

The Phillipian.

Vol. XV.

Phillips Academy, Andover, Mass., May 6, 1893.

No. 57.

P. A. 7; Tech. '96 0.

The game yesterday afternoon showed what our pitchers are able to do. Out of twenty-seven men who came to bat, Greenway struck out seven, Sedgwick six, and Paige eight. Not a Tech. man saw first till the fifth inning. We made our first run in the first half of the third inning. Letton hit to centre for one base, stole second, and came in on Murphy's hit to centre field.

For the next three innings neither side scored, but in the beginning of the sixth we batted the ball all over the field, and with the help of a few errors and wild throws got in five runs.

Donovan started out with a two-base hit to left field. Murphy followed with a single. Jennings flied out to right field. Donovan came in on a wild throw, and Murphy went to third. Sedgwick got his base on balls and stole second. Murphy came in on Millard's single. Sedgwick reached home on Duncan's hit, and Millard came home on a wild pitch.

Page got first and second on errors, and Duncan scores home. Allen was thrown out at first, and Letton flied out at second, thus ending the inning.

During the remainder of the game neither side got a run, leaving the final score 7 to 0.

Lewis of Tech. put up a good game at centre, having three put-outs and one assist to his credit. One of his catches was a very difficult fly of Donovan's in the first inning, which he got after a hard run.

In the ninth Tozier got hurt in a collision with Donovan, and Hazen took his place at second and played the remainder of the game.

Means Prize Speaking.

The storm on Thursday gave way in the evening and the usual large number of visitors attended the Means speaking competition. It was the twenty-sixth anniversary of the founding of this sharp but friendly contest, and it surely was a fitting beginning of a new quarter-century. The quality of the compositions and the general fine tone of the delivery, we believe, has never been surpassed in any year's work.

Ninety-five carried off first honors by the work of G. H. McClellan. His poem, "The Siege of La Rochelle," was a fine bit of work, combining poetic imagination and historical precision admirably. Ninety-three won the remaining laurels through the efforts of W. T. B. Williams and W. B. Parker who won second and third prizes respectively. The delivery of Williams was the best of the evening. His grace and confidence of manner showed how well he deserved not only this prize but that of the first Draper which he won two years ago. There is nothing but praise for Parker's work. His poem was a musical composition and it predicts much for his success as class poet. These awards were cordially received.

The men who were unsuccessful as prize winners were certainly successful as speakers, and the honor which they did Phillips was a great service. The essays were of a high grade, especially Gordon's, Smyth's and Skerry's. Kitchel wrote on "Characteristics of Cities." His effort showed thought, although he wandered and was quite shaky in delivery. J. W. Lewis, on "Eccentricity and Individuality," and W. M. Gardner on his pet subject, "Politics," were valuable additions to the select few. Lewis showed great improvement over last year. Grilk, on "Lowell," surprised his warmest friends and we venture did not come far from the top. The School is proud of its last Means contest and in the light of it sees great things for the Draper.

The following is the programme as presented:

- The Quality of Lowell's Americanism. Charles Grilk, Davenport, Iowa.
- The last Presidential Campaign. William McClintock Gardner.
- The Quality of Lowell's Americanism. Donald Gordon, Kyoto, Japan.
- Characteristics of Cities. Cornelius Porter Kitchel, E. Liverpool, O.
- The Quality of Lowell's Americanism. Nathan Ayer Smyth, New Haven, Ct.
- The Siege of La Rochelle, a poem. George Harris McClellan, Abilene, Kan.
- The Quality of Lowell's Americanism. William T. B. Williams, Millwood, Va.
- The Ethics of Work. William Frederick Skerrye.
- The Siege of La Rochelle, a poem. William Belmont Parker.
- Individuality and Eccentricity. John Webster Lewis.

Phillips Exeter's Exhibit.

Several large photographs, which comprise a portion of the World's Fair exhibit of Phillips Exeter Academy, were shipped Tuesday. They include general views of the grounds from front and rear, the main recitation building, exterior and interior views of the chemical and physical laboratories, the gymnasium and Abbot Hall, two views in the school chapel, pictures of students' rooms in Abbot Hall and a private house, portraits of John Phillips and Drs. Abbot and Soule, and a group portrait of last year's faculty. The pictures are mounted on a black background and enclosed by a heavy oak frame measuring five by four feet. In a smaller frame are photographs of the old academy burned Dec. 17, 1870, and portraits of Dr. Soule and Professors Hoyt, Wentworth and Cilley.

Harvard Yale Debate.

The fourth annual debate between Harvard and Yale was held in New Haven last Tuesday night, the result being a victory for Harvard men. The subject of the debate was, Resolved: "That the time has come for the United States to abandon the policy of protection." The representatives from Harvard were Herber C. Lakin, '94; Frederick C. McLaughlin, '93; and Frederick W. Dallinger, '93. All from Massachusetts. Yale representatives were—Harold E. Buttrick '95, N.Y.; Louis P. Gillespie, '94, N.Y.; and Richard H. Tyner, '94, Iowa. President Dwight presided as Dr. Depew, on account of the sickness of his wife, was unable to be present.

Bancroft Cottage.

The Bancroft Cottage is at last completed and the rooms will be ready for occupancy the beginning of next year. The house is an improvement on the others in some respects. This is the third of the four colleges begun during the year. The rooms on all three floors open into large, well-lighted halls. The entire inside mouldings are of hard wood, and the floors are of well selected yellow pine, capable of a high finish. Every study room has an open fire-place, and is heated by the hot air system. The bed rooms are small but quite large enough for all practical purposes.

The two suites on the third floor have each a deep window seat, a set of drawers, and a book-case built into the wall on either side of the window.

In the cellar are the closets and the bath-room, which is fitted up in hard wood with hot and cold baths and shower.

All the iron work is nickel plated. The Cottage has four double suites, two single suits, one single room and a double suit for a teacher.

Forum.

Last evening witnessed one of the most interesting and successful meetings of The Forum. The debate, led on the affirmative by Parker, and on the negative by Gordon, was on the question: "Resolved that the time has now come for the United States to abandon the policy of protection." The subject brought forth all the ability of the republican and democratic speakers in behalf of their respective principles. The best speeches of the evening were given by Gardner, Gordon and Eddy on the negative, and Parker on the affirmative. The debate was decided in favor of the negative. After the debate, the society appointed to meet a committee from Philo to challenge them to a joint contest at the close of the term. The committee reported that Philo refused to hold such a contest at that time. Since the Forum felt that it had shown its ability to cope with its ancient rival successfully, it voted to abandon the idea of a contest and to make arrangements for an entertainment at the end of the year. A committee was appointed to make arrangements for such an exhibition, and the society adjourned.

Annual Subscription, \$2.00.

THE PHILLIPIAN will be issued every Wednesday and Saturday during the school year, except in vacation.

All communications must be accompanied by the writer's full name and address, not necessarily for publication unless so desired.

Communications may be addressed to THE PHILLIPIAN, Andover, Mass., or dropped in the Phillipian box placed in the main hall of the Academy building.

The editors do not hold themselves responsible for the opinions of any correspondents.

PHILLIPIAN Board meetings are held Wednesday and Saturday noons.

ENTERED AS SECOND-CLASS MATTER AT ANDOVER POST-OFFICE.

NOTICE!

To insure change of advertisement, copy must be received for Wednesday not later than Tuesday noon; for Saturday, not later than Friday noon.

The Andover Press.

The Harvard Musical Clubs will give their entertainment in the Town Hall on Tuesday evening. This will be a splendid opportunity to hear the clubs of one of the leading colleges. Further mention is not necessary since the reputation of the clubs and the college they represent will doubtless insure a full attendance from all of Andover's educational institutions.

The last term of the year is fast coming to a close. It is very important that all business connected with our publications should be left in proper condition. The PHILLIPIAN is no exception to this rule. It has obligations, which must be met promptly. We are compelled, therefore, to urge all men who have not paid their subscriptions to do so at once. An early settlement will save us much trouble besides enabling us to meet all demands as soon as presented.

The first of the trials for the Draper speaking will be held this evening. The success of the Means contest should urge every man who can do anything at all in this line to try for the coming prize speaking. To be one of the contestants in the Draper is certainly one of the highest honors to be won in the school from a literary point of view. The Means contest alone, excels it. From the standpoint of speaking only, it is unsurpassed. The number of men who try should be very large in order that the final speaking may be of the highest order.

Yale's Athletic Games

The Yale athletic association held its annual spring meeting on Saturday afternoon, May 29. The rain which set in later in the afternoon rendered the track heavy and prevented the best time from being made.

The event of the afternoon was the breaking of the world's record in hammer throwing, 110 ft., 4 in., by Hickok '95 S. His best throw, 112 ft., 9 in., made with a wire handle, will stand as the world's record but not as the intercollegiate record, as only wooden handles are permitted in the intercollegiate contests. His best throw with a wooden handle was 111 ft., 1 3/8 in. The only other record broken was the college record in the mile walk. Wright, '93 S., covered the distance in 7 min., 6 4/5 sec. The running jump was won by Sheldon, P. A. '92, Yale '96, 21 feet, 7 3/4 in. He also won second in the high jump.

The Oldest University

The prevalent idea that the oldest university is in Europe is incorrect. In the tenth and eleventh centuries the University of Fez, Africa, was almost the only seat of Arabic and Christian learning in the world. Before universities existed in Paris, Oxford, Cambridge, Padua or Bologna, students flocked to Fez from Andalusia, France, and even England, and Fez is to-day the principal western seat of Mahometan theology.

Missionary Meeting

On Sunday evening the Society of Inquiry will hold its regular meeting, but the exercises will be somewhat changed. Several of the members will make brief reports on missionary work now being carried on in various parts of the world. Some remarks may also be expected from Seminary students. All members of the society are also requested to make brief reports of any work of which they may know.
