## BOSTON COLLEGE WINS

Andover Defeated in the First Game of Season by Score of 18 to 17

Andover was defeated in the first basketball game of the season, by Boston College, last Wednesday afternoon, by a score of 18 to 17. The game was very close and exciting, and although outplayed at the beginning of the game, Andover came up rapidly towards the end, and almost succeeded in tying the score. Both teams played a good game and were very closely matched.

It was Andover's first game of the year, and the team was somewhat weakened by the absence of several men who had showed up well in practice. Butts, Gould and Captain Hay all did clever work for Andover. Boston showed more accuracy in shooting baskets, and Churchwood made one long shot that was exceptionally good. L. Heath and Duggan also showed up well for Boston. Andover did not strike its gait until the second half, and consequently the play of the first half was rather uneventful. However, in the latter part of the second period the game became very exciting, and for a time it looked as if Andover would win, but the calling of time halted their advance.

Butts scored the most goals for Andover, securing three in all. Gould was next with two, while Hay and Washburn got one each. Hay also scored three points on free tries. For the visitors Duggan led with four goals to his credit. Heath got three and Churchwood two.

The game in detail:

### FIRST HALF

Duggan started the scoring by securing a basket. Boston College fouled twice, and Hay scored a point on the second one. L. Heath then made a sensational goal from the center of the floor. After some pretty passing between Gould and Butts the latter caged one. Time was called soon afterwards. Score: Boston College 4, Andover 3.

### SECOND HALF

Soon after play began time was taken out for Churchwood, but he resumed play. Duggan shot another basket almost immediately. Washburn tried a long shot, but just missed. Duggan shot another basket, immediately followed by a goal by Churchwood. Washburn and Gould shot goals in quick succession. L. Heath fouled. The point was secured by Hay. Church-

## ADVISORY BOARD MEETING

Votes to Contribute any Amount up to \$10,000 for Swimming Pool

At the meeting of the Athletic Advisory Board held in Pease House last night, the question whether the board could help the Swimming Pool Fund was brought up and put to a vote. It was decided that the board would stand ready to contribute any amount up to \$10,000, provided the school raised the balance of the required amount. This means that the fellows have got to raise a little over four thousand dollars between now and the first of February. This can be done in no time at all if the fellows will only put their hearts into the work.

The first hockey game of the season for Andover will be played this afternoon at three o'clock with Rindge Manual Training School of Boston. The game will be played on Rabbit's Pond. Rindge won from Andover last year by a very close score, and we want to give them a hard game if the ice is in condition. The school can depend on Capt. Rogers and the rest of the team for the rest. Last year the hockey team could only play one game, on account of the poor condition of the ice, although a very good schedule was arranged.

This afternoon the team will line up as follows:

Hamerslag, g.  
Taylor, p.  
Sturgis, cp.  
H. Middlebrook, lw.  
Miller (Cook) c.  
Rogers, r.  
Fletcher, rw.

Manager Williams has arranged a game with the Dartmouth varsity hockey team. The game will be played at Hanover on February 25. This will make a good long trip for the team.

### Glee Club Notice

Trials for the Glee Club will be held Monday evening at 6.45 in the basement of the Archaeology building. All fellows without conditions are especially urged to come out.

### Pot Pourri Notice

All fellows who wish to try for the position of assistant manager of the *Pot Pourri*, please give their names to A. H. Schoellkopf or C. R. Lord after chapel, or at the Cheever House. This position is open to Middlers or those who will be non-returning Middlers next year. A prize of ten dollars will be awarded to the fellow who sends in the greatest number of "grinds."

## ARCHAEOLOGY LECTURE

Dr. Peabody Gives Interesting Lecture on Folklore

An interesting lecture on the "Folklore of New England" was given by Dr. Charles Peabody of Harvard University on Thursday evening in the Archaeology building. The subject, as Dr. Peabody said, was a fragmentary one, but much interesting and useful information regarding the customs of New England was afforded. Dr. Peabody developed his lecture by giving information about the life and customs of the people, and then about their stories and superstitions, comparing these with those of other countries, and in many cases showing their origin.

The Puritan child he described as an industrious, but not very happy person. He was never dressed fancily, was made to feel greatly indebted to his parents, and was taught to spend his recreation in ways which perhaps would not seem very pleasant to the boy or girl of today. For instance, one little girl is told of, who spent her leisure hours in the evening translating Latin. Not very much was said about wedding ceremonies, except that rice, vegetables and sometimes milk were showered upon the married couple.

The funeral was a great day for the people of the time. They so restrained their other passions that they felt justified in expressing their grief, and usually at every funeral there was an ample supply of food and drink. The subject of funerals led to a discussion of the doughnut, for our doughnut, which is related to the pretzel, has its origin at the grave. It seems that in the bronze age people were accustomed to put the jewelry of the deceased on his grave. But finally becoming more mercenary in character they decided they wanted to inherit the valuable jewelry, so they made forms out of dough to represent the jewelry. These forms were then baked, and eaten after the funeral ceremony. From one of them, a copy of a bracelet, descended the pretzel, the parent of our doughnut.

Dr. Peabody next spoke of some of the New England stories, in particular of Cindarella. Versions of the story exist in all of Europe and in parts of South America, besides in our own country. Some of the stories are very different from most of the versions we are accustomed to hear, but they all have as a foundation the three sis-

## SUBSCRIPTIONS TO POOL

Names and Amounts Subscribed to Swimming Pool Fund to Date

At a meeting of the Swimming Pool Committee held last night at 7 o'clock in the Archaeology building, additional subscriptions amounting to \$597.00 were turned in. This brought the total amount to \$9879.28. Dr. Page then told the committee that in all probability the Advisory Board would stand back of the committee to the extent of \$10,000, provided the rest of the \$25,000 was raised before February 1. A motion was made that the fund be pushed over the \$10,000 mark before 8 o'clock last night. Accordingly, the meeting was adjourned to canvass the school. As an indication of what the fellows can do when they work for the pool, from 7.30 to 8 o'clock last night, approximately \$875. was raised. This brings the fund very much over the \$10,000 mark.

This is ue in charge of Stanley Morrison.

## Dramatic Club

A meeting of the Andover Dramatic Club was held last evening, but nothing could be done on account of the large number of fellows with conditions. The men who were free of conditions for last term are entitled to represent the school if a play can be gotten up. The fellows who have no conditions are Ives, T. Cooke, Sturgis, Silver, Shaver and Rosener.

## 1911 Basketball

Acting Captain Hudner urges all candidates for the 1911 basketball team to report for practice at the gymnasium this afternoon at three o'clock. Everybody in the class of 1911, who has had any experience at the game, should come out and try for the team.

## Notice

The names of those who have not paid their athletic tax will be posted on January 25.

## Student Council

The following men have been chosen for the Student Council for the winter and spring of the year 1911. Six of these men are selected from the Senior class, four from the Middle class, two from the Junior Middle class, one from Inquiry, one from the honor roll. Captains and managers of football, baseball and track are also members of the Council.

• R. Martin, president.

John S. Reilly, vice-president.

B. A. Tompkins, secretary.

John Daugherty, Robert Harlow, Kenneth Douglas, Dudley Rogers, Donald Warner, Joseph Myer, Cary French, Norman Donaldson, Norman Williams, Clyde Timbie, Joseph Koop, John McHatton, T. W. York, Bruce, Louis Middlebrook.

## Tufts 1914 Tonight

This evening at 7.45 Andover will play the second basketball game of the season, with Tufts Freshmen.

So far this season there has not been enough eligible material to insure keen competition, since a number of the squad have been handicapped by scholarship conditions. However, Saturday's lineup will contain a very strong five, who ought to make a good showing against Tufts. It is expected that Brann, who has been sick for some time, will be in shape to play at least a part of the game. The lineup will probably be as follows:

Hay, rg.

Butts, lg.

Reilly, c.

Gould, rf.

Washburn, lf.

## Junior Prom Chairman

Donald A. Warner of Duluth, Minn., was elected chairman of the Junior Promenade Committee at a meeting of the class of 1912 held after chapel on last Thursday morning. The Promenade is held annually on the eve of Washington's birthday, February 21.

## Archaeology Notes

Mr. Eber Tuller of Dublin, Ohio, has sent the Department a collection of various stone implements found along the Scioto river. A few years ago the remains of an enormous wooden canoe dug out of a solid tree trunk were found in the sands of a river bank. This would have made a unique and valuable exhibit, were it possible to preserve it, but in spite of Mr. Tuller's efforts, the boat could not be prepared for shipment.

## Fencers Take Notice

There are only three men in the school who have handed in their names to take fencing in place of their regular gymnasium classes. The services of an exceptionally competent instructor have been secured, but he will be unable to start the classes until enough men come out. At least eight more names must be handed in before Tuesday, or the course will be abandoned this term.

## Communication

### To the Editors of the Phillipian:

In the course of excavation for the foundation of the new dormitory, large numbers of boulders have been taken out and piled directly in the path between the Seminary buildings and the Dining-Hall. Only a small and very crooked pathway has been left. In daylight this has no drawbacks, but after dark it is liable to be a source of injury to the fellows passing to and fro. If suitable lights were placed upon the stone piles, the danger of serious injury would be averted.

1912

### Changes in Sheffield Requirements

Attention is called to the changes in the Sheffield Scientific School requirements in Latin, German, French, and History. Candidates who intend pursuing any of the courses in Engineering sciences may substitute for the Latin requirements one of the following options:

1. In addition to French (a) Elementary a candidate may offer German (a) Elementary and German (b) Intermediate.
2. In addition to German (a) Elementary a candidate may offer French (a) Elementary and French (b) Intermediate.

In addition to this a candidate may substitute Mechanical Drawing for one unit of History.

These requirements will go into effect in June, 1911.

### Fencing Notes

An instructor in fencing has been engaged for work during the winter term, and he is ready to start work as soon as enough fellows come out for the class. This class may be substituted for the regular gymnasium work if the candidate has passed off all the requisite tests, or it may be carried outside of the regular work. If any men in school wish to take advantage of this offer, their names must be handed to either Dr. Page or Tompkins before Saturday. After that time no one will be admitted to the class.

### New Field for Exeter

Through the generosity of Geo. A. Plimpton, P. E. '73, and Gardner Gilman, P. E. '43, Phillips Exeter Academy has received the Gilman farm of 300 acres. The new property adjoins the present athletic field, and is ideally suited for sports of all kinds. Provision will be made for new football and baseball fields, a golf course, and tennis courts. Plans have also been recently approved for the erection of a new \$50,000 library and an additional dormitory.

### 1913 Class Election

The class elections for 1913 were held Thursday morning after chapel, and resulted as follows: H. Jones, president; J. Myer, vice-president; E. T. Robinson, secretary and treasurer.

**Basketball Candidate**

All fellows who are out for basketball having scholarship conditions must get them off immediately. At this time of the year it is very important because the men who are clear have the first chance. It is very difficult for a coach to pick a team when some of the most likely material have conditions, so it is hoped that the conditioned men will get their work up to the standard as soon as possible.

The squad at present is composed of the following:  
Gould, Washburn, Butts, Brown, Chatterton, Gorden, M. Bell, W. Wilson, Van Brocklin, Dillon, Gault, Wright, H. Jones, Heffron, Darling, Hay.

**(Continued from Page 1)**

ters, of whom the youngest one is the despised.

Dr. Peabody concluded his lecture with remarks on New England ideas of weather signs. Speaking of the Farmer's Almanac, which predicts the weather for each day a year ahead, he said that the sequence of "weather in" them is really quite logical, being based on observations of the general character of weather during the different seasons of the year. For instance, a wind following a storm is generally found to be stronger than that preceding. Thus if fair weather is predicted for a certain day, high winds will be predicted soon afterwards, then a storm, followed by stronger winds. It is by such reckoning that these predictions are made out.

**Fisher Harvard Captain**

Robert Fisher, P. A. '07, Harvard '12, has been chosen captain of the Harvard football team for the season of 1911. Fisher played for three years, from 1905 to 1907 inclusive, as left tackle for Andover, and made an enviable reputation for himself. While here, he was also manager of track and a member of the Glee club. He easily made his Freshman team at Harvard, playing at left guard. For the past two years he has played guard on the varsity, and is conceded to be one of the strongest players who has been on the Crimson line in many years. This year he was an unanimous choice for the All-American team. He is 22 years old, weighs 195 lbs., and is 5 ft. 11 in. in height. Fisher has been prominent in other activities at Harvard.

**Practice Hockey Game**

In a practice hockey game last Wednesday afternoon the first team defeated the second by a score of 3 to 1. The first team showed up well, and the prospects seem bright for a fast team this year. The following was the line-up of the two teams:

FIRST TEAM	SECOND TEAM
Hamerslag, g.	g. Cobb
Taylor, p.	p. Warner
Sturgis, cp.	cp. Forsyth

## Repeating Shotguns

USED IN THE U. S. ARMY.

The U. S. Army authorities *know* a gun; that is why, when they decided to equip some troops with repeating shotguns, they selected the Winchester in preference to all other makes. The experts of the U. S. Ordnance Board also *know* a gun; that's why, after submitting a Winchester Repeating Shotgun to all sorts of tests, they pronounced it *safe, sure, strong and simple*. If you want a shotgun—buy the one whose strength and reliability led the U. S. Army authorities to select it and the U. S. Ordnance Board to endorse it—that's the Winchester.

ward then made another goal. After one of the best exhibitions of team work in the whole game, L. Heath shot a basket for the visitors. Gould caged another very pretty one; then Duggan, Heath and Butts all obtained baskets. Murphy now went in for Gallagher and Haskell for L. Heath. Hay secured a pretty goal and Butts another. Boston College fouled and Hay shot the goal. Time was then called. Score: Boston College 18, Andover 17.

The lineup was as follows:

ANDOVER	BOSTON COL.
Hay (capt.) rg.	rg. Gallagher
Darling, lg.	lg. I. Heath
Butts, c.	c. L. Heath
Washburn, rf.	rf. Churchward
Gould, lf.	lf. Duggan (capt.)

Summary: Goals, Butts 3, Hay 1, Gould 2, Washburn 1, Duggan 1, L. Heath 3, Churchward 2; goals from fouls, Hay 3. Referee, Mr. Clough; timer, H. Jones; umpire, Mr. Tower.

### Soccer Practice Begun

The first soccer practice of the winter term was held yesterday afternoon on the Old Campus. A large number of fellows turned out, and a good team should be developed.

Soccer is a new game at Andover, having only been started in the last few years, and it is up to every fellow in school who knows anything about the game, whatever, to come out and help make it a success. Soccer can be substituted for gym work, the same as hockey or basketball, so there is no excuse for any fellow to draw back on that account. Captain Kwan has arranged for six or seven games during the spring term, and if it is possible a few games will be played before the end of the present term. Practice is held every afternoon at 2.15 on the Old Campus, and all candidates are urged to see Dr. Page about their gym exercises as soon as possible.

### Dancing Notice

If there are enough men in the school who desire to learn the "Boston" before the Junior Promenade, Miss Stork will be glad to take a class limited to twelve fellows. Names must be handed in to MacMurray at the Jackson House before Sunday evening.

### Boxing Notice

The schedule for all boxing classes has been filled out and handed in to Dr. Page. The payment for the first twelve lessons will be due on Monday, and all members of the class should settle their accounts at that time.

Theobald		20	The first meeting of Philo for this term was held last night. Torrey gave the select reading, and Porter rendered the topics of the week in a comprehensive fashion. The subject of the debate was, "Resolved, That the new system of athletics to be introduced in Phillips Academy will be for the best interests of the school as a whole." Wilson led the affirmative, with Bruce as his assistant. The negative was upheld by Shepherdson, leader, and Taylor, assistant. The vote on the merits of the question was 9 to 6 in favor of the affirmative, while the vote on the debate favored the negative, 7 to 6. The vote of the chair agreed with that of the house. A general discussion followed from the members of the society. Mr. Lillard delivered an interesting critique. R. V. Thomas, R. Piell, and W. Kephart were elected members of the society, while the resignation of Dryden was accepted.

## Baseball Picture

A picture of the first Phillips Academy baseball team was presented to the school by Mr. Fuller, an old graduate of the Academy. This team was started in the year 1865. The picture has been placed in the gymnasium. The school appreciates it very much and wishes to thank Mr. Fuller through the *Phillipian*.

## Philo Debating Trials

The preliminary trials of the Philomathean Society for the Philo Forum Debate will be held on Monday evening at 7.15 instead of on Tuesday as previously announced. The trials will occur in Pearson Hall, room C, before a committee of five judges selected from the faculty. Each man will speak for six minutes on the question for the inter-society debate, and from those speaking a squad will be chosen. Later the society team will be selected from this squad.

## Dancing Class

The first meeting of Miss Stork's dancing class was held Tuesday evening. A large number of fellows have signed up for this course, but there are still some vacancies if any care to take advantage of the same.

If there are enough men in the school who care to learn the "Boston" before the Junior Promenade, a special class may be arranged for. All names for either this class or the regular Tuesday evening class should be handed in to Tompkins, Brick 6, before Saturday.

## Abbot Recital

The program of the recital given in Davis Hall last Thursday afternoon at four o'clock by Mr. George Copeland was as follows:

Sarabande	Bach
L'Egyptienne	Rameau
Sonata, No. 1	
Sonata No. 5	
Capriccio	Scarlatti
Valse, A minor	
Etude, A flat major	
Valse, F minor	
Ballade, No. 3	Chopin
Prelude	
Claire de Lune	
Poissons d'or	
Reflets dans l'eau	
Minstrels	Debussy
Danse de Puck	
Spanish Dances	
Tango	
Triana	Albeniz

The recital was an exceptionally good one. Mr. Copeland is known as the greatest living interpreter of Debussy.

## The Lawrence Work

Two stores have been secured at 127, 129 Lawrence street to carry on the Lawrence work. The rooms are being fitted up with the necessary furniture and will be ready for occupancy by the middle of the month.

Instructions for the teachers will be given out some time during the coming week. The announcement will be made in chapel. All men who possibly can do so are urged to come out and help in the work.

## Class Basketball Practice

1912 class basketball practice in the gym this evening at 6.30. No first team has yet been chosen, so every fellow has a fair show to make good.

## CAPTAIN.

## Hockey Cut

The first cut in the hockey squad was made last night, and the following men will report for practice at 2.30 on Rabbit's Pond every day hereafter:

Alvord, R. S. Cook, Fletcher, French, Hamerslag, H. T. Middlebrook, A. M. Miller, D. T. Rogers, Sturgis, Smeltzer, J. Taylor, J. F. Brown, Bullivant, Chell, Coates, Cobb, Mayo, F. L. Porter, R. L. Smith, Warner, Webster.

## Class Basketball Captains

The three lower classes have elected the following captains to lead their respective basketball teams:

1912—John M. Dupont.

1913—Francis X. O'Neil.

1914—Lawrence K. Duby.

## Treasurer for Lawrence Work

At the meeting of the Student Council held on last Thursday evening, Clyde T. Timbie was unanimously elected treasurer of the fund for the furtherance of the school work in Lawrence, which is in charge of Mr. Clough. Timbie will have charge of the Sunday afternoon collections in chapel, and all other money contributed to this fund.
