SWIMMING NOTICE

Mr. Murray wants all the fellows who have signified their intention of taking the swimming course, and also those who have handed their names in to him, to report at the pool this week so that he will be able to make up a schedule of lessons. These lessons must all be completed within eight weeks. This course is for those who can't swim or for those who intend to take speed swimming or diving. Mr. Murray will be at the pool every afternoon during the swimming hours.

In visiting the several pools within the vicinity of Boston, during vacation, Mr. Murray found that Andover's pool compares favorably with the best pools in New England. The temperature of the water is as near perfect as possible for continuous swimming and has no bad after effects.

In Boston, swimming is considered of great importance and it has been made compulsory in all of the High Schools, and each school has its swimming team, and many of these teams are making some exceptionally good showings. The spirit here, said Mr. Murray, in the development of the team, was far above that which is shown in the High Schools of Boston.

Mr. Murray says that he would like to see more fellows out for the team, and anyone who thinks that he has any swimming ability should see him and he will be only too glad to help. The only way that one can be a good swimmer is by constant practice, as this is the secret of the whole thing.

Gym Team Notice

All candidates for the gym team are asked to report at the gymnasium at 2.30 today.

Notice

All fellows who have not paid their subscriptions to the *Mirror* must see P. L. Hunt, Bishop 6, at once.

Boxing Notice

Classes in boxing will start on Friday. All fellows who intend to take it up should see J. H. Dillon at once.

Wrestling Notice

All fellows who intend to take wrestling should see Dillon at once. The services of "Cyclone" Burns have been procured, and he will be the instructor in charge.

Pot-Pourri Notice

Seniors and non-returning Middlers who have not had their photographs taken yet should do so immediately. All pictures must be handed to Edward L. Davis before the 25th of this month. Please assist the management by acting promptly.

Notice

There will be a very important meeting of the Debating Union this afternoon at 1.45 in the lecture room of the Archaeology building. The following should be there: W. F. Palmer, A. Davison, J. S. Ferguson, N. Boynton, R. S. Cook, and W. H. Woodford.

Card of Thanks

To the Editors of the *Phillipian*:
I wish to thank the members of the Varsity soccer squad for the gold watch presented to me, and I more than appreciate the gift.

TRACK WORK

Squad Begins Training for the Winter Term

On Monday afternoon at the gym a meeting of the track candidates was held and the work for the winter discussed. Captain Crary spoke first and told of the new system that has been adopted this year. He spoke on the bright prospects for a winning team and strongly urged each man to come out and take hold at once. Then Mr. Crawford, head coach for the year, explained fully the new system. There is to be no board track this winter, but instead, all men, with the exception of weight and field men, will walk three times a week. The object of this is to get the men in condition for the hard work next spring. These walks will commence from the gym at 2.15, three afternoons a week. Mr. Crawford put special emphasis upon the men keeping up in their studies, saying that scholarship conditions were often the cause of our defeats by Exeter.

Sid Peet spoke and emphasized what Mr. Crawford had said about the fellows keeping in condition and keeping up in their work.

The weight and field men were given directions for their work by Mr. Thurber and Mr. Pifer. They are to walk with the squad on Mondays and work in the gym on Wednesday and Saturday afternoons. Mr. Thurber especially urged the weight men to work conscientiously and not to miss the work in the gym. Mr. Pifer spoke on the conditions at Exeter.

Captain Crary and Mr. Crawford picked the squad which consists of the following: A. O. Barker, C. B. Beck, R. H. Clapp, W. A. Coles, E. L. Davis, J. S. Davis, A. Davison, G. Donovan, C. H. Durfee, J. W. Feeney, W. R. Hahn, D. C. Hale, R. E. Haynes, W. J. Hever, P. W. Howard, G. V. Kellogg, R. P. Kneen, W. D. Macfarlane, D. Macrae, A. Medlicott, J. W. Mooney, G. E. Nichols, M. W. Phillips, L. B. Powers, L. T. Prescott, A. L. Rosener, J. G. Schultze, C. M. Sheldon, W. W. Sheldon, D. B. Simonson, D. S. Soliday, V. D. Space, H. A. Stockwell, E. W. Stuchell, W. D. Stillman, M. W. Thompson, A. B. West, Williams, Whittlesey, K. Woolley.

The following on the squad have not gotten their five A's off: J. L. Appleby, H. M. Baldrige, C. H. Beasley, G. O. Bradley, A. S. Campbell, E. G. Crossman, R. J. Farrell, W. H. Good, F. T. Hogg, G. C. Johnson, M. W. Leonard, W. W. Nielsen, C. Rodman.

Lecture on Panama

Thursday evening, January 9, at 8 o'clock, Mr. Farnham Bishop will lecture on "The Panama Canal." Mr. Bishop spent much time there and wrote the best article ever written on the Panama Canal for the *Century Magazine*. He will show many beautiful colored slides and he comes highly recommended. The students are cordially invited to attend. As this lecture is an extra and very expensive, there will be an admission fee of twenty-five cents charged.

Promenade Committee

The Junior Promenade Committee has been appointed as follows: D. R. Hanna, Jr., chairman; H. H. Conway, Jr., R. L. Jones, E. S. Lansing, J. S. Raymond.

LAWRENCE WORK

The report of the treasurer of the Lawrence work from June 22 to December 16, 1912, follows:

Hardware	6.70
Miscellaneous	13.00
	401.68
Balance on hand	61.52

During vacation the attendance of foreigners has been figured up. It was found that there has been an aggregate attendance of 1156 men. One hundred and nine different students of this number were enrolled and seventy-one different men attended regularly. Four left to attend the city schools on account of their age, being under twenty-one years. Three left the city, and the balance were dropped.

During the first week of vacation, the director visited the school each night and amused the fellows with games, telling stories and helping individuals here and there with problems of arithmetic and citizenship. During the second week, the school was kept open each night by a committee of foreigners who were helping out with the work in Lawrence. No special effort was made to entertain these men, the rooms being kept open for social purposes only, playing games, reading newspapers, magazines, etc.

In view of the unusually large attendance of the foreigners who were at the Andover school last fall, and of the keen interest which these men are showing at their night classes, a larger number of fellows will be needed for the work this winter term. Any fellow who is interested and would like to have his name considered as a possible teacher, may hand his name to any one of the following committee: MacMillan, Free, Lovett, Runge, Knowles.

Regular classes will begin this week Thursday night. The fellows who have signed up for Thursday night will as usual take the 6.45 car for Lawrence.

This year, on Monday and Thursday Arithmetic and Geography will be taught; on Tuesday and Friday, English, writing and spelling.

Means Essays

All the Means essays must be submitted on January 13. Each essay should be signed by an assumed name and should be accompanied by a sealed envelope containing the assumed name and also the real name of the contestant. The envelope should bear on the outside the assumed name. It is desirable, although not necessary, that the essay should be typewritten.

Musical Clubs Concert

The first concert for the musical clubs is on January 18th, at Rogers Hall, and it is especially important that every man should try and be free of conditions at that time. No man with conditions is eligible to go.

LECTURE IN CHAPEL

Illustrated Lecture on America and the Foreigner

For the meeting of the Society of Inquiry on Sunday evening, a stereopticon lecture given in the Chapel by Dr. G. W. Tupper was substituted. Dr. Tupper spoke on What America does for foreigners who come to this country. Although rather poorly attended, the lecture was very interesting. Dr. Tupper started by telling of the change of personality that occurred in a foreigner on coming into this country and on the process of changing an old mediaeval man into a twentieth century man. He illustrated his lecture by pictures of the various industries and occupations of this country.

He classed a foreigner as one would class raw material for manufacturing, and traced him through the different steps that he passed before entering the United States. As many as fifty races enter the country annually. Dr. Tupper said that the first emigrants to this country came from Northwestern Europe and were for the most part English, Irish, Scotch, Germans, Danes and Swedes. These people came in great numbers from the smaller villages, but when conditions in their own country had become more advanced the migration became very much less.

About twenty-five years ago a new tide of migration started from Southeastern Europe. Emigrants came from Southern Italy, Russia, Austria-Hungary, Greece and even from Asia. He dwelt for a long time on the conditions in Southern Italy, and showed some very interesting pictures of the people and dwellings of that country. It is from this section of Europe that the largest number of the emigrants come. They are driven from Italy by the high rents, low wages, heavy taxes, cost of food, and by the military service, and come here in great numbers. He spoke on the condition and habits of the Italians, and their utter disregard for and ignorance of sanitary conditions.

Dr. Tupper spoke very interestingly on the conditions in Poland and showed some good pictures of that country. There are over four million Poles in the United States. Great numbers of Lithuanians and Hungarians come to this country from farms and small villages. He showed pictures of the numerous types of people that make up the many divisions of that country.

Pictures were then shown of Ellis Island and the lecturer told of the circumstances that confront a foreigner on coming into the United States.

Dr. Tupper praised very highly the good work which is being done for these foreigners by schools, clubs, and other organizations. They are being taught the English language, American customs and institutions. As the speaker said, the old, dormant, Old World spirit is being made over into the active, progressive American form. But the foreigner has his own errand also; he brings a number of innovations himself, which to a certain extent have an influence on his receivers. Accordingly the process of making immigrants into Americans is not quite so one-sided as, at first sight, it appears to be.

Chapel Preacher

Mr. Stackpole will be the preacher at both services next Sunday.

THE ANDOVER PRESS

January 8, 1913

The *Phillipian* takes pleasure in announcing the election of Robert S. Cook as acting managing editor for the winter term.

It is not too late to enter the competition for assistant business manager of the *Phillipian*. More men should come out as the competition does not close until the end of the winter term. So far the *Phillipian* has not been as well supported in this line as it should be by a school of this size. All fellows who wish to become candidates for the position of assistant business manager should see J. E. Woolley at once.

Now that the Grill is under student management it is only fair to the fellows who have it in charge that everyone should cooperate with them in its regulation. Therefore it is the duty of everyone who expects to enjoy the privileges of the Phillips Union to buy one of the lapel buttons which are now on sale, and in addition, in every possible way help the committee in charge.

Hockey Men Out

Of the 42 men who have signed up for hockey, 18 are from the class of '13, 20 from '14, and 4 from '15.

Library Gift

Through the generous donation of Mr. Dan R. Hanna of Cleveland, Ohio, P. A. '88, the Library has recently received the *Life of his distinguished father, Marcus Alonzo Hanna*, written by Herbert Croly. This biography is an interesting contribution to the political history of the latter part of the nineteenth and the early part of the twentieth centuries. It will form a valuable and useful addition to the Library.

Piano Recital Today

This afternoon at five o'clock in the Chapel Mr. Pfatteicher will give a piano recital consisting of the following selections from compositions of Johann Sebastian Bach:

Gavotte from the 5th French Suite
Passepied from the 5th English Suite
Gavotte from the 6th English Suite
Bourree from the 2nd English Suite
Praeludium from the 1st Partita
Gavotte from the 3rd English Suite

Improvements at Grill

During vacation a great many changes have taken place in the Grill. In the first place a red tile floor has been put in. This is a big improvement as it adds wonderfully to the appearance and is much easier to keep clean than cement. Paneling, stained dark brown, about four feet high, has been put around the wall. A new stove has been installed in the kitchen. Over this stove is a large suction flue which will draw up the heat as well as the odor of the things cooking and will thus do away with the odor which used to circulate upstairs. There has also been a change in help, so that fellows need not complain of poor service.

In the reading room the long table which was in the middle of the room has been split into two tables. This will allow more chairs at the tables and also afford more room. Pictures will be hung in both the reading room and in the grill. Last but not least, curtains have been procured for the windows, both in the reading room and in the grill room proper.

Philo

The first meeting of Philo for the winter term will be held on Friday night at 7.15 o'clock, in Graves 3. The subject for debate is, "Resolved, That government ownership of the railroads would be beneficial to the United States." Affirmative: leader, Krueger; assistant, Appleton. Negative: leader, Brophy; assistant, Sloane.

The topics of the week will be given by Woodbridge. Wallace will render the select reading. Visitors are invited.

Gym Classes Begin

Gymnasium classes started yesterday afternoon. This year all fellows are required to take gym, who have not gotten their five A's. At present, men on the track squad and those who intend to take hockey, who have all their tests off, may substitute these sports. Later on, boxing, wrestling, and swimming may be substituted. The schedule of classes is as follows: Class A—Monday and Thursday at 12.15; Tuesday at 2.15. Class B—Tuesday and Friday at 12.15; Thursday at 2.15. Class C—Wednesday and Saturday at 12.15; Monday at 2.15. Class D—Tuesday, Thursday and Friday at 3.00. Class E—Monday and Thursday at 3.45; Friday at 2.15. Class F—Tuesday and Friday at 3.45; Monday at 3.00.
