PHILLIPS ACADEMY, ANDOVER, MASS., MAY 6, 1891

NO. 58

Communication.

Editors of Phillipian:

We would like to ask the Street and House teams to make arrangements to play their games, on half-holidays, elsewhere than on the school campus, unless after the regular game.

MANAGEMENT.

Opening of the Running Track.

The new running track was formally opened on Monday afternoon. All the runners were present, and the athletic team, with Mr. Pettee and Townsend leading, ran around once to celebrate its completion. Afterwards Mr. Pettee tried the members of the team on the 100-yards stretch. The track at present appears soft and rather loose, but rain and constant rolling and use will put it in good condition. It is thought that it will excel Exeter's track.

Stars of Lawrence, 3; Phillips 2.

The base ball game between the Academy nine and the Stars of Lawrence last Saturday was one of the most interesting and closely contested games ever seen on our campus. Turner pitched a cool and steady game and was ably supported by Burt. Jennings and Ketchum distinguished themselves by their good work. Rustin opened the game with a hit, was advanced to 2nd by a passed ball and stole 3rd. Sheffield was given his base on balls and stole 2nd. Jennings sent a foul fly to D. Connors and Rustin scored on the throw in. A sacrifice by Ketchum advanced Sheffield to 3rd where he was left as Millard fouled to Reagan. For the Stars, McGibbon hit safely and stole 2nd. McLeod and Donovan struck out and Donohue was presented with a base on balls and he stole 2nd, but got no farther as Smith went out, Rustin to Ketchum. Neither team obtained a run in the next inning but in the third a base on balls, a sacrifice, and a wild throw brought Rustin across the plate. The Stars also scored in this inning as McLeod hit safely, stole 2nd and came home on a passed ball. Andover filled the bases in the following inning but was not able to add to her score. In this inning Jennings backed up a wild throw to 1st in a way which brought forth much applause. Neither side gained a run after this until the eighth inning when with two out Smith

reached 1st on a hit, another by D. Connors placed him on 3rd and he scored on Jennings' error. The score did not change during the next two innings but in the eleventh a base hit by D. Connors, followed by a sacrifice by Reagan, and a wild pitch gave the Stars the winning run. The game with the Stars last year was won by the P.A. team in fourteen innings the score standing 7 to 4.

Blunt House 5; Abbot St. 5.

The second street championship game was played on Saturday on the Theologues' campus between the Blunt House and Abbot St. nines. Cowin's throwing to second base and Secor's pitching were the features of the game. None of the Abbot St. players reached second base until the fifth inning, when they scored four runs. In the last inning played, a decision given by the umpire at the home plate tied the score. His right to make the decision was disputed at the time, but has since been proven valid by good authority, so the game stands as a tie. The battery for Blunt House was Secor and Cowin, and for Abbot St. Brown and Colt. Umpires, Bliss and

Brayton. The score by innings was as follows:

	1	2	3	4	5	6
Blunt House,	4	0	1	0	0	0-5
Abbot St.,	0	0	0	0	4	1-5

Salem St. 27; E. C. 5.

The second championship game was played on the Salem St. campus, Saturday afternoon, between Salem St. and English Commons. Salem St. netted fourteen runs in the first inning and virtually won the game. The features of the game were the battery work of Allen and Wilder for Salem St., Baldrige's three-bagger, and Bailey's batting, he making a home run and two two-base hits. F. H. Montgomery did the best work for E.C. Batteries: Allen, Wilder and Baldrige, for Salem St.; Ames, Fales and Cornish for E.C. Umpires: Temple, '94, Stover and L. W. Smith, who took Stover's place before the end of the game. The following is the score by innings:

	1	2	3	4	5
Salem St.,	14	1	7	0	5-27
E.C.,	4	0	0	0	1-5

Natural History Society.

The thirteenth regular meeting of the Society was held on Monday evening, President Woodman presiding. After the reading of the Secretary's report, it was voted on motion of Woodman, seconded by G. G. Greene, that the society should hereafter hold its meetings on Saturday evenings instead of on Mondays, on account of the Stenography class coming at the same time.

As Mr. Kitchel had not appeared to give his talk, it was moved that the society await his arrival. The gentleman finally came, after a ten minute recess which was very pleasantly occupied, Mr. Nettleton having consented to give an athletic exhibition, and proceeded at once with a very interesting article on Natural Gas. He explained how and where it was found, and gave some interesting facts concerning its many uses.

Mr. Whitfield, who was to talk on Glaciers, was not present, so, after the informal talks, the meeting was adjourned.

The Schubert Quartette.

A fair sized audience consisting mostly of townspeople attended the concert given by the Ladies' Schubert Quartette of Boston in the Town Hall

last Friday evening. The quartette singing was very good, the rendering of the "Chalet Horn" and "German Shepherd Song" being especially pleasing. The Quartette was assisted by Miss Hester Holmes, an elocutionist, who gave several selections with much life and spirit.

THE ANDOVER PRESS, PRINTERS

We hope that the request of the base ball management, as seen in the communication, will be granted. The only reason for making it is that the diamond is more or less torn up, after it has been marked out and put in order for the regular game. The Salem St. campus is always free for the use of the street teams, and the Theologues' campus can be used almost every half holiday, so it cannot be considered as absolutely necessary for them to have the use of the school campus.

Inasmuch as the Street and House nines have already begun the schedule of games, a few words in regard to the now threadbare subject "upper campus," will probably not be out of place. All that the campus needs to make it a good ball field is the removal of two trees and the erection of some kind of a backstop. Whether this is the business of the trustees or the present base ball management we do not know; however we feel justified in saying that, as the first nine both by practice and games makes it practically impossible for any other nine to use the main campus, something ought to be done immediately.

This thing has been harped on now for several years and the sooner it is satisfactorily settled the better it will be for all concerned. We would suggest as the best way out of the difficulty that a committee from the managers of the Street teams be appointed to push the thing through.

We printed, in a recent issue, a communication concerning the disposition on the part of the school to yell at and applaud the errors of the visiting teams when an apparent advantage is to be gained, through such an error, for our

men. We thought the communication was all that would be necessary to stop it, but it has not had the desired effect. We do not think that it is done with deliberate intention to confuse the visitors, but it seems to be, rather an outburst of enthusiasm over the advantage the home team gets from it. If the fellows stop only long enough to consider the matter, they cannot fail to see that it is not a manly thing to do, and while the spirit of enthusiasm should be kept up to the highest notch throughout the entire game, it ought to be kept within proper limits and never to be misdirected.

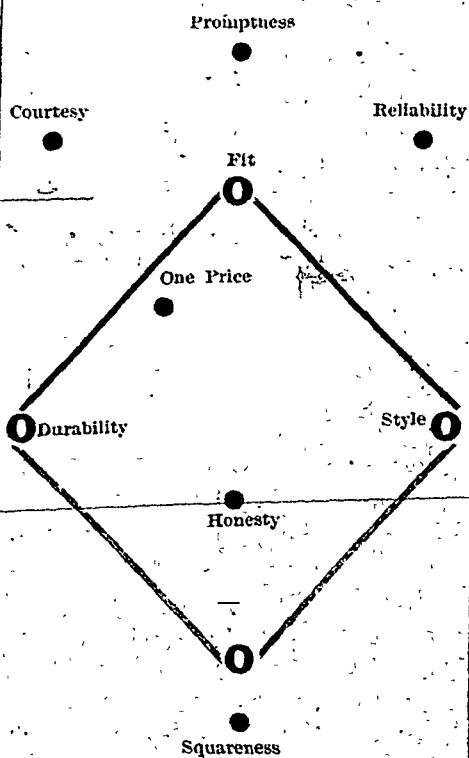

Athletic Records.

We publish below the track athletic records of the school as far as we have been able to ascertain them:

THE

'91 NINE!

During the Easter vacation I made up a "team" for business purposes, which I am sure the students will admire and with which I am confident I can defeat "all comers." It is an "all star" aggregation that will win the pennant of popular approval and one that smiles at the efforts of even "leading" competitors. Come in at once and see my line of nobby spring woolens for suitings, trouserings, and overcoatings; my spring neckwear and the latest Earl & Wilson collars and cuffs.
