NEWTON DEFEATED

Second Swimming Meet of Season
a Victory for Andover by
Score of 39 to 11

The second swimming meet of the season was won by Andover last Saturday evening with a score of 39 to Newton's 11. Several of the events were very close; the 50-yard dash was won by Moore, and Blackall and Mills were even at the finish.

Newton has held meets with several teams around Boston. They have defeated Chelsea and East Boston and were beaten by the crack Cambridge team. Their team was greatly weakened by the loss of two men who played on the hockey team and could not come. Newton did exceptionally well in the plunge. Mills and Smith starred for Newton.

Andover showed up well. Rosener did the hundred in very good time. Gould and Bevins made some very good dives. Our team was greatly strengthened by Moore and Baldrige, who have got clear of conditions. Moore and Rosener excelled for Andover.

The final results of the events follow:

RELAY RACE

Newton—Adams, Barnes, Mills, Colon.

Andover—Rosener, Bevins, J. Gould, Moore.

First, Andover; time, 1.57. Second, Newton; time, 2.05.

PLUNGE

Newton—J. A. Smith, C. Mills.

Andover—Baldrige, Bradley.

First, Smith, 57 ft.; 2nd, Baldrige, 54 ft.; 3rd, Mills, 53 feet.

200-YD.

Newton—Barnes, Toulan.

(Continued on page 4)

GYM CHAMPIONSHIP

On Wednesday, February 26, the Inter-Gymnasium Athletic Championship contest will take place. Trials are being held throughout this week. Every gym class is to be represented in the following events:

- The 25-yard dash (3 men).
- The 25-yd. hurdle (3 men).
- High jump (3 men).
- 12-lb. shot (3 men).
- Springboard high jump (3 men).
- Pole vault (3 men).
- Basketball (5 men).
- Relay rope climb (5 men).
- Relay pursuit race (10 men).
- Relay 200-yard swim (4 men).

The scoring is to be as follows: 1st, 5 points; 2nd, 3 points; 3rd, 3 points. It must be remembered that the above competitions are only open to members of the gym classes.

Library Notice

The library will be open as usual on Saturday, February 22, except that the opening hour will be nine o'clock instead of eight o'clock.

Jones to Coach Yale

Howard H. Jones, Yale '08, has been appointed head coach of the Yale football team for 1913. The appointment, officially announced by Captain Ketcham, Yale '14, seems to be in pursuance of the new policy of coaching instituted at Yale. Howard Jones is the brother of Tad Jones, head coach at Exeter. He is to receive five thousand dollars a year. Although he has signed for only one year, it is very probable that he will become one of the regular Yale coaches for some years to come.

INQUIRY

Dr. Nehemiah Boynton Delivers Very
Interesting Talk to Large
Audience

At the regular meeting of the Society of Inquiry held in the lecture room of the Archaeology building last Sunday evening, Dr. Nehemiah Boynton, who had been the speaker at both services at the Chapel, gave a very interesting and most instructive talk on the standardizing of conditions and affairs in the United States, giving his large group of appreciative listeners a few insights into this phase of the country's advancement.

Dr. Boynton prefaced his remarks by telling how intimately he felt himself connected with the the Academy, first through his own graduation from it, and also through the membership, at one time or another, of several relatives. He spoke briefly of the school in his time and in the time of his father, showing how much it has developed since his graduation forty years ago.

He then said that it would be very interesting to take some one particular country and watch its growth, its advancement, and progress. China or Japan, he said, offered fine objects at present for this consideration. To watch how science and modern teaching creep in and have their helpful effect on a land which is rapidly developing is deeply interesting.

Dr. Boynton said that he wished to speak a few words on a certain branch of the modern science of psychology, showing how it has an important effect on existing economic conditions. To explain this effect, he told how an "efficiency

(Continued on page 4)

SENIOR RECEPTION

The Senior Reception will be held on Friday afternoon from 4.00 to 5.30, in the Archaeology Building. On this account the classes on Friday afternoon will be from two to four instead of from 4 to 6 p.m. as usual. The reception this year will be over at 5.30 instead of six o'clock in order to allow more time before the Prom. Four pieces from the Columbia orchestra of Lawrence will furnish music at the reception. The same orchestra will play at the Prom in the evening. After the receiving is over refreshments will be served. The matrons will be Mrs. Lillard, Mrs. Stackpole and Mrs. Moorehead.

The committee has worked hard to make the reception a success. The affair promises to be one of the prettiest in years.

The Senior Reception Committee is composed of F. T. Hogg, chairman; B. V. Thompson, D. C. Armour, P. S. Cray, R. J. Powell.

Through Africa With Roosevelt

On Thursday evening, February 20, at 8 o'clock in the Academy Chapel, J. Alden Loring, Esq., will deliver a unique lecture telling his experiences as one of the party accompanying Colonel Roosevelt on his famous African trip. This lecture is fully illustrated. Now that Mr. Loring is permitted to speak freely, he will give a very entertaining and interesting account of the expedition, and tell us much regarding Colonel Roosevelt himself.

In view of the extra expense, a small admission fee of twenty-five cents is charged. The students are cordially invited to be present.

GYMNASIUM MEET

First Exhibition Meet of the Season
Held Saturday with Harvard
Varsity. Both Teams Made
Good Showing

The first exhibition gym meet of the year was held last Saturday afternoon in the Borden gymnasium between the gym team representing Harvard and that of Andover.

The meet was scheduled to start at 3.30, but owing to the late arrival of the Harvard squad, it did not begin until about 4 o'clock. There was a large crowd of enthusiasts present, and the spirit which they showed during the entire performance was excellent.

Andover was represented by Reid, Palmer, Peck, Engel, Runge, Hulbert, Bruch, Fletcher, Duby (Capt.), and Lee.

The Harvard Varsity squad comprised Campbell, Everett, Gates, Hall, Hobby (Mgr.), Lange, Morton (Capt.), Nathan, Nutter, McPhail, and Symonds. Both teams showed up remarkably well. Harvard's form was especially good. Bruch, Hulbert, Duby, and Peck did especially well for Andover, and Hobby, the Harvard contortionist, Morton and Nutter starred for the visiting team.

The gate receipts were very low, amounting to but one dollar, while the expenses amount to about eight dollars.

Notice

There will be no boxing appointments on Friday.

Notice

Ralph D. Paine will speak at the Grill on March 8.

THE ANDOVER PRESS

February 19, 1913

This issue is in charge of D. C. Hale.

(Continued from page 1)

Because of the small number of men on the *Phillipian* Board to return to school next year, and as some of those now heeling have done unusually good work, it has been decided to start a competition now which will last into the spring term and to take on the board those men who have deserved some reward for their success in the competition now going on.

This competition is open to the whole school and fellows from the lower classes especially are urged to come out. Those now out who are not taken on the board will continue until the end of the term as usual. All men who start in now will keep on working during the spring term until they have attained the standard of work to be determined on by the editors.

Thus there will be given to every fellow who will do consistent work a surer chance of being successful than ever before. All who desire to enter the competition will begin in the next issue of the *Phillipian*, which comes out on Wednesday, February 26. These men are asked to see R. S. Cook, 19 Phillips Hall, at once.

Professor Forbes has received the following letter from Harvard:

You are doubtless aware that in English A at Harvard College, there is a rule which permits me to exempt from the work of the second half-year those students whose work during the first half-year is of exceptional quality. This year, out of a class of 600 men, 73 were exempted, and it gives me great pleasure to inform you that among these men were P. Bradley, B. M. Fullerton and F. B. Manning.

I beg to offer you my congratulations upon the record of these graduates of your school, and I hope that both you and those teachers who helped to prepare them in English will take to yourselves no small part of the credit for their good work.

C. N. GREENOUGH

Archaeology Trip

The archaeology class leaves this morning on a special car for Cambridge where they arrive at ten o'clock. They will spend two hours in the museum and then go on to Salem where they will lunch. After lunch they intend to go over the Peabody Museum and then to return here at 5.45.

Wrestling Exhibition

Next Saturday an exhibition in wrestling will be given in the Borden gymnasium at three o'clock. Cyclone Burns is bringing a well-known wrestler up from Boston, with whom he will attempt to show what true wrestling is like. Immediately after this exhibition, the trials will be held for the school wrestling team. There are seven different classes, the weights of each being as follows:

First—115 lbs. to 125 lbs.

Second—125 lbs. to 135 lbs.

Third—135 lbs. to 145 lbs.

Fourth—145 lbs. to 158 lbs.

Fifth—158 lbs. to 165 lbs.

Sixth—165 lbs. to 175 lbs.

Seventh—175 lbs. and on.

These trials are open to the entire school and are not restricted to members of wrestling classes only.

The second half of the wrestling course begins tomorrow, February 20. All fellows who wish to take the six remaining lessons for five dollars should report to Mr. Burns at the wrestling room from 1.30 to 3.30.

The regular Wednesday wrestling classes will meet on Thursday owing to the fact that Mr. Burns has to wrestle in Hartford on Wednesday night. The following is the list of appointments for Thursday afternoon:

1.30 to 2.30—Lee, Cook, Ogren, Burnham, Smith, Marshall, Stevens, Eadie, Gellatly, Tucker.

2.30 to 3.30—Powell, Kincaid, Briggs, Morrison, Baldrige, Mars, Gault, Sheldon, Cole, Kennedy.

Prom Notices

Carriages must enter from Main street and go out by Salem street.

The Prom will start at eight o'clock sharp instead of at 8.30 as previously announced in the *Phillipian*.

On the night of the Prom, smoking will be permitted only in the two drying-rooms, off the shower-room. These two rooms are arranged for the purpose through the courtesy of the janitor. This is a privilege not to be abused, in order to make the Prom a success.

Tonight from eight o'clock until ten, and Thursday afternoon from two until four o'clock, at 13 Phillips Hall, the programs and supper tickets for the Prom will be exchanged for the \$3.50 tickets. Everyone wishing to get a program must exchange his ticket. It is requested that the fellows attend to this as promptly as possible in order to avoid confusion. Those holding \$1.00 tickets are not entitled to programs or supper tickets.

Archaeology Notes

Last Saturday Professor Arlo Bates of the Massachusetts Institute of Technology, and his son, Professor O. Bates of Cairo, Egypt; Professor E. S. Morse of the Peabody Museum, Salem, and Miss Brooks, Professor Morse's secretary, visited the Department and spent a day inspecting the collections. Professor Bates of Technology has made a special study of shell heaps along the Maine coast, and was therefore much interested in the exhibit of specimens from Maine. His son, one of the most competent of the younger Egyptologists, has compared the American culture, as evinced in its stone art, with that of Egypt. The visitors spoke highly of the Academy's archaeological work.

Dartmouth Club

A meeting of the Dartmouth Club is called this evening at seven o'clock in the lecture room of the Archaeology building. It is hoped that every member will be present as there is some very important business to be settled.

Notice

By the vote of the faculty yesterday afternoon it was decided to change the two afternoon recitations on Friday from two until four instead of from four to six.

Found

The following articles have been found. Owners are urged to come to the Registrar's office as soon as possible and identify their property.

1915 cap.
Pair fur-lined gloves.
Green bag.
Pair rubbers.
Pair shoes.
Vest
Five sweaters (2 marked B).
Several caps.

Harvard Hockey Insignia

That hockey should be made a major sport was agreed upon by the Harvard Student Council on Monday by a very close majority, seventeen being in favor of the plan and fifteen being against it.

Rowing at Exeter

The alumni of the Phillips Exeter Academy have agreed to raise the sum of \$300 for the support of the boat crew for next spring, and the new rowing machines have arrived and have been placed in the basement of Soule hall, one of the dormitories, for use during the winter days. Two single machines, which have been long in the gymnasium, have also been placed in Soule hall, and these will be used by the crew candidates daily.

At a meeting held by the Reds, one of the boat clubs, it was stated that in addition to the race with the Middlesex School, there was a possibility that a race might be arranged with Groton School. The rowing men intend to make the spring lively with water sports, including swimming, canoeing, and water polo.

The final regatta will be rowed after the match races, which will probably be early in June. As yet there have been no steps taken in regard to the proposed race with Andover on the Merrimack at Lawrence, Mass., which is being strongly advocated by the Lawrence heads.

Yale Freshman Glee Club

Andover is well represented on the Freshman Glee Club at Yale this year, with the following men in the present makeup of the club:

- First tenors—R. A. Holmes,
- Second tenors—C. W. Johnson, E. J. Rosener, A. B. Gurley,
- First basses—J. G. Goodlett, H. F. Newton.
- Second basses—R. W. Ritch,

Another Gift to Library

Mr. J. Layng Mills of New York, P. A. '97, has given to the library a set of Thackeray's works with the original illustrations, published by Houghton, Mifflin Company in twenty-two volumes. This set is not only a valuable permanent addition to the library, but a very useful one at the present time as several classes in the English department have been assigned volumes of Thackeray's works for special reading.

This gift was sent in response to the request in the January *Bulletin* for a set of Thackeray's works and is another instance of the generous interest which the alumni are taking in the building up of the library.

On Sheffield Honor Roll

The following P. A. '12 men made the honor grade for the first half-year in the Freshman class of Sheffield Scientific School.

- Charles Winegar Crispell, Kingston, N. Y.
- Chester Raymond Bordeaux, Seattle, Wash.
- Harry Tomlinson Middlebrook, West Hartford, Conn.
- Edwin Lawrence Noble, Somerville, Mass.
- Albert Dillon Sturtevant, Washington, D. C.

Exeter in Schoolboys' Meet

As usual Exeter will send a very strong track team down to the Schoolboys' B. A. A. meet in Boston.

George Connors, the trainer, has great hopes for Teschner this year. Teschner won second place in the B. A. A. 600-yard handicap run from a low mark. Now he has accomplished the fastest time for 300 yards at a recent trial held on the Exeter track. It is not generally known, but Teschner ran 390 yards in 45 seconds before going to the B. A. A. games. He will be a strong factor in whatever event he enters.

Andover, following its custom of the last few years, will not enter a team in the meet, but it gives an excellent chance to get a line on the abilities of the Exeter entries.

Music Notes

A very large audience attended the Wednesday afternoon recital in the Chapel and listened attentively to the concert given by Miss Bates of Cambridge and Mr. Pfatteicher. If the *Phillipian* said that the recital was to be solely devoted to the

violin, the statement was hardly correct. In Mozart's sonatas for violin and piano both instruments take an equal part. Strange to say, before Mozart the violin was frequently even subordinated to the piano; and it was he who first put the two instruments on the same footing. They either carry the same theme or exchange themes; responding, as it were, to each other. Miss Bates and Mr. Pfatteicher succeeded very well in this respect; it must of course not be forgotten that it is hard for the old Pearson Hall piano to compete with a good violin.

The program consisted entirely of violin sonatas by Mozart. The entire program was especially interesting and Miss Bates played with great expression.

There was the largest attendance at any recital thus far this year.

The complete program was as follows:

- No. 1, A Maj. Allegro Molto Tema con Variazioni
- No. 4, E Min. Allegro Tempo di Menuetto
- No. 5, Eb Maj. Allegro Rondo

J. Daley, P. A. '06, coach of the Williams football team, was recently presented with a gold watch by the undergraduates in appreciation of him as a gentleman and coach of Williams men. Daley was captain of the P. A. football team in 1906. That year Exeter was defeated 6 to 0. In 1910 he was captain of the Yale football team. Since then he has coached Williams.

A homelike, first-class hotel, proud of New England traditions, dating from Gen. Warren, yet newly furnished with every comfort & convenience. Long distance phone and hot and cold water in every room. Kept constantly clean by our vacuum plant. Rooms \$1.00 a day and up.

At the next meeting of the Penn Baseball Committee a radical change in regards to the awarding of the baseball "P" will be proposed. In former years the rule has been that a man shall receive his letter if he plays in five of the eight big games, regardless of his merit or the amount of work he has done for the team. It will be proposed to leave the awarding of the letter to the discretion of the captain and coach.

EASTER VACATION, MARCH 18

But a short time away and you will need new clothes for this joyful season. For your interest, as well as our own satisfaction, we want enough time for thorough workmanship, and you should not delay ordering. Moreover, the earlier the choice, the greater the variety to choose from. Our counters are now like picture tables, piled high with the most beautiful designs of the season, and we guarantee SATISFACTION IN EVERY DETAIL.

 'Mind the Paint' Girl," last week.
 Castle Sq.—"Believe me Xan-
 tippe.

(Continued from page 1)

engineer" hired to trace out and rectify a deficiency in the profits of a certain prominent dry goods firm, which was apparently due to the expenses of a large delivery of goods, discovered while bent on his investigations that the clerks almost invariably, after selling their customers various small articles, concluded the business with the question, "Shall we send it around?" In this was the whole secret of the matter. The customers naturally, in an off-hand manner, acquiesced. The "efficiency engineer" effected a complete change for a gain, by simply establishing the custom among the clerks of saying instead, "Will you take it with you?" The results of this seemingly simple affair were of manifold value to the firm, and it is just such sort of work which these trained psychologists are quietly pursuing with a view of improving the standardizing of conditions.

The speaker also emphasized the fact that it is the man of character who is the successful business man of today, where formerly it was perhaps not so much the case. He illustrated this statement by saying that a reputable firm would not allow a loose, careless traveling representative agent to continue to make their name disreputable. He would find himself dropped from one position to that of less and

less responsibility and account, if he was retained at all.

Dr. Boynton closed his helpful talk by saying that fellows today are living in a wonderful age and will grow up in an age in which questions of the utmost importance will confront them; and also in a country where every opportunity is now being given to the honest, intelligent young man to face and solve these questions. The pur-

pose for us to pursue here and now, then, is to improve our minds and characters, that we may the better succeed under these conditions and with these extraordinary opportunities.

HERE'S A REFRESHING AID TO STUDY AND SPORT

Keep a package of "The Beneficial Pastime" always in your pocket. It makes study seem easier. It brightens teeth, sharpens appetite, and strengthens digestion.

While you are exercising and enjoying the fragrant juice of fresh crushed mint leaves, your mouth is kept moist and your lips are kept closed, so that you breathe properly.

And the flavor lasts longer than you can chew!

Chew it all day today, tomorrow, and the next day.

Chew it over Andover, Andover again.

You can't chew out that fascinating flavor of the fresh mint leaves. It lasts, and lasts, and lasts.

BUY IT BY THE BOX! LOOK FOR THE SPEAR
