## 1909 WINS NUMERALS

Defeats the Seniors and the two Lower Classes in the Cross-Country Race Monday

The class cross-country race was won on Monday afternoon by the 1909 team. 1908 got second place, while 1910 and 1911 did not qualify, as five men did not finish from either of the classes. M. J. Hayes, who won the scratch race on Friday, finished first in 22 min. 21 sec.

The course was the same as that of the scratch race, but only two laps were run instead of three. It starts from the steps of the gymnasium, runs down to Mr. Newton's house, across the golf links to the entrance of Missionary Lane, up past Salem Street, and enters Brothers' Field from the rear of Pearson's. The finish was under the east goal post.

The following four men started the race, but owing to fatigue but twenty-two finished

1908—F. F. G. Donaldson, A. L. Bradbury, G. H. Hamlin, G. G. Mead, W. N. Allen, J. L. Barry, S. J. Halle, R. D. Gile, S. J. Spiegelberg.

1909—D. Johnson, M. C. J. Hunt, P. P. F. Dempsey, H. W. Bradley, A. L. Baury, G. M. Leslie, E. A. Williams, R. L. Coleman, J. K. McCormick, S. B. Arnold, L. M. Gard, R. M. Demere, M. J. Hayes, E. W. Freeman, W. B. Beeson, F. L. Klingbeil, H. A. Colver.

1910—J. S. Reilly, W. F. Woodward, L. M. Stewart, James A. McBride, D. Raymond, C. P. Winter, S. S. McCulloch, J. Kennedy, H. D. Swihart.

1911—J. M. Dempsey, P. Stewart, J. J. McIntosh.

Hayes, the first man that finished, completed the first lap in 11 min. 15 sec., while Coleman finished fifth on the first lap, and McCulloch finished third. The whole squad, however, was closely bunched until the second round.

The first five men that finished in one class made up that class team. The first man that finished out of the whole race was credited with one point, the second man with two points, the third with three points, and so on. Then the points of the various classes were added up, as shown below, and 1909 won with 20 points, while 1908 came second with 83 points, and 1910 and 1911 did not qualify, as in each class a whole team did not finish.

The following gives a synopsis of the race according to classes:

## COLLEGE GAMES SATURDAY

Yale Defeats Princeton After a Fierce Struggle—The Green Runs Away With Harvard in Second Half

In the annual game at New Haven last Saturday, Yale defeated Princeton by a score of 12 to 10. Princeton did all their scoring in the first half, but, in the second, Yale took a decided brace and scored 12 points. Winter played a star game for Princeton, while Coy's work for the Blue was conspicuous, as he scored both the touchdowns and punted well, keeping Princeton well out of Yale territory. Booth made Princeton's touchdown, and Harlan dropped-kicked a goal from the 15-yard line. Andover was represented by Murphy of Yale and Dillon of Princeton.

Marks and Stuart were the heroes for the victors. The touchdowns were made by Kennedy, Ingersoll, and Tobin, and Glaze kicked a goal from the field.

## STUDENT COUNCIL MEETS

Officers Elected for the Year 1907-08  
—No Important Business Transacted at Meeting

The first regular meeting of the Student Council was held last night in the Archaeology Building for organization and the election of officers. G. F. Richmond, '08, of Dunkirk, New York, was elected president, and E. A. Rosendalé, '09, from Peoria, Illinois, secretary. Several matters were brought up, but no definite action was taken at this meeting. Among other things considered was the matter of building a swimming pool in connection with the Gymnasium. A plan is also already under consideration for holding the Exeter game celebrations at such a place that they will not be hampered by the presence of outsiders. The future meetings of the Council will be held the first Monday in each month.

Assistant Basketball Manager.

At a meeting of the Athletic Advisory Board on Monday evening, a new system of competing for the assistant managership of basketball was adopted. Any member of the school who expects to be a senior or non-returning middler the following year is permitted to try for it, provided that the faculty pass on him. The candidates this year will be allowed two weeks, from November 27th to December 10th, to collect subscriptions from the school, and the two men collecting the most shall go before the school to be voted upon.

Glee Club.

The following men will report for rehearsal of the Glee Club at 6.45 on Thursday evening, at Bartlet Chapel: Foss, Gardner, Hall, Pfau, Williams, Decker, McGill, K. Reynolds, McBride, Emerson, Burnham, Foster, Pittman, King, Tweedy, Bennell, Fry, Litchfield, Loughran, Woodward, Baury, Shannon, Warnock, Tolles, Mueller, Messerly, Goss, Bradley, Beeson, Mitchell, Twombly, Palmer, Mead, Ross.

Dramatic Club.

The following are asked to meet in the lecture room of the Archaeology Building, this afternoon, at one o'clock sharp: Bennell, Lanus, Osgoodby, W. J. Hall, Bradford, Bowles, Loughran.

Parts of this year's play will be read and it is important for the above mentioned to attend this meeting.

#### Archaeology Notes.

Some time ago, from Montana, the museum obtained a carved elk handle. On this specimen has been traced a number of animals such as elk, deer, and buffalo. A trail has also been distinguished and there are numerous tepees indicating the site of an Indian village. The elk antler had been made into a quirt or whip handle and is heavy enough to have also served as a weapon in a hand to hand fight. The carving has evidence of having been done with a steel tool. The relic is fifty or sixty years old and has been used frequently as the polished and worn ends indicate. Apparently it was carried by a horseman during the early days when the hostile Sioux and Cheyenne bands controlled the Upper Mississippi valley. It was found in the famous Powder river country where Custer's last fight, Fetterman's defeat and other engagements occurred. The most warlike Sioux used to live here.

The department received some interesting specimens from the Missouri Valley, this summer. The Missouri River waterway was used generally by the Indians in prehistoric times. Tribes from Yellowstone Park penetrated as far South as St. Louis on trading expeditions. Red pipe stone, so highly prized by the Plains Indians for pipe material, was brought down in canoes and traded for pottery, salt, etc.

The specimens found along the river are of such different form and materials that it is clear that many people roamed through this region.

Where stone was rare, buffalo bones (being hard) were used for implements. The collections in the Archaeology Museum will be found interesting and new fellows are invited to examine them.

There is a thick, heavy skull from Florida—a skull with no facial angle. The head retreated from above the orbital arches and there was no forehead.

Walton, op. Hurt.

Winship Walton, '09, who was very seriously injured by being thrown from a horse last Saturday is reported as much improved in the latest report.

### Lecture by Mr. Cross.

Mr. Cross gave his second lecture at the Academy Chapel last Tuesday night on the subject of "Paris, a World Capital." The lecture was illustrated by many slides.

In connection with the history of France, he spoke especially of the storming of the Bastille and the career of Napoleon, showing pictures of the various places of historical interest in Paris. He also emphasized the beauty of the streets and public buildings of Paris, showing pictures of the Opera House, Pantheon, Eiffel Tower, and Arc de Triomphe, and the beautiful Gardens of the Tuilleries. In finishing, he spoke of the famous art galleries of the Louvre and the Luxembourg, and of the Seine which flows through Paris, and is crossed by thirty bridges in nine miles. The lecture was well attended. The next one will be on "The Lily of the Arno."

### Dr. Peabody's Lecture.

Dr. Peabody's interesting lecture on "Prehistoric Man in Europe" will be given in the Archaeology Building tomorrow (Thursday) evening at 7:30. The lecture is illustrated.

Dr. Peabody has explored many of the caves of Europe and his pictures will be well worth seeing.

As the lecture deals with the origin and development of the ancestors of English, French, German, Italian and other civilized races of today, every student of Phillips who can attend should do so. There is no admission charged.

### Inquiry.

The regular meeting of Inquiry was held last Sunday night in the Archaeology Building. The meeting was well attended, and full of interest. Mr. Parmelee opened the meeting with prayer. As Mr. Stearns was unavoidably detained and could not attend the opening of the meeting, Dr. Page spoke upon the unavoidable punishment man is sure to meet with for his transgressions, and that all sin, both physically and morally, always leaves its traces behind it.

Mr. Stearns continued the discussion, upon his arrival. He carried out Dr. Page's ideas, but in a different manner. He spoke mainly upon "Conscience". He believed a thing to be right, if your conscience tells you it is; and wrong if your conscience tells you it's wrong. Thus, one thing may be wrong to one person, but the same thing could be right to another. After the speakers, a general discussion followed upon the subject of conversion.

### Philo Program.

Philo will hold its regular meeting Friday at 7:15 in Society Hall. The subject of debate will be, "Resolved, That trusts are detrimental to the United States." Platt and Bennett will speak on the affirmative, while Allen and E. H. Williams will uphold the negative. Thwing will give a Select Reading, and Topics of the Week will be rendered by C. Pierce. The critique will be given by Tolles.

### Forum.

The regular meeting of Forum will be held next Friday night at 7:15 p.m., in Forum Hall.

The program will be as follows:  
Topics of the Week—Bradford.  
Extemporaneous Address—Pratt.  
Select Reading—Logan.  
The subject for debate will be, "Resolved, That woman suffrage is desirable."  
Affirmative—Gemmer, Ungvary.  
Negative—Hoffman, McBride.

### Class Hockey.

This year a new experiment is to be tried in having class hockey teams. In former years there was only one team, and those who could not make this were kept out of hockey altogether. It has not been definitely decided whether or not numerals will be given for the winning team, nevertheless it will be undoubtedly good practice for those men who expect to return next year. Two new rinks have been built on the Old Campus, which it is hoped will be found much more convenient than Rabbit's Pond, so every fellow is urged to come out.

### MANAGEMENT.

At a meeting of the Athletic Advisory Board on Monday evening, Russell Stiles and A. P. Foss were nominated for tennis manager. The election will take place in a few days.

#### Rink on Old Campus.

In past years the Academy hockey team has always had their rink for practice and for home games on Rabbit's Pond, but owing to the difficulty in keeping the snow off the rink, and also the difficulty of keeping the ice smooth, two rinks will be built this year on the old campus. They will be built as soon as possible, so that the hockey practice may start as soon as there is any ice.

#### Gymnasium Team Notice

All fellows who have done any gymnasium work are requested to come out and try for the gymnasium team. As yet only a few fellows have reported; so there is a good chance for several more. Those winning a place in the all-round contest at the end of the year will receive their A. G. A. Candidates are requested to report at the Borden Gymnasium at four o'clock tomorrow.
