YALE FRESHMEN WIN

Andover Defeated in Ten Inning Game. Few Errors and Playing Fast. Score, 1-0.

Last Saturday afternoon Andover went down to defeat at the hands of the Yale Freshmen team by the score of one to nothing, and that run was made after ten innings of hard play. The day was not a good one for baseball, and because of wet grounds fielding was difficult, especially in the outfield. But in spite of this fact some excellent fielding was accomplished in centre and right field, by Dunn and Snell, Andover men. This was Merritt's first game of the season and he played his usual good game at third base. Another prominent in the game was E. Burdette at shortstop, who covered that position creditably. Bennett, Merritt, and Snell excelled for Andover.

For the Yale Freshmen, Hartwell pitched an excellent game, striking out eight men. McIntyre at second, and Captain Reilly, captain of Andover in '06 and '07, at shortstop played their characteristic game of excellent ball at their respective positions.

As can be seen from the line-up, seven of the Freshmen were here at Andover last year and all of them were practically well acquainted on Brothers field, on which the game was played. Martin, McIntyre, B. Reilly, Badger, and Daly played in the Exeter game last June, and Hartwell and Freeman pitched on their class nines.

The game was called for about ten minutes after two men were out in the first half of the fifth inning because of a heavy fall of rain. The ground was soaked as a result. Although Moore could not keep the Yale men from connecting with his delivery, the home team supported him in excellent style. Andover's chief trouble was in the lack of bunched hits; a number of times when the bases were covered, the batter would strike out, thus destroying the chance of a run. Dunn was on third in the tenth, with one out, but was put out by Deming on Badger's throw. This was the closest Andover came to scoring.

The game in detail:

Martin headed the Yale Freshmen's batting list and was put out on his fly to Snell in right field. McIntyre flied to Isett. B. Reilly was struck by a pitched ball and reached second on Badger's safe hit over shortstop. Mosser closed the half, being put out at first by J. Reilly, assisted by Bennett.

Merritt was struck out but Bennett reached second on a pretty two

WORCESTER WINS MEET

Andover Defeated by Only One Point at Harvard Interscholastic Meet. Exeter Third.

Worcester Academy won the twenty-third Harvard Interscholastic Meet on Soldiers Field last Saturday afternoon, defeating Andover's crippled team by the narrow margin of one point. With Eames or Butler in the sprints, or Porter in the high jump, Andover would have won the meet, since both the former are very fast, and Porter is sure of five feet, seven inches. R. A. Gardner, who won the pole vault by clearing the bar at ten feet, established a new record in his exhibition vaults by crossing the bar at eleven feet, and three quarters of an inch. E. A. Rosendale captured Andover's only other first, by jumping twenty-one feet, three and a quarter inches. Andover's other point winners were; R. G. Hopwood, second in the hundred and two twenty yard dashes, D. Knox, second in the half mile, S. H. Brooks, second in the two twenty yard hurdles, and J. E. Finnessy, who tied for second place in the pole vault.

Hopwood ran a beautiful race in both the hundred and the two-twenty, pushing Nelson, the Volkmann star especially hard in the latter race. Nelson won the hundred in nine and four-fifths seconds, equaling Duffy's record, and Hopwood crossed the tape in ten seconds flat. Since a strong wind prevailed, Nelson's record will not be allowed to stand. In the two-twenty yard dash, when Nelson equaled the record of twenty one and three fifths seconds, Hopwood was but a foot behind him. This was a wonderful showing, when one considers that only a few days before, Nelson in practice, defeated both Lockwood and Dodge. Harvard's two crack sprinters.

Knox ran a good race in the half-mile. He was boxed at the start, but after the first quarter he had become loose and was running fourth beside the pole. He crept up steadily, and passed Warner, Worcester Academy's crack man and took first place. Before the turn was left behind. Warner forged ahead with a great effort and crossed the string but an inch ahead of Knox, who sprinted a yard too late. Had Knox let himself out for the last twenty yards, instead of saving himself for the quarter mile, he would have defeated his exhausted opponent and Andover would have won the meet, defeating Worcester by the same score by which the latter won. WHY SPAULDING SHOES ARE BEST

Because we use the best Kangaroo leather for the tops.
 Because we use the best White Oak leather for the soles.
 Because we use the finest Hand Made Steel Plates obtainable.
 Because they are made in our own factory, by men who have been in our employ for many years, and, from their knowledge and experience, know just what is required.

In addition to this, we use light weight leather, specially tanned, to give it the additional strength so necessary in an athletic shoe. Furthermore, when we say a shoe is "bench made," it is really made throughout by hand by a shoemaker working at a bench in our factory. The plates on all of our shoes are put on carefully by hand.

Archaeology Notes

Curious things are sometimes found in mounds. Recently a man digging in Florida procured a string of ordinary, everyday sleighbells. To begin with, this mound was not prehistoric but may have been built within the last two hundred years. The colonists soon discovered that articles which they thought would interest the natives fetched small prices, accordingly they found out that certain objects of small value were highly prized by the Indians. Among these were sleigh-bells, looking glasses and scissors. The early traders brought over vast quantities of these things and also glass beads of many colors. The Indians preferred the sleighbells and would give more beaver and other skins for a string of bells than for anything else.

American savages spent no little time in dancing and tied about their ankles deer hoofs or turkey skulls filled with small pebbles, or anything that would make a noise, so they seized upon the sleighbells with avidity and their dances were enlivened and made more musical. Twenty-four years ago nothing was more ludicrous than to see a number of dignified Sioux chiefs, each with a string of dangling sleighbells about their necks, stride into an important council at which was present the peace commission from Washington.

Inquiry

Those present at the meeting of the Society of Inquiry last Sunday evening, enjoyed an extremely interesting address from the Rev. Mr. Carter, city missionary of Lawrence. Mr. Carter has been connected with the relief work at Lawrence for a number of years, and has studied the conditions at close range, so he thoroughly understands his subject. His object in speaking was to point out some way by which the Society of Inquiry might make itself a factor in the settlement work at Lawrence. What our work during later life will be, he said, should be our practise in youth. Mr. Carter related incidents connected with his work in Lawrence, and told many interesting facts concerning the life of the foreigners who come to the city. Lawrence, he said, is the fourth largest city in the United States in regard to the percentage of its population who are of foreign extraction. He also said that the need of teachers to instruct foreigners in the English language was very great, and that students could help a great deal by entering into some such work as this.

At the close of the address, the president reminded the society that the seventy-fifth anniversary of the founding of the Society comes this spring. A committee composed of Tolles, Thwing and Webster was appointed to arrange for anniversary exercises, to take place at commencement.

Forum

The regular meeting of Forum will be held in the lecture room of the Archaeology building next Friday evening, when the following program will be rendered:

The topics of the week will be given by Gerow.

Select reading, Pratt.

The subject of the debate will be: Resolved, that debating should be made as important a factor in school life as athletics.

Woolverton and Gemmer will support the affirmative, while Pickett and Dowling will plead for the negative.

An extemporaneous speech by McBride will close the program.

it was, Knox got boxed in the quarter and did not get free early enough to win a place.

Dowling ran well in the mile, but was also boxed at the start. He became loose at the half-mile mark, and held second until the last half of the fourth lap, when he passed Ballard, Providence Technical High School's star runner. He was unable to hold his lead, however, and Ballard closed up in the last twenty-five yards, and won the race in an exciting finish, with Dowling a good second. Hayes ran a splendid race and finished fourth.

Brooks qualified in the finals of the two-twenty hurdles by winning second place in the semi-finals, running easily. He made a good start in the finals and held third until Radford of Exeter fell at the last hurdle; Brooks then stepping in and capturing second place.

Finnessy vaulted well and tied for second place with Holmes of Exeter, both men clearing the bar at nine feet, nine inches. Finnessy won the toss.

It is interesting to note that out of the ten events in which Andover and Exeter were both represented, Andover came out ahead of Exeter in seven.

The schools, which competed, finished with the following scores:

	POINTS
Worcester Academy	27
Andover	26
Exeter	16
Volkman School	15
Providence Technical H. S.	9
Powder Point	8
St. Marks	5
Brown & Nichols	1
Brookline H. S.	2-3
Portland H. S.	1-3

base hit into left field. J. Reilly and Snell went out in order at first assisted by Deming.

Lilley was advanced as far as third but the side went out with nothing accomplished. Andover went out in order. Martin started the third with a clean one base hit over third base. McIntyre took first on a fielder's choice, but Martin was put out. The Freshmen made another attempt to score. Deming hit fair over McIntyre's head. Hartwell put him on second, but not satisfied, Deming ran for third, but was put out by Merritt with the assistance of Dunn. Andover went out in order, although Burdett reached first. While stealing second he was put out, Dunn struck out, and E. Burdett fled to Lilley.

In the eighth inning, Martin led off with a clean centre field hit and reached second on Merritt's error from McIntyre's hit, McIntyre getting to first on a fielder's choice. On B. Reilly's hit, both runners were advanced but Badger retired the side on a fly to Dunn, who made a good catch while running. Andover went out in order.

In spite of her tries, the Freshmen were able to get a runner only as far as second, and J. Reilly, Snell, and Pierce went out in order for Andover. Much effort was made by both sides to make a run in the ninth, but nothing happened of any importance again until with two men out, in the tenth inning, Capt. B. Reilly brought McIntyre home from first base on a clean two base hit over the left fielder. When the ball came in E. Burdett took it and made excellent use of it. While starting for third, Reilly was put out by him, retiring the side. Andover made the most of her opportunities in her half. L. Burdett fled out to B. Reilly. Dunn made a clean hit over McIntyre, and took second on Lilly's error, when he threw to first. On E. Bennett's hit Dunn reached third, but was caught off third base by Badger assisting Demming. Moore struck out.
