The Middlers held the Senior 9 to 0 to tie it in the first quarter of Wednesday's game. Both teams will play again this Friday, with the year to be played on Brothers Field which was in excellent condition. The good playing of both teams was somewhat marred by numerous fumbles. Thompson at end and Gould at fullback both put up a fine game. "For" Wilson, "44, Gould's back, and Murray at quarter starred for the Middlers. With a little more practice both classes should have strong teams and there is some good material on each.

The game in detail:

FIRST QUARTER
1914 kicked off and lost the ball on a fumble. "14 blocked Murray's drop kick and was forced to punt, getting the ball on the 50-yard line. "14 kicked to Murray.

SECOND QUARTER

THIRD QUARTER
1914 kicked off to Murray, "14 fumbled to "14 and Gould forced it on "14's 20-yard line. Gould kicked to "14, who was downed on "14's 5-yard line, but lost the ball on a forward pass. Gould kicked the ball out of the end zone, and the quarter ended scoreless.

FOURTH QUARTER
Murray caught '13's kick and advanced the ball 20 yards. "14's fumble was recovered by "14 and "14 kicked to Thompson. Chatterton was hit and replaced by Hartigan. "13 then returned "14's kick, but got the ball again on a forward. Gould kicked to Murray again. Dunham replaced Wilson on "14. Middler missed a 20-yard field goal; lost the ball on a turnover.

**Athletic Statistics**

The following is a record, by class, of the number of men enrolled in each of the fall sports.
Track Prospects Bright

Trainee Peet and Mr. Crawford are trying especially hard to get a real good track team together this fall; one that, by next spring, will be able to trim Exeter in every event. And they are quite well pleased with the showing made thus far.

There are now from seventy-five to one hundred men out on the track, but every fellow who has ever done anything in track work is urged to come out and try himself out. Past experience has always proved that the real stars in track were the fellows who didn't think they were worth much of anything.

The new men have taken hold in a good spirit, and the old men are setting them a good example. Capt. Crazy, Davis Prescott, Neilson and Nichols, last year's “A” men, are all back at school this year and are in good condition. Around this nucleus, Trainee Peet and Mr. Crawford hope to build up a team such as those that have represented Andover in the past.

Mr. Crawford said last night that it was too early in the year to tell what the prospects would be but that there was some pretty fair new material which they hoped to be able to develop.

Music Notes

The prelude on Sunday morning will be the “Finale from Min- delin’s first organ sonata.” The choir will sing “If thou but suffer God to guide thee” (War mur den Leben Gott thut walten) by Johann Pachelbel. At vespers the prelude will be an Ave Maria by Peter Graden, and in the first part of the evening service a Praeludium by Frescobaldi (1644, called “the true father of organ-playing”).

Archeology Expedition

Early in June of this year a number of P. A. men accompanied the Curator of the Archaeology department on a survey to Maine. The following students went on the expedition: Manning, Marsden, Morse, Moureau, Porter and Bradlkey. The party worked down the Penobscot river and at last reached Passadumkeag.

The shores of Atlantic Lake were examined with care, and the canoes were made at many different points. The survey made an examination of first quarter of 18th century. From these the natives of New England prepared their material for arrows, spears, and knives. The party worked down the Penobscot river, and at last reached Passadumkeag. The large latticeworks were used in navigating the river. Above Mattawamkeag the fellows came near having a bad accident. The large boat ran on a submerged rock, and the river being full of logs, and the current strong, it was with difficulty that the outfit was saved. However, the only damage done was to wet the baggage. At some places the party had to have the boat hauled around log-jams and rapids.

Four large cemeteries were found, and from these the explorers exhumed a large number of human objects. A total of one hundred and seventy prehistoric graves were opened, and in them were found about eight hundred specimens. The grand total found on the expedition was 1,595.

The expedition was very successful, and returned to Andover about the 9th of September. The specimens are on exhibition on the second floor of the Archaeology building.

Great quantities of red paint were discovered. Although this had been buried for hundreds of years it retained its original bright-red color and constitutes a very attractive exhibit.
