SENIORS WIN MEET

Victorious Over Middlers by a Margin of Four Points

The Seniors won the interclass track meet, held on last Saturday afternoon, with a total of 47 points. The Middlers closely contested their victory, taking second place with a total of 43 points to their credit. The two lower classes were poor contenders. The Junior Middlers made but nine points, while the Juniors failed to score at all.

From the viewpoint of developing new track men, the meet was but fairly successful, as only a few new men in school showed evidence of becoming track stars. However, the time in some of the events was very good, and most of the races ended in closely contested finishes. Ribbons were awarded to winners of the first three places, and these men will constitute the varsity track squad during the winter.

PHILLIPS BULLETIN

First Issue of the Year Appears

The first *Phillips Bulletin* of the year has been issued. This publication is issued four times a year by the Academy, and contains matter of interest to its alumni. The present issue contains school notes, alumni notes, a history of Phillips Academy, a table of relationships, and some personals. Director C. C. Clough's complete report of the Lawrence work is printed, as is also the Athletic Association report. Several pages are devoted to the school notes, which include a story of the new athletic system.

A reprint of "A History of Phillips Academy, Andover," by Prof. Edward G. Coy, published in the "New Englander," July, 1885, appears. It gives the reasons that inspired Judge Phillips to establish the Academy, a description of the first building, the rapid growth in early times, and the aims and methods of the school. Only half of this article is printed in this issue; the rest will appear in the next. In the table of relationships it is shown that sixty-one of the new boys have had relations here before them. In the personals are many items of interest.

Notice

Already two calls have been made for assistant manager of the *Pot-Pourri* for next year. Only four men have entered this competition. This is mighty poor spirit on the part of the class of 1913. At least eight more men ought to come out for this position, if 1913 expects to have a good *Pot-Pourri* when it graduates. It is not too late now to enter this competition. All fellows who intend to try for this position will please hand their names in to H. Nute, 27 Bartlet Hall.

Pot-Pourri Notice

Discount cards for all pictures taken at Purdy's will be given out after chapel tomorrow morning. In getting your pictures for this year's *Pot-Pourri*, you are strongly advised to go to Purdy's. They have agreed to make a special print of all the pictures of the Seniors and non-returning Middlers. These prints will be made without extra charge and will be sent direct to the *Pot-Pourri*.

All the class pictures must be handed in by the close of the fall term. If this is done, it will simplify the work of editing the *Pot-Pourri* a great deal.

October 18, 1911

The time this year for the new men in school to learn the school cheers and songs is short. There remains scarcely three weeks in which organized cheering can be perfected. As was fully set forth at the mass meeting held last Saturday evening, good, hearty cheering is necessary to win games. This cheering cannot be had except every man knows the words of the songs and cheers perfectly. Consequently, all should take advantage of every opportunity offered from now until the Exeter game to practice, and should be present at the mass meetings and come out whenever the cheer leader issues a call. It is only in this way that Andover can, when she meets Exeter, have a cheering section equal to that of former years.

Communication

Editor *Phillipian*:

For several seasons, Phillips Academy has had a gun club. In view of the increased interest throughout the United States in trials at marksmanship, it seems to me that the club should be reorganized this year. Several years ago a number of fellows became expert in breaking clay pigeons. The range, just beyond the athletic field, is an ideal spot for the pigeon traps. Certainly there are enough fellows in school who are accustomed to the use of the shotgun to organize such a club. It is to the advantage of every fellow to know how to handle a gun and to be quick and accurate in shooting.

Manager Elkin now has a most excellent soccer schedule arranged for this season. Below is given the revised schedule. Five games will be played at home and three away. Two dates are open, but will probably be filled. This year Andover plays two games with the Harvard Freshmen, one at Cambridge and the other on the home grounds. Another trip will be made to Cambridge, when Andover will meet the Harvard varsity. The third trip will take the team to Concord, where it meets the Middlesex School. The schedule follows:

Oct. 28. Andover United.
Oct. 28. Lawrence Juniors.
Nov. 1. Harvard Freshmen (at Cambridge.)
Nov. 4. Brooklyn Gym. A. C.
Nov. 8. Open.
Nov. 15. Harvard Varsity (at Cambridge.)
Nov. 18. Middlesex School (at Concord.)
Nov. 22. Harvard Freshmen.
Nov. 25. Open.
Nov. 29. Middlesex School.

Tennis

Last Saturday the fourth and fifth rounds of the singles tennis tournament were played off. The scores:

1912—Middlebrook beat H. Nute.

1913—Pfaffmann beat P. Kelly, 6-4, 6-1; Pfaffmann beat F. Miller, 6-3, 6-2.

1914—Rogers beat L. Robinson.

Finals 1914-15—Beasley beat Rogers, 6-0, 4-6, 6-0.

Notice

All school fellows are asked to be on hand promptly for the Harvard Freshmen game, Saturday, and to take seats together in the big stand at the middle of the field. Every man should provide himself with a copy of the *Phillipian* containing the cheers and songs. Also, the fellows are asked to bring their megaphones. If some have not got them, they can be secured down town. The game will start at 2.30.

After several years of fruitless experiment with professional coaching, Yale varsity baseball next year will return to the old Yale system of graduate coaching. Captain Merritt secured Frank L. Quinby, '01, as coach for the next year, after a final conference held Monday, September 25, between himself and Walter Camp, '80, in New York City.

The Glee Club

The result of the two Glee Club and Choir trials has been a success this fall. The following men comprise this year's Glee Club and Choir:

First Tenors—D. C. Armour, L. K. Duby, Enwright, R. A. Holmes, Jr., Martinez, Marvin, T. H. Parsons, and Space.

Seminary Dedication

The new buildings of the Andover Theological Seminary in Cambridge are to be dedicated a week from today. They are among the handsomest school buildings in the country and include a library, chapel, recitation rooms, and a room named in honor of Samuel Farrar, who was treasurer of both Academy and Seminary in Andover for fifty years.

'Varsity Squad Conditions

The results of the rating just passed were quite satisfactory. Seventeen men on the Varsity football squad received no conditions, and many of those who did receive conditions ought soon be able to work them off. All the men are urged to keep up this good work, and thus help the team.

All-American Football

Since 1880 it has been the custom of Mr. Walter Camp, Yale '80, to choose annually at the close of the football season an "All-American" football team, composed of the best players of all the college teams in the country. Every year there are a great many of these "All-American" teams chosen, but Mr. Camp's selection has come to be considered the only official one. It is interesting to note that until a few years ago, practically all the best football players in the country were found on the Yale, Princeton, Harvard, and Pennsylvania teams. This holds true to a certain extent to the present day, though in recent years a considerable number of players of All-American calibre have been found on the teams of some of the smaller colleges. Seventy-four Yale men have been placed by Mr. Camp on his All-American teams of the past; fifty-three have been chosen from Harvard, forty-five from Princeton, and thirty-three from the University of Pennsylvania.

Thirty-seven men not from any of the four colleges mentioned above have had the honor of making one of Mr. Camp's All-American teams. These thirty-seven players are divided as follows: University of Chicago, five; West Point, five; Michigan, five; Dartmouth, four; Cornell, three; Columbia, three; Brown, three; Carlisle, two; University of Minnesota, two, and Amherst, Pennsylvania State, Annapolis and Syracuse, one each.

The largest number any one college has ever had on any one All-American team was seven. Yale has had this honor twice: once in 1900, and again in 1902. Yale also had six men on in 1909; five in 1891, and five in 1894. Harvard had five men in 1890, 1892, and 1901. Princeton had five All-American players in both 1889 and 1893.

Class Schedule

The following is the revised schedule of games for both the class football and soccer teams.

Oct. 25. 1912 vs. 1915, and 1913 vs. 1914.

Oct. 28. 1912 vs. 1914, and 1914 vs. 1915.

Nov. 1. 1912 vs. 1913, and 1914 vs. 1915.

Nov. 8. 1912 vs. 1915, and 1913 vs. 1914.

Nov. 15. 1912 vs. 1914, and 1913 vs. 1915.

Nov. 18. 1912 vs. 1913, and 1914 vs. 1915.

Notice

The following articles have been found and left at the Registrar's office in the Administration Building:

Gold watch, three fountain pens, white sweater marked "B," mother-of-pearl tie clasp, pair of grey gloves, cap, bunch of four keys.

Registration at Exeter

The number of students at Exeter this year is 520, eight more than last year. Forty-three different states and seven foreign countries are represented. The representation by states is as follows:

Massachusetts, 124; New York, 70; New Hampshire, 51; New Jersey, 36; Connecticut, 24; Maine, 20; Pennsylvania, 17; Illinois, 14; Ohio, 13; Rhode Island, 13; Texas, 13; Washington, 12; California, 10; Minnesota, 10; Vermont, 10; Louisiana, 8; Colorado, 5; Kentucky, 5; Mexico, 5; Wisconsin, 5; Arkansas, 4; Michigan, 4; Mississippi, 4; Wyoming, 4; District of Columbia, 3; Iowa, 3; Maryland, 3; Missouri, 3; Alabama, 2; Canada, 2; Idaho, 2; Montana, 2; Nebraska, 2; Panama, 2; Virginia, 2; Arizona, 1; Cuba, 1; England, 1; Georgia, 1; Hawaii, 1; Indiana, 1; Japan, 1; Nevada, 1; North Carolina, 1; Oklahoma, 1; Oregon, 1; Porto Rico, 1; South Carolina, 1; South Dakota, 1; West Virginia, 1.

According to sections, the students are distributed as follows: New England, 242; Middle Atlantic, 123; West, 61; South, 53; Middle West, 31; foreign countries, 7.

The following is the distribution of students among the different classes: Senior, 135; Upper Middle, 167; Lower Middle, 136; Junior, 82.

A comparison of last year's distribution with respect to class, shows the greatest gain to be in the Upper Middle class.

Athletic Equipment

The managers of the several varsity athletic teams will give orders for the individual equipment of each man. He will receive from each player in football, baseball, etc., a receipt stating that each article will either be returned or paid for at the close of the season.

Harvard Enrollment

There are 4118 students in Harvard this year as compared with 4019 last year, an increase of 99 men. The Freshman class has the largest enrollment in the history of Harvard, 744 men, an increase of 76 over last year. The Juniors have the second largest class, numbering 529. The Sophomores are next with 489 and the Seniors last with 368. In the college proper, the enrollment is 2253 against 2191 of last year.

Inquiry

The regular meeting of Inquiry was held Sunday evening at 7:00 o'clock. Mr. Huntress of the Y. M. C. A. of Pittsfield, was the speaker. His subject was "Life's Pursuit." He said that the choice of a life work is very important, and also that the motive behind the choice means everything. One ought ask himself why he wants to take up the thing he has decided upon.

Mr. Huntress spoke on the mistake of a person seeking money only as his aim in life. He gave the instance of a young man who started West to take up the real estate business. The man made a failure of his work in the West, and his parents had to send him money enough to return East. He came back with the burning thought before him that he must make a living for his wife and child. The man prospered in the East and made many hundred thousand dollars. But in getting his money, he had won the reputation of having robbed the poor. He said that today this man would give all his money to change his reputation, and give his children a chance in the world to better that reputation.

Mr. Huntress spoke about how the world needs men to render service to their fellowmen. He gave instances of many men who were giving their lives to render help to the unfortunate.

At the close of the meeting Mr. Huntress recited a very appropriate poem. The substance of this poem was that we should be friends to all men. Men are good and bad, strong and weak, wise and foolish; but we are their brothers, and like them, therefore we must be friends to them.

Cross Country

The cross country runs started last Monday with about forty fellows out. A little later, two squads will be formed, one in charge of Mr. Crawford, and the other under Mr. Stackpole. All who are out for the school team will be in Mr. Crawford's squad. The others will be under Mr. Stackpole, and the go-as-you-please method will be followed. It is hoped that through the runs of this latter group, a number of fellows will become familiar with the attractive country about Andover. As much variety will be introduced as possible.

Mr. Clough to Speak

Mr. C. C. Clough of the Academy will speak on "The Work in Lawrence," at a dinner during the Immigration Conference of the Student Christian Association in Boston, October 20.

Notice

On account of the fact that many fellows have not yet signed up for gym work, and that the class football teams must be reorganized, there will be no class games this afternoon either in football or soccer. There will be varsity football and soccer practice, and also class practice for those who wish to come out.

Chapel Collections

During the past few Sundays the chapel collections for the work of the Andover Educational Union in Lawrence have not come up to the required amount. Every man who has not been putting anything in the collection should pay up his past contributions. The work was started with the approval of the student body, and now it is up to it to give its support.

Archaeology Notes

Doctor Peabody, Director of the Archaeology Department, went to France the latter part of June and expects to return the first of November. He and the Curator of the Department attended a Congress of archaeologists at Niems, where Doctor Peabody read a paper on work in the Trenton gravels, Delaware.

In a large lake adjoining the town of Aix-les-Bains, Doctor Peabody discovered a Swiss lake-dweller village and dug from it numerous fragments of prehistoric pottery. This village was located on wooden piles about 200 yards from shore, in eight feet of water. The specimens are recovered by dredging. A large pair of tongs, similar to oyster tongs, are plunged into the bottom of the lake and something like a peck of muck and gravel is drawn up at a time. It requires the services of two strong men to manipulate the tongs, which are quite heavy. The material is placed in a sieve alongside the boat, water is poured over it and the muck washed away.

The lake-dweller village seems to have extended for some distance along the shores of the lake.

Class Athletic Cup

The graduating class of 1909 presented the school with a cup two years ago, on the front of which the winning class, or the class that receives the greatest number of athletic points during

the whole year, will have its numerals engraved. 1910 was the first class to have this honor. Last year 1912, won by a close average. It is very important that the second and third teams should do their share; because their average is added with the first team's. Below is given the list of sports and the number of points each counts.

	1st team	2d team	3d team
Football	10	5	1
Track	10	5	1
Baseball	10	5	1
Hockey	5	3	1
Cross country	5	3	1
Basketball	5	3	1
Soccer	5	3	1
Boxing	3	2	1
Wrestling	3	2	1
Tennis	3	2	1

Philo

The regular meeting was held on Friday evening, October 13. Thirteen members were present. The topics of the week were delivered by W. Ogren. R. B. Shepardson delivered the select reading.

Nute was called upon to give a brief resume of the new system of athletics. He responded with a very interesting outline.

The following men were elected into the society: Allen, Read, Mead, and Beach.

The debate, "Resolved, That San Francisco was justified in excluding the Japanese from the public schools," was upheld by Shaver and Cook for the affirmative, and Boynton and Tetley for the negative. The vote on the merits of the argument was 10 to 5, in favor of the affirmative. Mr. Tower gave a very interesting critique.

Forum

The next meeting of Forum, to be held in the Archaeology Building Friday evening at 7.15, will be a congressional meeting. Every member should have a bill to bring up before the house. When a fellow has proposed a bill, it will be open to the house to oppose it. After both sides have spoken, the bill will be voted on and either passed or rejected. No one has a definite part assigned, but if every man takes some interest in it, it is sure to be a success. Everyone need not bring a bill, if he is there only to oppose the measures of the other fellows. The success of this kind of a meeting depends largely on the way the fellows enter into it, and it is hoped there will be a full attendance. All school fellows, whether members of Forum or not, are cordially invited to be present.

Notice

The *Mirror* wishes to call attention to the fact that this year, through the kindness and generosity of Mr. George X. McLanahan of Washington, D. C., it is enabled to offer cash prizes amounting to thirty dollars for contributions accepted and printed in the *Mirror* during the year. This competition, additional information concerning which can be found in this month's *Mirror*, is open to the entire school.

Mass Meeting

Last Saturday night, a mass meeting was held in the gym, to practice the school cheers and songs. It was hoped that Captain Fisher of Harvard, and Fred Daly, the captain of last year's Yale team, would be there to make speeches. However, at the last moment they were unable to be present. Short addresses were made by Captain VanBrocklin, Manager Warner, Dr. Page, and others. Although not as many men were there as should have been, the cheering was good, and the new fellows seemed to catch on to the songs very well. Copies of the cheers and songs were given out. The new men particularly should be sure to learn these before next Saturday's game with the Harvard Freshmen.

Philo

The regular meeting of Philo will be held Friday evening at 7.15. The select reading will be given by DeCamp. Bradley will read the topics of the week. The debate will be: "Resolved, That the entrance requirements of the eastern colleges are excessive." Nute and Feeney will be the speakers for the affirmative. The speakers for the negative will be Schulte and Raymond.
