	C	A		B	C
3.00	D	E		D	D
3.45	E			E	

Special class for the track squad at 2.15 on Wednesdays and Saturdays.

Philo

The first meeting of Philo for the winter term was held last Friday night. The secretary's report for the winter term was read. The report showed that the average attendance at the meetings of the fall term was 21. This was followed by a general discussion concerning the debate with Forum and the work to be taken up during the term. John M. McHatton was chosen as the society's representative to the Student Council to fill the vacancy caused by the resignation of B. A. Tompkins. After other miscellaneous business had been transacted, Mr. Porter spoke entertainingly on the spirit of debating and the elements and methods of successful speaking and debating. The meeting adjourned at about eight o'clock.

The program for the meeting of Philo to be held next Friday evening is as follows:

Select Reading, Torrey
Topics of the week, Porter
Debate: Resolved that the new system of athletics to be introduced in Phillips Academy will be for the best interests of the school as a whole;

Affirmative: Wilson, leader; Bruce, assistant; Negative: Shepherdson, leader, Taylor, assistant.

Mr. Lillard will act as critic.

Rooms for Work in Lawrence

Suitable rooms for carrying on the work in Lawrence have been found recently, and will be engaged some time during the week. The furnishing of the rooms will be begun immediately so that classes can be started about the middle of the month.

Means Prize Essays

The essays for the forty-fourth annual competition for the Means Prizes for original declamations should be handed in to Mr. Leonard on or before January 16, 1911. Preferably they should be typewritten, but this is not necessary. They should be signed with a pseudonym, and each essay must be accompanied by a sealed envelope containing both the contestant's real name and his pseudonym, besides having the pseudonym on the outside.

This contest is the most important literary one in school with the possible exception of the Philo-Forum debate. It was founded in 1876 by the late William G. Means of Boston. The prizes are twenty dollars to the first, ten dollars to the second, and eight dollars to the third, and the competition is open to the entire school. Ten essays are selected by the judges, from those submitted. These judges later act as a committee of award, the prizes being given on the merits of both composition and delivery. This year the list of subjects was an unusually representative one, and there is promise of keen competition.

Inquiry

There was a very good attendance at the meeting of Inquiry held on last Sunday evening. Mr. Clark Carter of Lawrence and Mr. Clough were the speakers of the evening. Mr. Carter told how in 1908, the president of the society came to him to talk over what has since developed into the Andover work in Lawrence. He spoke of the theories of student life; the one to spend all ones time in study, is the best preparation for the things to come; the other, to do things now, together with our study, is the best preparation. He believed the second theory was the better, and that practice is the best preparation. He called, "Life not a study to do, but a doing in order to learn to do more." He told of Andover and Lawrence, as he had seen them fifty years ago, and of the great increase in the foreign population of the last named city. Mr. Carter spoke of the spirit in which the work in Lawrence must be carried out. He said that it must not be considered as a work of charity, but as one of simple business. If we want our country to remain true to the principles upon which it was founded,—love, liberty, and justice, we must take it upon ourselves to educate these people in those principles. Moreover, it will be of advantage, both to us and to our descendants to do this work; to ourselves, because we must in our after life deal with them; to our descendants, because it will be to their advantage that these competitors are fair and square ones, which they will be if their fathers understand our government.

Mr. Clough outlined briefly the method and manner of the work, and asked any members of the school who have suggestions concerning this work to please see him or Mr. Stackpole. He told why he himself was interested, and that he had refused a much better position in point of salary because of his interest. He spoke of the need of united effort, and closed by asking anyone who wished to see how the work was being carried on to come over to Lawrence when it was underway. A fuller outline of the method of work will be found elsewhere in today's *Philippian*.

The system of teaching the English language will be similar to that now successfully used in some of our large cities. This consists of a course of twenty lessons, at the completion of which each man will have a vocabulary of seven hundred words. A chart is hung up in front of the class bearing some simple sentence. Slips of paper on which is the same sentence are distributed about the class. The instructor then by illustration imparts the meaning of the sentence to the class.

In Lawrence a room will be secured large enough to accommodate two classes of about twenty men, each of which will be in charge of two fellows. These classes will meet; two on Monday

and Thursday evenings, and two on Tuesday and Friday evenings. On Wednesday evening, lectures and illustrated talks will be given on citizenship, sanitation and other questions of civic life. A call for fellows to take up this work will be made when the plans are completed.

Board Track Practice Starts

The varsity track squad reported to Trainer Peet for the first time since the holidays on last Saturday afternoon. The squad is not as large as it should be, considering the size of the school, and all men of any ability in this work are urged to report to Capt. Martin as soon as possible. The prospects are none too bright, but it is hoped that the indoor and board track meets of this term will bring out some promising material. The squad is especially weak in regard to sprinters and weight men.

A number of fellows who intended taking up track this term have, because of the hard schedule, given up that intention. The schedule is hard at first, but every fellow will, as soon as he makes good, be allowed to drop his gym work. It means a little hard work at the start, but as long as the team is in such need of men, everyone who has any ability ought to feel it his duty to come out. There will be a class on Wednesday and Saturday at twelve o'clock for pole vaulters, high jumpers and shot putters. Weight men especially are needed. Every effort is being made by trainer and captain to turn out a good team. The only lack now is men, so it is hoped that all those who have decided to give up track will give the question a reconsideration and lend their support to the team.

Dr. Peabody Returns

Dr. Charles Peabody of Harvard University has returned from an extensive trip of archaeological research in North Carolina, and will now take charge of the class in that subject which has hitherto been under the direction of Mr. Moorehead.

Library Notice

Hereafter the library will be open during the day only. Books may be secured there by applying to the librarian in charge. Those who have library books in their possession are kindly requested to return them at once. Special hours will be announced later.

The school is very fortunate in securing the services of Mr. Albert Farnsworth as librarian for the rest of the year. Mr. Farnsworth graduated from Andover in '06. He took the prize in English History which was formerly given to the best student in that subject. He entered Brown University and toward the latter part of his course, gave special attention to the study of history. After his graduation in 1910 he became a teacher of history in the Providence High Schools. He was forced to resign recently on account of ill health.

Repeating Shotguns

USED IN THE U. S. ARMY.

The U. S. Army authorities *know* a gun; that is why, when they decided to equip some troops with repeating shotguns, they selected the Winchester in preference to all other makes. The experts of the U. S. Ordnance Board also *know* a gun; that's why, after submitting a Winchester Repeating Shotgun to all sorts of tests, they pronounced it *safe, sure, strong and simple*. If you want a shotgun—buy the one whose strength and reliability led the U. S. Army authorities to select it and the U. S. Ordnance Board to endorse it—that's the Winchester.

be properly endorsed before being handed. If the fellows will tend to those matters they will save the Committee a good deal of extra work. Any member of the Committee is most willing to volunteer suggestions, answer questions, help write letters, countersign the same, or in any other way or manner help any fellow who desires their aid, and if anyone has any lines out, they will be only too glad to help him pull them in.

Below is given the standings of the respective teams to date:

- TEAM I—\$272.00
- TEAM II—\$320.00..
- TEAM III—\$1784.00
- TEAM IV—\$1110.00.
- TEAM V—\$1647.00.

The Commons men have secured \$108.05. The total amount of cash and subscriptions at present on hand is \$8517.18.

A clock similar to the one in the gymnasium will shortly be hung on the storm door of the chapel. This will enable the fellows to keep accurate tabs on the money as it comes in.

Assistant Track Manager Candidates

The following men have handed in their names as candidates for the position of assistant manager of track: M. E. Brann, C. M. Hall, and W. W. Sheldon. All other fellows who wish to try for the position must hand in their names to T. W. York at once.

Wrestling

Only four men have entered the wrestling class up to date, Donaldson, Johnson, Miller and Nichols. Before the instructor in this work can begin, it will be necessary to have more men. Names may be handed to Tompkins at the gymnasium today between two and five. "A"s will be given to the winners in the different weights at the end of the term, and the competition for them should equal that of last year.

Pot Pourri Notice

Now that vacation is over, all Seniors and non-returning Middlers should have their pictures taken, unless they have already done so, as soon as possible. During the winter term there is not very much going on, and each man can find time to drop in at Purdy's, 145 Tremont St., Boston. The editors have specified Purdy's because they have made a special arrangement by which without extra expense to the fellows, the photographer will make a special print for the *Pot Pourri*.

Any fellows who do not want to have another photograph taken this year, but wish to have an old one put in the *Pot Pourri* will please hand one of the same to C. R. Lord, Abbot 6, as soon as possible.

The following men have handed their names in for artists of the *Pot Pourri* so far: Cox, J. C. O'Brien, W. W. Butts, Snyder, Pitkin, and Mead. Anyone else who has ever done anything of the kind before, or who has any ability, and wants to go out for the position, may do so by handing their names to C. R. Lord, Abbot 6, some time before Saturday.

Notice

Undergraduate Treasurer Ripley will be at the gym this afternoon from 2.30 until time for the basketball game, to receive the subscriptions of those fellows who have not yet paid up their athletic dues for the winter term.

Mandolin Club Notice

More spirit should be shown this season in regard to the support of the musical clubs by the school. At the present time the Mandolin club is very much in need of more guitars. There are surely some more fellows in school who can play the guitar, and it will be a great help if they will report to Mr. Handley in the Archaeology building. Those who are barred on account of scholarship are urged to try and pull their work up so that they can represent the school.

Track Notice

The men who are out for the shot put, hammer throw, broad jump and high jump will report at the gymnasium between twelve and one o'clock today. All other men in the special gym class report at 2.15.
